NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Food Concepts International, LP (Company) 401(k) Plan (the Plan) provides only general information. HYWM, LLC, Abuelo's International, and Abuelo's Urban Taqueria, LLC, are under ownership of Food Concepts International, and are participating employers in this plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers substantially all full-time employees of the Company who have completed two months of service and attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions*.** Each year, participants may contribute from 1 percent up to 100 percent, limited to $18,000 for 2017, of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2017, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers an array of John Hancock Life Insurance Company funds for participants. The Employer, at its discretion, may make matching contributions to the Plan to the extent and in the manner required by the Safe Harbor CODA provisions of the plan agreement. A participant shall be 100% vested in the value of Safe Harbor match. For the 2017 plan year, the Company satisfied the Safe Harbor CODA requirements and has provided a matching contribution equal to 100% of each participant's contribution, up to a maximum of 3% of the participant's compensation, plus 50% of each participant's contributions that exceeds 3%, but not more than 5%, of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company's management. No such additional contributions were made during 2017.

***Participant Accounts*.** Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings and account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting*.** Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions and matching contributions is based on years of continuous service as follows:

Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options. Upon enrollment in the Plan, a participant may direct employee contributions in the following investment options.

Guaranteed Interest Contracts. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined three, five or ten year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Pooled Separate Accounts. Assets in each separate account are pooled with funds of other investors invested in securities, collective trusts, and mutual funds. The accounts are expressed in "units." The "unit value" is the dollar value of one unit and is determined by dividing the value of the entire account by the total number of units in the account. Contributions to the Account increase the number of units. The increase or decrease in number of units is determined by dividing the amount of the contribution or withdrawal by the unit value for the day the transaction is made. Separate accounts can function and perform in a way that is similar to a mutual fund. Consequently, the unit value of a separate account fluctuates in accordance with changes in the value of its underlying investments minus any separate account fees and charges.

Forfeitures. At December 31, 2017 and 2016 there were no forfeited accounts. Any forfeited amounts would first be used to reduce administrative expenses.

Notes Receivable from Participants. Participant loans are not permitted under the Plan.

***Payment of Benefits*.** On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met.

***Administrative Expenses*.** Significant administrative expenses are absorbed by the plan as provided by the plan document. The plan sponsor also pays a portion of expenses related to maintaining the plan. Administrative expenses paid by the Plan were $9,813 for the year ended December 31, 2017.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

The following summary of significant accounting policies is presented to assist in the understanding of the Food Concepts International, LP 401(k) Plan's financial statements. The financial statements and notes are the representation of the Plan Administrator who is responsible for their integrity and objectivity. The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Financial Accounting Standards Board (FASB) is the accepted standard-setting body for establishing accounting and financial reporting principles. The more significant of the Plan's accounting policies are described below.

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investment in the guaranteed interest contracts is stated at fair value as of December 31, 2017 and 2016. The guaranteed interest contracts are included in the financial statements at fair value because they are not fully benefit responsive. The Plan's investments in the pooled separate accounts (PSAs) are valued at the net asset value (NAV) practical expedient to fair value for the underlying investments in mutual funds as reported by the issuer of the PSAs for the years ended December 31, 2017 and 2016. Net asset value is calculated as the number of units held on a particular date multiplied by the unit value on that date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual compliance reporting permitted by 29 CFR 2520-103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (the custodian) has certified that the following data included in the accompanying financial statements is complete and accurate:

1. Participant directed investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
2. Investment income information included in the Statement of Changes in Net Assets Available for Benefits, for the year ended December 31, 2017 and 2016;
3. The schedule of assets (held at end of year) as of December 31, 2017, included in the supplemental schedule.

December 31,	**2017**	2016
Statements of net assets available for benefits		
Investments in pooled separate accounts	**$ 10,468,610**	$ 8,743,123
Investments in guaranteed interest accounts	**85,044**	96,917
Statement of changes in assets available for benefits		
Net appreciation (depreciation) in fair value of investments	**$ 1,504,784**	$ 554,846
Interest earned on guaranteed accounts	**412**	419

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The market approach is used in comparable market transactions involving identical assets, liabilities or groups of such.

Following is a description of the valuation methodologies used for investment assets measured at fair value at December 31, 2017 and 2016.

