INDEPENDENT AUDITORS' REPORT

To the P&W Quality Machine, Inc. 401(k) Plan Trustee
and Participants

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of P&W Quality Machine, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U. S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company and John Hancock Life Insurance Company, the custodians of the Plan, as of December 31, 2017, except for comparing the information with the related information included in the 2017 financial statements and the 2017 supplemental schedule. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodians as of December 31, 2017, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

We have compiled the accompanying statement of net assets available for benefits of P&W Quality Machine, Inc. 401(k) Plan as of December 31, 2016. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

We were engaged for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) for the year ended December 31, 2017, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE A – DESCRIPTION OF PLAN

The following description of the P&W Quality Machine, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of P&W Quality Machine, Inc. (the "Company") who have at least one year and 1,000 hours of service and are age 21 or older at a Plan entry date. The Plan entry dates are the first day of the Plan year or the first day of the seventh month of the Plan year. The Plan year begins on January 1.

The Plan was formally adopted January 1, 2000, and was effective as of that date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was amended and restated effective January 1, 2017, to adopt The Retirement Advantage, Inc. Defined Contribution Volume Submitter 401(k) Profit Sharing Plan and Trust.

James M. Parnell is the Trustee of the Plan. The Trustee appointed John Hancock Life Insurance Company as contract administrator and custodian of the Plan in 2017. Great West Life Insurance Company served as the contract administrator and custodian of the Plan through November 2017.

The financial statements were approved for issue on October 3, 2018, which is the date the financial statements are available to be issued.

Contributions

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. Each year employees can elect to contribute to the Plan up to 100% of compensation. The term "compensation" for calculation of deferral shall be total pay excluding fringe benefits. The maximum contributions allowed by the Internal Revenue Service were $18,000 for 2017. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants may elect to irrevocably designate all or a portion of their salary deferral as a Roth 401(k) contribution. These contributions are included in the participant's gross income at the time deferred.

NOTE A – DESCRIPTION OF PLAN

Participating employees are eligible to make catch-up contributions under the Plan provided the participating employees have attained or will attain the age of 50 before the close of the year. The amount of catch-up contributions allowed by the Internal Revenue Service was $6,000 for 2017. The catch-up contributions are included in calculating the matching contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer 401(k) contributions are determined on an annual basis by the Board of Directors of the Company and are at the discretion of the Board of Directors within the limits imposed by the Plan documents and the applicable Internal Revenue Code sections. For 2017 and 2016, the Company made a matching contribution of 100% of the first 3 percent of compensation that a participant contributes to the Plan. The matching Company contribution is invested as directed by the participant.

Participant accounts

Each participant's account is credited with the participant's 401(k) contribution, if any, and an allocation of (a) the Company's contribution, (b) investment experience on those amounts, and (c) forfeitures of terminated participants' nonvested amounts. Allocations are based on participants' compensation or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the participants' accounts is based on years of service and the type of contribution made to the account. A participant is 100% vested immediately on participant 401(k) and/or rollover contributions. A participant is 100% vested after five years of credited service on employer 401(k) matching contributions.

The vesting schedule is as follows:

Years of Service	Vesting %
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE A – DESCRIPTION OF PLAN

Notes receivable from participants

The Plan allows participants to borrow fifty percent, up to $50,000, of their vested account balance from the Plan at any time; however, only one new loan is allowed per year, and a participant can have no more than one loan outstanding at any given time. The rate of interest is determined as the prime rate plus 1% on the date of the loan. The maximum term of any loan is five years, or fifteen years if the loan is to acquire a primary residence. Loan payments are made through a payroll check deduction. Principal and interest is paid ratably through payroll deductions. The notes are secured by the participant's vested interest in the Plan.

Payment of benefits

Distributions of participants' account balances occur only upon retirement, death, hardship, in-service distribution or other termination of employment. A participant or participant's beneficiary may receive a lump sum distribution or installments sufficient to satisfy required minimum distributions upon attainment of age 70 ½. Mandatory distributions will be made immediately following severance from employment for participant's with a vested balance less than $5,000.

Investing options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the mutual fund investment options listed in Note C. Participants may change their investment options at any time.

Forfeitures

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $5,123 and $6,146, respectively. These accounts will be used to reduce future employer contributions. The 2017 and 2016 employer contributions were reduced by $5,079 and $6,146 from forfeited nonvested accounts.

Funding policy

It is the policy of the Plan sponsor to remit the employee contributions as soon as administratively possible, but no later than 3 business days after the date of payroll. The employer contribution is made annually within nine months of the Plan's year end.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of P&W Quality Machine, Inc. (Company) 401(k) Plan (Plan) is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting except that the benefit distributions are recorded when paid.

The Plan's investments are stated at fair value except for fully benefit-responsive investment contracts (Note E). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value per unit/share is stated at quoted market prices as determined by Great West Life Insurance Company at December 31, 2017 and 2016.

The fair value per unit/share is stated at quoted market prices as determined by John Hancock Life Insurance Company at December 31, 2017, and by Great-West Life Insurance Company as of December 31, 2016. Purchases and sales of securities are recorded on a trade-date basis.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Benefit payments

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

Change in method of accounting for investments

In July 2015, FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient Contracts with Customers ("ASU 2015-12"), to reduce complexity in employee benefit plan accounting. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. The amendments in Part I are effective for fiscal years beginning after December 15, 2015.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Part II will eliminate disclosure requirements for investments that represent 5 percent or more of net assets for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate but will no longer be required to be disaggregated and disclosed by general type. The amendments in Part II are effective for fiscal years beginning after December 15, 2015. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's year end. The Plan implemented Parts I and II of ASU 2015-12 for the year ended December 31, 2016, on a retrospective basis. Part III is not applicable to the Plan.

