NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Scheid Vineyards California Inc. 401(k) Plan (the "Plan") is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that was established effective September 1, 1995 by Scheid Vineyards California Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The participants may contribute, by voluntary payroll deductions, up to the maximum allowed by Section 402(g), 415 and 401(k) of the Internal Revenue Code. The Plan also allows eligible participants to rollover amounts representing distributions from other qualified retirement plans.

The Company may make a matching contribution equal to a discretionary percentage, to be determined by the Company each year, of the participants' salary reduction. For the year ended December 31, 2017, the Company matched up to 3% of compensation that was deferred by participants.

The Company may also make a discretionary profit sharing contribution to be determined by the Company. For the Plan year ended December 31, 2017, the Company made no profit sharing contribution.

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contributions by payroll deduction, (2) the participant's portion of employer contributions, (3) an allocation of Plan earnings, (4) any loans made to or repaid by the participant, and (5) an allocation of Plan expenses.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	33.33%
2	66.66%
3	100%

If a participant dies or becomes disabled while still employed, they become 100% vested in the amount contributed by the employer.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits – Upon termination of service for any reason, a participant's vested account balance is generally distributed in a single lump-sum payment. Withdrawals of participant's accounts during the participant's employment are limited to financial requirements meeting the hardship requirements of the Plan or through borrowings under the loan provisions of the Plan.

Participant Investment Options – Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation several times during the year.

Notes Receivable from Participants – Loans are available to all participants as described in the Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence, which can be repaid over a longer period. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent. For the year ended December 31, 2017, interest rates ranged from 5.25% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Forfeitures – When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures attributable to employer contributions shall be used to pay Plan administrative expenses or to reduce the employer's contribution for the plan year in which such forfeitures occur. At December 31, 2017, forfeited nonvested accounts totaled $2,083. Amounts used to pay Plan administrative expenses for the year ended December 31, 2017 were $6,713. For the year ended December 31, 2017, the employer did not utilize any forfeitures to reduce the employer's contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting, which is in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expense during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Expenses to administer the Plan, if not paid by the sponsor, may be paid by the Plan, and certain fees are allocated to the individual participant accounts.

Subsequent Events – The Plan Administrator has evaluated subsequent events through October 12, 2018, the date the financial statements were available to be issued.

NOTE 3. CERTIFIED INFORMATION

The Plan funds are held by John Hancock Life Insurance Company and U.S. Bank, N.A., the Plan custodians. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and interest, dividends, and net appreciation of fair value of investments for the year then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan custodians.

The following table is a summary of the Plan's asset information as certified by the Plan custodians at December 31.

	2017 (Audited)	2016 (Compiled)
Investments at fair value:		
Pooled separate accounts	$ 11,309,680	$ 8,741,266
Guaranteed interest accounts	103,876	72,140
Self-directed brokerage accounts	900,317	655,101
Total certified investments	$ 12,313,873	$ 9,468,507

The Plan custodians also certified to the completeness and accuracy of $1,813,563 of net appreciation in fair value of investments and $700 of interest income related to the aforementioned investments for the year ended December 31, 2017.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at fair value based on the Net Asset Value (NAV) of the underlying funds.

Guaranteed interest accounts: Valued at fair value by adjusting book value based on the difference in the interest rates in effect to the rates on which actual interest is determined.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2017 (Audited)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$11,309,680	$ –	$ –	$11,309,680
Guaranteed interest accounts	103,876	–	–	103,876
Self-directed brokerage accounts	900,317	–	–	900,317
Total assets at fair value	$12,313,873	$ –	$ –	$12,313,873

	Assets at Fair Value as of December 31, 2016 (Compiled)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 8,741,266	$ –	$ –	$ 8,741,266
Guaranteed interest accounts	72,140	–	–	72,140
Self-directed brokerage accounts	655,101	–	–	655,101
Total assets at fair value	$ 9,468,507	$ –	$ –	$ 9,468,507

NOTE 5. RELATED PARTY TRANSACTIONS

During the year ended December 31, 2017, Plan investments were invested in funds held by John Hancock Life Insurance Company and U.S. Bank, N.A., the Plan custodians, as described by the Plan and Ascensus, Inc., the Third Party Administrator, and therefore, certain transactions qualify as party-in-interest transactions. Fees paid by the Plan to parties-in-interest for investment services amount to $44,955 for the year ended December 31, 2017.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed Plan management by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that a change in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9. RECONCILIATION OF FORM 5500 TO FINANCIAL STATEMENTS

Variations in the timing of the recognition of certain transactions affecting the Plan has resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	2017
Net assets available for benefits:	
Per Form 5500	$ 12,547,770
