Independent Auditor's Report

The Trustee
Team Benefit Savings Plan for Street Toyota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Team Benefit Savings Plan for Street Toyota (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan as agent for the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TEAM BENEFIT SAVINGS PLAN FOR STREET TOYOTA

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

1. Description of plan

The following description of the Team Benefit Savings Plan (the "Plan") for Street Toyota (the "Company") provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a profit sharing and salary deferral (401(k)) defined contribution plan covering all employees of the Company who are age 21 or older who have completed one year of service, except union employees, nonresident aliens, and leased employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Company, at its sole discretion, may contribute to the Plan each year an amount which it deems advisable. Participants may contribute up to 100% of their annual compensation subject to certain limitations of the Internal Revenue Code. For the years ended December 31, 2017 and 2016, the Company has elected to make an employer matching contribution equal to 10% of employee deferrals up to 6% of gross compensation.

Employees who become participants and do not affirmatively elect to have a specified amount of compensation contributed to the Plan automatically have 1% of their compensation deferred as contributions to the Plan. This arrangement applies to new and existing participants. There is no escalation of the automatic 1% compensation deferral.

Participant accounts - Each participant's account is credited with the participant's contributions and an allocation of (1) the Company's contributions, and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of plan (cont'd)

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of service increasing 20% per year until 100% vested after six years of credited service.

Investment options - All investments are self-directed. A participant may direct contributions to any of 171 mutual funds offered within the Plan. The investment options that held participant balances and were available during 2017 and 2016 are listed in Note 3.

Participants may change their investment options as frequently as the first day of each Plan quarter.

Payment of benefits - On termination of service, a participant may elect to begin distributions from his or her account in amounts less than or equal to the vested value. The participant is not required to immediately withdraw or rollover his or her vested value upon termination. Hardship distributions are not permitted. Furthermore, in-service distributions are permitted if the participant has reached the qualifying age of 59 1/2, the participant has been in the Plan for at least five years, or the amounts being distributed have accumulated in the Plan for at least two years.

Any vested balance of $5,000 or less left in the Plan by a participant after termination of service will be automatically distributed to the participant in a single lump-sum payment. Balances that are greater than $5,000 will remain in the Plan until directed otherwise by the participant.

1. Description of plan (cont'd)

Forfeitures - Forfeitures of the non-vested balance of participants' accounts first reduce administrative expenses and may then reduce employer contributions to the Plan. The amount of forfeitures totaled $3,345 and $1,903 for the years ended December 31, 2017 and 2016, respectively, all of which were applied to administrative expenses.

Participant loans - Participants may borrow from their fund accounts. The minimum loan amount is $1,000. The maximum loan amount is equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the related participant's account and bear interest at 1% over the prime interest rate. Principal and interest are paid ratably through payroll deductions or by check if prepaying.

2. Summary of accounting policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at their quoted market prices. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Administrative expenses - Most administrative expenses of the Plan are paid by the Plan's trust fund. However, the Company may pay such expenses at the Company's discretion.

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Tax status

The Plan is covered by a Volume Submitter Prototype Document which received a letter from the Internal Revenue Service dated March 31, 2014, in which it stated that the Plan, as then designed, was in compliance with the applicable requirement of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Transaction with parties in interest

Certain Plan investments are shares of mutual funds managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were netted against investment returns. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

8. Fair value measurements

Cash and receivables (except participant loans receivable) - The carrying amount approximates fair value because of their short maturities or due dates.

Investments

The fair value of investments are based on quoted market prices for those of similar investments.

The framework for measuring fair value produces a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

8. Fair value measurements (cont'd)

Investments (cont'd)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- quoted inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Participant-directed mutual funds	$4,117,209	$ -	$ -	$4,117,209
Participant loans	-	-	179,459	179,459
	$4,117,209	$ -	$179,459	$4,296,668

	2016			
	Level 1	Level 2	Level 3	Total
Participant-directed mutual funds	$3,179,518	$ -	$ -	$3,179,518
Participant loans	-	-	131,379	131,379
	$3,179,518	$ -	$131,379	$3,310,897

8. Fair value measurements (cont'd)

Investments (cont'd)

The following schedule reconciles the beginning and ending balances of level 3 investments:

	Participant loans	
	2017	2016
Beginning balance	$131,379	$ 89,844
Loan withdrawals	110,090	106,306
Interest on loans	7,133	5,833
Repayments and benefit payments	(60,712)	(62,615)
Defaults and other changes	(8,431)	(7,989)
Ending balance	$179,459	$131,379

Following is a description of the valuation methodologies used for the level 3 assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

The fair value of participant loans receivable is based on amortized cost, which represents beginning balance, plus loan withdrawals and interest, less repayments and defaults.