NOTE C – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices that are included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset of liability.

Level 3 Inputs which are unobservable inputs for the asset or liability.

NOTE D – FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds – Prices/unit values for mutual fund investment options are calculated daily by the provider.

Stable value collective trust fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,045,696	$ -	$ -	$ 4,045,696
Total assets in the fair value hierarchy	4,045,696	-	-	4,045,696
Investments measured at net asset value (a)	-	-	-	143,647
Investments at fair value	$ 4,045,696	$ -	$ -	$ 4,189,343

NOTE D – FAIR VALUE MEASUREMENTS

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,518,764	$ -	$ -	$ 3,518,764
Total assets in the fair value hierarchy	3,518,764	-	-	3,518,764
Investments measured at net asset value (a)	-	-	-	127,732
Investments at fair value	$ 3,518,764	$ -	$ -	$ 3,646,496

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statement of net assets available for benefits.

Transfers between levels

For years ended December 31, 2017 and 2016, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Gains and losses included in the statement of changes in net assets available for benefits for the year ended December 31, 2017, are reported in net appreciation in fair value of investments.

NOTE E –BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West). The net asset value is used as a practical expedient to estimate fair value.

NOTE E – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on an annual basis for resetting. The average yield and crediting interest rates were approximately 1.16% and 1.10% for 2017 and 2016, respectively. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options, bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE F – DERIVATIVES

The Plan has no instruments that, in whole or part, are accounted for as a derivative instrument under current authoritative literature, *Accounting for Derivative Instruments and Hedging Activities,* during the current plan year.

NOTE G – SEPARATED PARTICIPANTS WITH VESTED BENEFITS

There were no terminated participants with vested benefits as of December 31, 2017. There was 1 terminated participant with vested benefits of $78 as of December 31, 2016.

NOTE H – DETERMINATION LETTER

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2014, that the form of the Prototype Plan is qualified under the appropriate sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

NOTE I – RELATED-PARTY TRANSACTIONS

Great-West Life & Annuity Insurance Company, was the custodian of the Plan through November 2017. Certain mutual funds offered as investment options under the Plan are managed by Great-West Life and Annuity Insurance Company. These transactions are exempt party-in-interest transactions.

John Hancock Life Insurance Company, is the custodian of the Plan effective November 2017. Certain mutual funds offered as investment options under the Plan are managed by John Hancock Life Insurance Company. These transactions are exempt party-in-interest transactions.

Empower Retirement Advisory Services provided investment advisory services to the Plan for the year ended December 31, 2017. For the years ended December 31, 2017 and 2016, the direct compensation paid by the Plan to Empower Retirement Advisory Services was $666 and $449, respectively. These transactions are exempt party-in-interest transactions.

NOTE I – RELATED-PARTY TRANSACTIONS

LPL Financial LLC provided investment brokerage and advisory services to the Plan for the years ended December 31, 2017 and 2016. For the years ended December 31, 2017 and 2016, Great-West Life and Annuity Insurance Company paid $9,445 and $8,543, respectively, in commissions to LPL Financial LLC. These transactions are exempt party-in-interest transactions.

During the year ended December 31, 2017, the Plan paid John Hancock USA $58 for recordkeeping and information management. During the years ended December 31, 2017 and 2016, respectively, the Plan paid America's 401k Inc. direct compensation of $925 and $1,375 for contract administration fees. During the years ended December 31, 2017 and 2016, Great-West Life & Annuity Insurance Company paid $3,217 and $3,552 in commissions to America's 401k, Inc. These transactions are exempt party-in-interest transactions.

During the years ended December 31, 2017 and 2016, the Plan paid Great-West Life & Annuity Insurance Company direct compensation of $1,775 and $1,862 for recordkeeping services. These transactions are exempt party-in-interest transactions.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

The Plan allows for participant loans. These loans qualify as party-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017, to Form 5500:

Net assets available for benefits per the financial statements	$ 4,450,429
Accrued contribution receivables not recorded on Form 5500	(60,477)
Adjustment of common/collective trust to contract value	7,360
Net assets available for benefits per the Form 5500	$ 4,397,312

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2017, to Form 5500:

Change in net assets available for benefits per the financial statements	$ 555,429
Employer contributions not recorded on Form 5500	(60,477)
Adjustment of common/collective trust to contract value	7,360
Difference in unrealized gain, net of investment expenses	368
Net assets available for plan benefits per the Form 5500	$ 502,680

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE L – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE M – INCOME TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE N – FIDELITY BOND

ERISA requires a fidelity bond at the beginning of each plan year in the amount of 10% of the assets of the Plan but must not be less than $1,000 and need not be greater than $500,000. The Plan has a fidelity bond in the amount of $1,000,000 as of December 31, 2017.

NOTE O – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 3, 2018, the date the financial statements were available to be issued.

Effective January 1, 2018, the Plan adopted the basic safe harbor rules. Safe harbor rules require the Company to make a matching contribution equal to 100% match on the first 3% of participant salary deferrals plus a 50% match on deferrals between 3% to 5%. The safe harbor matching contribution is immediately 100% vested to the participant.

The Company remitted the employer contribution for 2017 in September 2018 in the amount of $60,477.
