Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Edminster, Hinshaw, Russ & Associates, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information described in Note C, which was certified or provided by Transamerica Life Insurance Company, the trustee, as of and for the year ending December 31, 2017, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

This page left blank intentionally.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements and supplementary schedules.

Other Matters—Report on Supplementary Information

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE A – Description of Plan

The following description of the Edminster, Hinshaw, Russ & Associates, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was adopted effective August 1, 2014 for the purpose of providing eligible employees of Edminster, Hinshaw, Russ & Associates, Inc. dba EHRA (the "Sponsor" or "EHRA") with retirement, disability and death benefits in accordance with the Plan. Upon adoption, the name of the Plan was Edminster, Hinshaw, Russ & Associates, Inc. 401(K) Profit Sharing Plan.

In August 2014 the Sponsor terminated it's 401(k) Plan and elected to become a Participating Employer in the Employer Flexible 401(k) Plan. Employer Flexible was a PEO that EHRA contracted with as co-employer of record, to utilize its payroll and benefits services. Under the Employer Flexible 401(k) Plan, EHRA was allowed to maintain its separate plan criteria. When EHRA ended its contract with Employer Flexible in December 2016, that automatically ended its ability to participate in the Employer Flexible 401(k) Plan. EHRA then contracted with Resourcing Edge under an ASO model, which meant that EHRA became the employer of record, which required EHRA to open their own 401(k) Plan at that time, effective January 1, 2017. Plan guidelines and criteria remained essentially the same. While payroll deductions were submitted under the new plan immediately, plan assets were not transitioned from Lincoln Financial to the new fund, TransAmerica, until April 2017.

The Plan is a defined contribution plan, covering all employees (except non-resident aliens and those covered under collective bargaining agreements), of Edminster, Hinshaw, Russ & Associates, Inc., age twenty-one or older. Eligible participants may enter the Plan after completing two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions.

Contributions – Qualified participants may elect to defer a percentage of their salary at each pay period. A participant's contribution may not exceed an amount determined by the Internal Revenue Service each calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investing of the contributions in any of the Plan's available investment options. Discretionary matching contributions may be made by the Company each plan year to each active participant in an amount determined by the Company. The matching Company contribution is invested at the participant's discretion. For the year ended December 31, 2017 the Company made discretionary matching contributions of $255,054 based on a matching formula of 100% of each eligible participant's contribution, up to a maximum contribution by the Company of 5%. Discretionary profit sharing contributions may be made by the Company each plan year to each active participant in an amount determined by the Company. For the year ended December 31, 2017 the Company did not make a discretionary profit sharing contribution.

NOTE A – Description of Plan - continued

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's contributions, and pro rata shares of the earnings of each fund in which the participant is invested.

Vesting – Participants are immediately vested in their voluntary contributions including rollover contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary matching and profit sharing contributions do not vest in the first year then vest 20% per year to become 100% vested after six years of service or 100% vested upon death or disability according to the plan.

Participant's Investment Options – Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator. The Plan offers a variety of mutual funds and allows for participants to contribute to a self directed brokerage account.

Payment of Benefits – Subsequent to termination of service, a participant may request to receive payment either in a lump sum amount equal to the value of his or her vested account balance or to continue in the Plan in such a manner as though the employee had not terminated employment, if the participant's account balance is greater than $1,000. If the participant's account balance is less than $1,000, the participant will either receive payment in a lump sum amount or the funds will be placed in an Individual Retirement Account (IRA) for the participant in an amount equal to the value of his or her vested account balance. In addition to benefit payments made due to termination of service, the Plan also allows for hardship distributions. In-service distributions are permitted from all fully-vested participant accounts for all participants who have attained age fifty nine and one-half.

Forfeited Accounts – Participants possess a completely vested interest in any contributions they make, and the earnings thereupon, to their personal benefit account, and build a vested interest in their employer match contributions and their earnings through years of service. Upon a participant's withdrawal from the Plan, the participant receives only that portion of the benefit account in which the participant is vested and forfeits any unvested portion.

Unclaimed benefits are treated as forfeitures as allowed by the Plan. The Plan stipulates that forfeitures shall first be used to reduce the employer contribution (if any). As of December 31, 2017 the forfeiture account had a balance of $32,904. There were no forfeitures used to reduce matching contributions during the year ending December 31, 2017.

NOTE B – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B – Summary of Significant Accounting Policies - continued

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note E for discussion of fair value measurements.

Notes Receivable from Participants – Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Participant loans are valued at their outstanding balances, which approximates fair value.

Benefit Payments – Benefits are recorded when paid.

New Accounting Standard - In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (ASU 2015-12). ASU 2015-12 Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. ASU 2015-12 Part II simplifies the investment disclosure requirements under existing U.S. GAAP, including eliminating the disclosure of (1) Individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. ASU 2015-12 Parts I and III do not apply to the Plan. The amendments in ASU 2015-13 applicable to the Plan are effective for the year ended December 31, 2016.

Recently Issued Accounting Standards – Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

NOTE C – Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Life Insurance Company (the trustee of the Plan).

NOTE D – Investment Contract with Transamerica Life Insurance Company

The Plan has a fully benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Since the investment contract is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

The terms of the investment contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfer to other investment choices within the plan.

NOTE E – Fair Value Measurements

FASB ASC Codification 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE E – Fair Value Measurements - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,262,844	$ -	$ -	$ 7,262,844
Investments at fair value	$ 7,262,844	$ -	$ -	$ 7,262,844

NOTE E – Tax Status

The Plan has not received a determination letter from the Internal Revenue Service (IRS) stating that the Plan is qualified under section 401(a) of the Internal Revenue Code. However, the Plan has adopted a qualified volume submitter plan that is qualified under section 401(a) of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE G – Transactions with Parties-In-Interest

Certain plan investments are managed by Transamerica Life Insurance Company ("Transamerica") as of and for the year ended December 31, 2017. Transamerica is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan incurs expenses related to general administration and recordkeeping. These expenses and certain accounting and auditing fees relating to the Plan are paid directly by the Company as the Plan Sponsor. If the Plan Sponsor does not elect to pay Plan related expenses from its own assets, the Plan permits the payment of Plan related expenses from Plan assets.

NOTE H – Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – Subsequent Events

Subsequent events have been evaluated through October 11, 2018, the date the financial statements were available to be issued. The Plan did not have any recognized or non-recognized subsequent events after December 31, 2017 that would require disclosure in the notes to the financial statements.
