Independent Auditor's Report

Board of Directors
Moran Transportation Corporation
401(k) Profit Sharing Plan
Elk Grove Village, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Moran Transportation Corporation 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Assets Held for Investment Purposes at Year End as of December 31, 2017, and Reportable Transactions and Investment Assets Both Acquired and Disposed of Within the Plan Year for the year ended December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MORAN TRANSPORTATION CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 and 2016

1). Description of Plan

The following description of the Moran Transportation, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a). General:

The Plan was adopted effective January 1, 1992, and is a defined contribution plan covering all full-time employees of the Companies. The Company sponsoring the Plan is Moran Transportation Corporation. Employees of Moran Distribution Centers, Inc. are eligible to participate as an affiliate and are collectively referred to as the "Companies". Full-time employees become eligible to participate in the Plan on the day of hire or as soon as they reach 21 years of age. For all other employees, they are eligible to participate after attainment of age 21 and completion of twelve months of service during which the employee works 1,000 or more hours. After meeting the eligibility requirement, the employee can enter the Plan at a semi-annual entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be a Plan described in Section 404(c) of that Act.

The Plan was amended and restated effective 1/1/2016 to comply with the 2006 Pension Protection Act.

The Plan issued three amendments during the 2017 year:

- Effective 1/1/2017 the Plan was amended to permit Plan distributions due to termination of employment (other than death) to be made as soon as practicable following the participant's termination of employment.
- Effective 3/1/2017 Hintz Trucking, Inc became an adopting affiliate allowing its employees to participate in the Plan. This amendment also counts, for purposes of vesting and eligibility to participate, Hintz participants' service with Hintz Trucking, Inc. prior to the date that Hintz Trucking, Inc. was acquired.
- The Plan was amended to clarify the intent of the Company that the Plan Sponsor is a member of a controlled group. The other members of that controlled group are Moran Distribution Centers, Inc. and Hintz Trucking, Inc.

b). Contributions:

The total employee contribution shall not exceed the lesser of either 100% of the total participant compensation or the deferral limit of $18,000 for 2017 and $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions of up to $6,000 for both 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company may, at its discretion, contribute a salary reduction match of the participant salary reduction. Also, the Company may annually contribute a discretionary profit sharing matching contribution to the participants who have made voluntary contributions and are employed on the last day of the Plan year.

1). Description of Plan (continued)

c). Participants' Accounts:
Each participant's account is credited with the participant's contribution, their qualified rollover amounts into the Plan, and allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

d). Forfeitures:
At December 31, 2017 and 2016 forfeited nonvested accounts totaled $54,247 and $56,435 respectively. These accounts are used to restore forfeitures, pay Plan expenses, reduce future employer contributions or reallocate as employer contributions. During the years ended December 31, 2017 and 2016, employer contributions were reduced by $ -0- and $ -0- from forfeited nonvested accounts.

e). Vesting:
Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service or upon termination due to death or disability while an employee.

f). Investment Options:
Upon enrollment in the Plan, a participant may direct their employee and employer contributions into any of the investment options administered by the Plan.

g). Payment of Benefits:
On termination of service, a participant may elect to receive a lump-sum amount equal to the value of his or her account. In-service withdrawals are allowed from fully vested accounts for participants at least 59 1/2 years of age. Hardship withdrawals are allowed for participants from their elective deferral account only in an amount of at least $1,000.

h). Participants' Loans:
Loans are not allowed under the Plan

2). Summary of Significant Accounting Policies

a). Basis of Presentation:
The accompanying financial statements are prepared on an accrual basis of accounting in accordance with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not have any investments determined to be fully benefit-responsive.

2). Summary of Significant Accounting Policies (continued)

b). Investment Valuation and Income Recognition:
Investments in group funds are recorded at their fair market value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investments and changes therein of the trust fund have been reported to the Plan by John Hancock Life Insurance Company (U.S.A.) as having been determined through the use of fair values for all assets of the trust fund. (See Exhibit I). See note 11 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

c). Use of Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and contingent assets and liabilities at the date of the financial statements and the amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

d). Disclosure of Evaluation of Subsequent Events:
In accordance with ASC Topic 855, Subsequent Events, the Plan evaluated subsequent events through the report date, the date these financial statements were issued.

