INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Peacock Engineering Company, LLC 401(k) Profit Sharing Plan & Trust

We were engaged to audit the financial statements and supplemental schedules of Peacock Engineering Company, LLC 401(k) Profit Sharing Plan & Trust as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Trust Company, FSB, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that Nationwide Trust Company, FSB holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2008, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PEACOCK ENGINEERING COMPANY 401(k) PROFIT SHARING PLAN & TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

General. Peacock Engineering Company, LLC (the "Company" or "Employer") established the Peacock Engineering Company, LLC 401(k) Profit Sharing Plan & Trust effective January 1, 2007. The following description of the Peacock Engineering Company, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan is a defined contribution plan, with a 401(k) provision covering all full-time employees of the Company, except employees covered by a collective bargaining agreement, who are at least 21 years old and have sixty consecutive days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Nationwide Trust Company, FSB ("Nationwide" or the "Trustee") is the trustee of the Plan.

Contributions and Vesting. Participants may elect to defer a portion of eligible annual pretax compensation subject to maximum amounts established by the Internal Revenue Code. The Company elected to provide a safe harbor match in which the participants are 100% vested. The safe harbor match is equal to 100% of the participant's salary reduction up to 3% of their compensation, plus 50% of the salary reduction from 3% to 5%. The Company may also elect to make a non-safe harbor contribution. Participants' contribution elections may be changed at any time with notice to the Plan administrator. Employees are always 100% vested in their elective deferrals. The Employer non-safe harbor matching contributions vest 20% after two years of service, increasing ratably up to 100% after six years of service. The Company did not elect to make a non-safe harbor contribution for the year ended December 31, 2009. Participants will also vest 100% in Employer contributions upon reaching normal retirement age, which is defined as age 65, the participant dies or incurs a disability, and upon complete or partial termination of the Plan.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocation of the Employer contributions, if any. Plan earnings or losses are allocated to participant accounts based on their proportionate share of identified fund balances and other Plan assets. See Note 2.

Investment Options. Participants may direct their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to Plan provisions.

Participant Loans. Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance in the previous twelve months, or 50% of the vested interest in the account. Loan terms shall not exceed five years unless used to purchase a primary residence. Payments are to be made not less frequently than quarterly. The loans are secured with up to 50% interest in the vested portion of the account balance and bear a reasonable rate of interest as determined by the plan administrator.

Forfeitures. Forfeitures shall be applied to offset administrative expenses of the Plan. If forfeitures exceed these expenses, the forfeitures shall be applied to reduce Company contributions for the plan year. There were $-0- and $2,416 forfeitures for the years ended December 31, 2009 and 2008, respectively.

Party-In-Interest Transactions. All administrative expenses, net of forfeitures, pertaining to the operation of the Plan are paid by the Company. Additionally, various administrative, legal, and accounting services are performed by Company personnel on behalf of the Plan for which no charges are made to the Plan, and for which the Company does not intend to obtain reimbursement. Investment expenses, however, are charged against the Plan's investment income. Certain Plan investments are shares of mutual funds managed by a related party to the Trustee. Therefore, these transactions qualify as party-in-interest transactions.

Payments of Benefits. Benefit payments are generally made in a lump sum upon termination. Early voluntary withdrawals are paid based on financial hardship with approval of the plan administrator. Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2009.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Concentration of Credit Risk. Substantially all the Plan's assets are held by the Trustee.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN ASSETS

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedules, prepared by the Trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments as shown in the statement of net assets available for benefits as of December 31, 2009 and 2008.
- Net depreciation in fair value of investments and interest and dividends, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Note 4, Note 5 and Note 8: All investment balances and investment information in the notes.
- Supplemental Schedule: All investment balances and information included in the schedule.

Oppenheimer Small Mid Cap Value Fund A	$ 182,806	

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2009 and 2008.

Mutual Funds. Valued at the net asset value of shares held by the Plan at year end.

Guaranteed Investment Contract. Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant Loans. Valued at amortized cost, which approximates fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,079,830	$ -	$ -	$ 4,079,830
Guaranteed investment contract	-	-	443,922	443,922
Participant loans	-	-	285,316	285,316
Total investment assets at fair value	$ 4,079,830	$ -	$ 729,238	$ 4,809,068

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,749,069	$ -	$ -	$ 2,749,069
Guaranteed investment contract	-	-	373,891	373,891
Participant loans	-	-	141,095	141,095
Total investment assets at fair value	$ 2,749,069	$ -	$ 514,896	$ 3,264,055

The following table sets forth a summary of the changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

	Guaranteed Investment Contract	Participant Loans
Beginning balance	$ 373,891	$ 141,095
Unrealized gains (losses), net relating to instruments still held at the reporting date	7,256	-
Purchases, sales, issuances, and settlements, net	62,775	144,221
Ending balance	$ 443,922	$ 285,316

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested.

NOTES TO THE FINANCIAL STATEMENTS
(Concluded)

NOTE 7 – INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Nationwide. The Trustee received an opinion letter from the Internal Revenue Service ("IRS") dated September 18, 2001, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 8 – STABLE VALUE FUND

The Plan's investment options include a stable value fund with Gartmore ("Stable Value Fund"), which is a benefit-responsive investment contract, held in a common collective trust fund. The Stable Value Fund invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The Stable Value Fund allows for earnings stability regardless of the volatility of the financial markets.

As described in Note 2, because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the collective investment trust. Contract value represents contributions made into the collective investment trust, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Fair value represents quoted market prices for synthetic GICs, while the fair value of conventional GICs is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of December 31, 2009 and 2008. The crediting interest rate for participants investing the stable value fund averaged 2.52% and 3.68% and the market interest rate was 0.90% and 2.75% during 2009 and 2008, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but are not limited to the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

The Company's management has evaluated all known subsequent events from December 31, 2010 through September 28, 2010, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period.