Guaranteed Interest Contracts: Guaranteed investment contracts that are not "fully benefit responsive" are to be reported at fair value and not contract value. The John Hancock group annuity contract is not "fully benefit responsive" for contract holders investing in guaranteed interest accounts.

Pooled Separate Accounts. Assets of a pooled separate account are pooled with funds of other investors and invested in securities, collective trusts, and mutual funds. When discussing the value of a separate account, it will be discussed as a unit value or price per unit. That unit value is calculated by dividing the total value of account assets (minus any fees) by the number of units in the separate account. If the separate account is invested exclusively in mutual funds, the value of the account is based on the fair value, or price per share of the underlying mutual fund, minus any fees charged by the separate account and mutual fund. While the separate account's unit value is affected by the underlying mutual fund's fair value, its unit value will differ from the underlying mutual fund's fair value because of one or more of the following factors: initial value assignment, dividends and capital gains, and charges. The separate accounts offered as investments in the retirement plan are available only to employer-sponsored retirement plan investors. Because the separate accounts are not available as publicly traded funds, the performance and unit values are not published. Due to the factors noted, the pooled separate accounts will be valued as net asset value (NAV) as a practical expedient to fair value and are exempt from classification within the fair value hierarchy.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)(CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Fair Value Measurement Using			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Guaranteed interest accounts	$ -	$ -	$ 85,044	$ 85,044
Total investments in the fair value hierarchy	-	-	85,044	85,044
Investments measured at net asset value				10,468,610
Total investments				$ 10,553,654

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Fair Value Measurement Using			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Guaranteed interest accounts	$ -	$ -	$ 96,917	$ 96,917
Total investments in the fair value hierarchy	-	-	96,917	96,917
Investments measured at net asset value				8,743,123
Total investments				$ 8,840,040

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the years ended:

December 31,	**2017**	2016
Beginning balance	**$ 96,917**	$ 105,556
Total gains or loses (realized and unrealized) included in change in net assets available for benefits	**412**	419
Purchases, sales, issuances, and settlements (net)	**(12,285)**	(9,058)
Total investments at fair value	$ 85,044	$ 96,917

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2017, are reported in net appreciation in fair value of investments.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively.

December 31, 2017	**Fair Value**	**Unfunded commitments**	**Redemption Frequency (If currently Eligible)**	**Redemption Notice Period**
Pooled separate accounts	**$ 10,468,610**	n/a	Daily	None

December 31, 2016	**Fair Value**	**Unfunded commitments**	**Redemption Frequency (If currently Eligible)**	**Redemption Notice Period**
Pooled separate accounts	$ 8,743,123	n/a	Daily	None

The Plan had $10,468,610 and $8,743,123 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2017 and 2016, respectively. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

NOTE 5: INVESTMENT CONTRACT WITH INSURANCE COMPANIES

The Plan maintained investment contracts with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintained the contributions in pooled accounts and guaranteed interest accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company.

NOTE 6: TAX STATUS

The Company has adopted a prototype plan in which the Internal Revenue Service has determined by a letter dated September 30, 2014, that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and Plan Management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

GAAP prescribes requirements for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken by the Plan. Management has evaluated the Plan's design and operation and has concluded that the Plan is designed and has been operated in compliance with the applicable requirements of the IRC. Further, Management believes that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by the taxing authorities and generally, the Plan's tax returns remain open for federal income tax examination for 2015, 2016 and 2017.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are held in investment securities managed by John Hancock Life Insurance Company, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. John Hancock Life Insurance Company charges asset management fees, which are paid from plan assets. The Plan Sponsor pays directly any other fees related to the Plan's operations. In addition, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE 10: RECLASSIFICATIONS

Certain items on the 2016 Statement of Net Assets Available for Benefits have been reclassified to conform to the current year's presentation. Net assets available for benefit and changes in net assets available for benefits are unchanged due to these reclassifications.

NOTE 11: TRUSTEE'S RESPONSIBILITY

The Plan is administered by the Trustee and the Plan Administrator. The Trustee is appointed by the Plan Administrator. Authority for control, management and administration of the Plan is vested in the Trustee and the Plan Administrator. As the Plan's fiduciary, the Trustee's responsibility is to maintain the Plan's assets.

NOTE 12: SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 15, 2018, the date the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements. Management believes that there have been no material subsequent events that have arisen that would require additional disclosures or accrual in the accompanying financial statements.