The Plan Sponsor signed a Director's Action to terminate the Plan, effective 5/18/2018. All discussions and the decision to terminate the plan originated after 12/31/2017 and termination was not imminent on that date. Therefore, no liquidation accounting is present in these financial statements. Refer to "Plan Termination" below for more information.

e). Excess Contributions Payable:
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan had excess contributions to distribute to participants for 2017 and 2016 of $28,587 and $20,713.

3). Tax Status of the Plan

The Company received a favorable determination letter from the Internal Revenue Service qualifying the Plan under the provisions stated in Section 401(a) of the Internal Revenue Code and for exemption of income taxes on the earnings of the trust fund under Section 501(a) of the Internal Revenue Code. The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; there are currently no audits for any tax periods in progress.

3). Tax Status of the Plan (continued)

The Plan's TPA has confirmed that the Plan is up-to-date and has implemented all required changes to the Plan as of December 31, 2017.

4). Plan Termination

In January 2018, the Plan sponsor passed a resolution to close the plan. Contributions to the Plan ceased with the 5/15/2018 payroll. All participants immediately became 100% vested in their accounts and the accounts were fully distributed to the participants and the Plan terminated July 6, 2018.

5). Trustee and Investment Manager

Under the terms of the trust agreement Michael D. Moran is trustee. The investment advisor and investments are selected by the trustee and may change from time to time. The custodian is John Hancock Life Insurance Company (U.S.A.). With regard to the 401(k), investment activities are at the discretion of the participants based upon those investments made available under the Plan.

6.) Administrative Costs

The Company absorbs a significant amount of the costs associated with the Plan. Forfeitures may be used to pay these costs. The amount of forfeitures used to pay Plan expenses were $-0- in 2017 and $ -0- in 2016.

7). Transactions Required to be Reported

ERISA requires that transactions or aggregates of transactions with respect to a security wherein the amount of the transaction or aggregate of transactions exceeds 5% of the fair value of plan assets at the beginning of the plan year be separately disclosed. Such transactions are shown in Exhibit III. For the years ended 2017 and 2016, all transactions were participant driven so nothing is required to be reported.

8). Information Certified by Custodian

In accordance with Department of Labor rules and regulations for reporting and disclosures under ERISA (Section 2520.103-8), the audit and report of independent auditors need not extend to the statement of information prepared and certified by a bank, insurance carrier or similar institution. John Hancock Life Insurance Company (U.S.A.) has certified such information as being correct, and the Plan's administrator has elected to use this information without audit.

Benefit payments/corrective distributions per 5500	$ 171,998	$ 76,713

11). Fair Value Measurements

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in prior period fair value hierarchy presentations previously titled Common/Collective Trust and reported under Level 2 changed to the title of "Investments measured at net asset value per share" and only reported in total since they are no longer required to be reported under Levels 1, 2 or 3.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Part II. Accordingly, the amendments were retrospectively applied resulting in no changes to prior year reporting. Parts I and III are not applicable to this Plan.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below.

Basis of Fair Value Measurement:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

11). Fair Value Measurements (continued)

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly such as:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 – Prices or valuations that require unobservable inputs for the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

1. Fixed Annuities (Guaranteed Account) - Guaranteed accounts are an investment option offered under the group annuity contract and contributions are held in the John Hancock general account. The accounts guarantee the return of principal plus compound interest earned over a defined 3-, 5-, or 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guaranteed period. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account in that month, the "new money" regular rate. Rates are published daily.

2. Variable Annuities - Prices/unit values for Variable Annuity investment options are calculated daily by the annuity provider according to the methods described in the annuity contract.

As of December 31, 2017, the Plan's investments measured at fair value on a recurring basis were as follows:

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	2,195,705	-	-	2,195,705
Guaranteed Accounts	99	-	-	99
Total Investments	2,195,804	-	-	2,195,804

11). Fair Value Measurements (continued)

Total Level 3 assets were 0.0% of total "Net Assets Available for Benefits" on the Plan's statements of net assets available for plan benefits at fair value as of December 31, 2017.

12). Fully Benefit-Responsive Investment Contracts:
The Plan does not directly hold any fully benefit-responsive investment contracts.

13). Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
