NOTE A - DESCRIPTION OF PLAN

Effective November 28, 2016, the name of the Plan was changed from Metal Technology Solutions, Inc. Profit Sharing/401(k) Plan and Trust to Star Manufacturing, LLC Profit Sharing/401(k) Plan and Trust. Also effective November 28, 2016, the name of the Plan sponsor was changed from Metal Technology Solutions, Inc. to Star Manufacturing, LLC (the Company).

The following description of Star Manufacturing, LLC Profit Sharing/401(k) Plan and Trust formerly known as Metal Technology Solutions, Inc. Profit Sharing/401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined-contribution plan with a 401(k) provision covering employees of Star Manufacturing, LLC, formerly Steel Forming, Inc. (dba Commercial Metal Forming, Inc.), former employees of Metal Technology Solutions, Inc. and former employees of Eclipse Manufacturing Co. who are covered by a collective bargaining unit that has bargained for participation in the Plan. Eligible employees may make salary deferrals into the Plan on the first day of the second payroll period after the hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Under the Plan's provisions, each participant may contribute an amount up to the elective deferral dollar limit and the Section 415 limitation of the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled unless they elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% or 2%, as defined by the Plan, of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant to any of the available investment options. The Company may contribute discretionary matching and/or profit-sharing contributions at the discretion of the Board of Directors. The Company may also make a safe harbor nonelective contribution to the eligible employee classifications, as determined by the Board of Directors for the related Plan year. During 2016, the Board of Directors agreed to contribute a rate per hour for two groups of collectively bargained employees, in accordance with collective bargaining agreements. There were no other contributions authorized or paid in 2017 or 2016. Participants may change their investment options at their discretion. All of the balances in the Plan represent participant-directed investments.

Participant accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the appropriate employer contribution and (b) Plan earnings (losses), as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Participants are immediately vested in all contributions and earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. In addition, each participant is limited to two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1% (5.5% and 4.75% at December 31, 2017 and 2016, respectively), as defined in accordance with the Plan's loan policy at the time of the loans.

Payment of benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments or a single or joint life annuity.

Forfeited accounts - Generally, forfeitures are a result of the Plan Administrator being unable to locate a participant when it is time to distribute the benefit payment. Forfeitures can be utilized to reduce future employer contributions or pay Plan expenses. If the participant later requests payment, the account will be reinstated. However, the participant will not receive investment returns from the forfeiture date to the reinstatement date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates and subsequent events - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. In preparing the financial statements, including estimates and disclosures, management has considered the effects of subsequent events through October 15, 2018—the date the financial statements were available to be issued.

Investment valuation and income recognition - Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See NOTE C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are reclassified as distributions based upon the terms set forth in the Plan document.

Payment of benefits - Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of significant observable inputs other than quoted prices for identical assets.
- Level 3 inputs consist of significant unobservable inputs that are not corroborated by market data and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were used or available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

The following schedules present the Plan's investments that are reported at fair value on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016:

		FAIR VALUE MEASUREMENTS USING:		
	DECEMBER 31, 2017 FAIR VALUE	**QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL 1)**	**SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)**	**SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)**
Mutual funds	**$ 6,714,154**	**$ 6,714,154**	**$ 0**	**$ 0**

		FAIR VALUE MEASUREMENTS USING:		
	DECEMBER 31, 2016 FAIR VALUE	QUOTED PRICES IN ACTIVE MARKETS FOR IDENTICAL ASSETS (LEVEL 1)	SIGNIFICANT OTHER OBSERVABLE INPUTS (LEVEL 2)	SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)
Mutual funds	$ 5,610,777	$ 5,610,777	$ 0	$ 0

NOTE D - INVESTMENTS

Unaudited information certified by the Plan trustee - Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016; the related investment activity reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016; and the information reflected on the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2017.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH MASS MUTUAL U.S. (MMUS)

The Plan has entered into a fully benefit-responsive contract with MMUS. MMUS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MMUS, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact with the issuer at contract value. Such events include, but may not be limited to, a participant termination of employment due to (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business. Such events also include (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

In addition, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

NOTE F - CONTRIBUTIONS RECEIVABLE

Contributions receivable totaled $23,169 at December 31, 2016, which represented the employee contributions withheld plus the employer-matching contributions from the last pay in December 2016. The contributions were received and credited by the Plan in January 2017. There were no contributions receivable at December 31, 2017.

NOTE G - ADMINISTRATION OF PLAN ASSETS, EXPENSES AND RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company (Mass Mutual), the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of assets on the accompanying statements of changes in net assets available for benefits.

Mass Mutual provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Mass Mutual. Mass Mutual receives revenue from mutual fund service providers for services Mass Mutual provides to the funds. This revenue is used to offset certain amounts owed to Mass Mutual for its administrative services to the Plan.

If the revenue received by Mass Mutual from such mutual fund service providers exceeds the amount owed under the MSA, Mass Mutual remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017 and 2016, there were no excess amounts. The Plan or the Company may make a payment to Mass Mutual for administrative expenses not covered by revenue sharing. Star Manufacturing, LLC provides to the Plan certain accounting and administrative services for which no fees are charged. Loan, distribution and certain other fees are paid by the respective participants.

NOTE H - TAX STATUS

The Internal Revenue Service had determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable provisions of the IRC and, therefore, the Plan is qualified and the related trust is tax exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the accompanying statements of net assets available for benefits.
