NOTE 1 - DESCRIPTION OF PLAN

The following description of BST Consultants, Inc. 401(k) Plan (the Plan) provides general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of BST Consultants, Inc. (the Company). An employee is eligible to participate in the Plan on the first day of employment after attaining the age of twenty-one (21). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute any percentage of pretax annual compensation, as defined by the Plan. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of a participant's elective deferrals and the formula for the deferral will be determined each year. The Plan will match catch-up deferrals in the same manner as such matching applies to elective deferrals. There were $-0- and $134,856 in matching contributions for the years ended December 31, 2017 and 2016, respectively.

The Company may make a discretionary non-elective contribution which is dependent on the actual revenue of the Company being greater or equal to eighty (80) percent of the year-to-date budgeted revenue.

All employer contributions are invested in the same proportion as the employee contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the (a) employee's contribution, (b) an allocation of the Companies' additional contribution, and (c) Plan earnings. The Company's contributions are allocated pro rata using the same base that was used to determine the amount of the employees' contributions. Plan earnings are allocated based on the return of the specific investments held in the individual's account. Forfeitures attributable to matching contributions will be used to reduce the Company's matching contributions to the Plan and forfeitures attributable to non-elective contributions will be allocated as an additional discretionary non-elective contribution.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

A participant is entitled to the benefit that can be provided from the participant's vested account. Participants are always one hundred percent (100%) vested in their deferred salary contributions plus actual earnings thereon. For vesting purposes, a participant must complete at least one thousand (1,000) hours of service during a plan year to earn a year of service. The participants become one hundred percent (100%) vested after two (2) years of service.

The following is a schedule of the vesting percentages for employer contributions and matching:

Service Years	Percent Vested
Less than 2	0%
2	100%

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts are used to reduce the Company's contribution until such forfeitures have been exhausted. The forfeitures account, which consists of the unused balance of terminated participants' non-vested employer contributions, approximated $-0- and $-0- at December 31, 2017 and 2016, respectively.

Investment Options

The participants are able to direct the investments of their entire interest in the Plan. The plan administrator is responsible for communication of the investment choices available under the plan. Currently the investments are held in John Hancock's separate accounts where there are various investment options called sub-accounts which invest solely in shares of an underlying mutual fund.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000, or 50%, of the participant's vested account balance in the Plan. Loan transactions are treated as transfers between the Investment Fund and the Loan Fund. Loan terms range from 1-5 years, or up to 15 years for the purchase of a principal residence. The loan balance is collateralized by the balance of the participant's interest in the Plan and bears interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Participants can only have one outstanding loan at a time.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Participants who have attained age fifty-nine and a half (59 ½) or who are totally and permanently disabled or incur a proven financial hardship or upon attainment of the plan's normal retirement age may elect to withdraw money from the plan before termination of employment. A participant's vested benefits will be distributed as soon as practical after the participant's retirement, disability or death. Employees who terminate employment for other reasons may elect to receive the vested portion of their account at the time of termination. Participants are entitled to receive one hundred percent (100%) of their balance in the Plan upon normal retirement at age sixty-five (65), disability or on death. As of December 31, 2017 and 2016, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are stated at quoted market prices for traded securities and at estimated fair market values for investments for which published prices are not readily available as determined by John Hancock Life Insurance Company. Purchases and sales of securities are recorded on the trade dates. Gains and losses on investments sold and unrealized gains and losses on securities held are combined and recognized in the accompanying financial statements. Dividend income is recorded on the ex-dividend date. Income from investments is recorded as earned.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Loans are carried at their estimated collectible amounts. Interest income on loans is recognized using the interest method. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses

The Company has elected to pay certain administrative expenses of the Plan. Investment-related fees and expenses are netted against investment earnings.

NOTE 3 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE 4 - PLAN ADMINISTRATION

The Company paid for certain audit and ERISA Surety Bond expenses. Certain administrative functions are performed by employees of the Company. None of the employees receive any compensation from the Plan.

NOTE 5 - PLAN CERTIFICATION

The Plan Custodian holds the Plan's investments and executes all investment transactions. All investment information disclosed in the financial statements and supplemental schedule at December 31, 2017 and 2016 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.). The information certified includes total investments of $25,154,914 and participant loans of $356,690 at December 31, 2017 and related investment income of $3,367,663 and participants' loan interest of $16,744 at December 31, 2017.

NOTE 6 - INVESTMENTS

The following presents investments at December 31, 2017 and 2016 that represent five (5) percent or more of the Plan's net assets.

	2017	2016
Lifestyle Growth	$ 1,909,502	$ 1,909,502
Lifestyle Balanced	1,608,995	1,184,800
Money Market Fund	2,990,337	2,650,243
	$ 6,508,834	$ 5,744,545

* Represents less than 5% of Plan net assets available for benefits

NOTE 7 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of financial instruments is presented based upon a hierarchy of levels that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, mutual funds, cash and cash equivalents are based on the closing price reported on the active market where the individual securities are traded.

NOTE 7 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

The fixed account is not actively traded and significant other observable inputs are not available. Thus, the fair value of the fixed income account included in the financial statements is the contract value as reported to the plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The following table provides further details of the Level 3 fair value measurements. There were no transfers between levels for the year ended December 31, 2017.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated September 9, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator has adopted all Plan provisions within the prototype document and believes the Plan, as currently amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2017, the Plan had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

The following is a reconciliation of contributions per the financial statements to the Plan's IRS Schedule H of Form 5500, as of December 31, 2017:

	2017

Add: participants' contributions receivable at December 31, 2016	28,503
Less: participants' contributions receivable at December 31, 2017	(56,961)
Total participants' contributions per Form 5500	$ 1,406,577

NOTE 11 - SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2017, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is October 10, 2018, which is the date on which the financial statements were available to be issued.
