INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Whataburger of Alice 401(K) Profit Sharing Plan
San Antonio, Texas

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Whataburger of Alice 401(K) Profit Sharing Plan (The Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes and supplemental schedules as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the investment information summarized in note 3, which was certified by American United Life Insurance Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of

and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and schedule, other than that derived from the investment information certified by American United Life Insurance Company, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974..

WHATABURGER OF ALICE 401K PROFIT SHARING PLAN
NOTES TO THE AUDITED FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of Whataburger of Alice 401(K) Profit Sharing Plan ("Plan") are prepared following the accrual method of accounting.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and loses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Mutual funds are carried at the current market value (net asset value), as determined by quoted prices in an active market. Net appreciation (depreciation) in the fair market value of investments is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination. Common and collective trusts are valued at contract value as estimated by the Trustee. Contract value, which represents net contributions plus interest at the contract rate, approximates fair value. The contracts are fully benefit-responsive

Participants' Notes Receivables: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. An allowance was not required at either year end. If a participant ceases to make a loan payment and the Plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded. Interest is recognized as accrued.

Benefit Payments: Benefits are recorded when paid, and excess deferrals are recorded as accrued.

Subsequent Events: Subsequent events have been evaluated by management through the date of the report of the independent auditor. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Plan Administrator is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to the Plan's financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds managed by Fidelity Investments, Goldman Sachs Asset Management, American Century Investments, and Pimco are reduced as a result of the diversity of the underlying investments.

NOTE B—DESCRIPTION OF PLAN

The following description of the Whataburger of Alice, Inc. ("Company") 401(K) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have six months or more of service and are age eighteen or older. It was adopted October 1, 2006 and amended (restated) April 15, 2009 to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA") and other legislative and regulatory changes. The Plan is for the exclusive benefit of its participants and beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100-percent vested in their accounts.

Contributions: Each year, the Company, at its discretion may contribute amounts to the participants' accounts and may match up to the total amount contributed by employees for the year. Additional amounts may be contributed at the option of the Company's board of directors. Participants may contribute up to the maximum amount allowed by law (i.e., Code Sections 402(g) and 415) of their wages for the Plan year. Participants may also defer up to 100-percent of their bonuses. Contributions are subject to certain limitations. The employer contributed $110,224 and $103,126 in 2017 and 2016, respectively.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's contributions, (b) Plan earnings, (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses, and (d) Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching contributions portion and other Company contributions of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service,

attaining the Plan's normal retirement age or if employment is terminated due to death or disability.

Participant Loans: Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50-percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at 8-percent. Principal and interest is paid ratably through payroll deductions.

Plan Termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100-percent vested in their Sponsor contributions.

Forfeitures: Forfeitures are retained in the Plan and may be used to reduce administrative expenses or future employer contributions. There were total forfeitures of $0.00 in 2017 and $519.02 in 2016.

Investment Options: Upon enrollment in the Plan, a participant may change their investment options daily to any of the designated investment options offered by the Trustee.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Operating Expenses: All expenses of maintaining the Plan are paid by the Company.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE C—INVESTMENTS (Unaudited)

The plan investments representing in excess of 5% of net assets available for Plan benefits are as follows at December 31:

	December 31,	
	2017	2016
Alger Cap App Inst R	N/A	305,785
Ridgeworth Larcap Valeqty A	N/A	152,379
Fidelity ADV Freedom 2035	200,328	146,438
Goldman Sachs Lrg CP Gr Ins Svc	462,117	N/A
MFS Mid Cap Value R2	395,093	381,698
Pioneer Bond A	179,254	109,435

N/A – Investment did not represent in excess of 5% of net assets available for Plan benefits at respective year end.

During 2017 the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $320,185.

NOTE D—INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan and related trust are designed in accordance with Section 401(k) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE E—FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value Measurement at Reporting Date Using:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available

inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds, common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The fair value of certain common and collective trusts and corporate bonds for which quoted market price are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount. The fair value of the certificates of deposit is based on amortized cost or original cost plus accrued interest.

Level 3 Fair Value Measurement

Includes guaranteed investment contracts that are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The following table provides further details of the Level 3 fair value measurements. The Plan has no level 3 investments on December 31, 2016.

NOTE F—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G—TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by One American Life Insurance Co. and its subsidiary American United Life Insurance Co., the Plan Administrator. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
