To the Participants and Plan Administrator of the
Christa Construction, LLC 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Christa Construction, LLC 401(k) Plan as of December 31, 2009 and 2008, and the related statements of change in net assets available for benefits for the years then ended and supplemental schedules of assets (held at end of year), reportable transactions and delinquent participant contributions as of the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and M&T Investment Group, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Prudential Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions from January 1, 2009 to December 31, 2009, and that M&T Investment Group held the Plan's investment assets and executed investment transactions as of December 31, 2008 and for the period January 1, 2008 to December 31, 2008. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Christa Construction, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code. The Plan covers substantially all of the employees of Christa Construction, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the administrator of the Plan. Effective January 1, 2009, Prudential Retirement Insurance and Annuity Company (Prudential) is the trustee of the Plan and custodian of the Plan's assets and provides recordkeeping functions of the Plan.

Prior to January 1, 2009, M&T Investment Group was the trustee of the Plan and the custodian of the Plan's assets. EBS Benefit Solutions provided recordkeeping functions for the Plan. The Plan pays administrative expenses.

Eligibility

Employees are eligible to participate in the Plan upon completion of six months of service and the attainment of age twenty-one.

Contributions

Participants may make tax deferred contributions of up to 18% of their compensation subject to Internal Revenue Service limitations. The Company has agreed to make matching contributions equal to each participant's contribution, up to 6% of his or her compensation. The Company may elect to make additional matching contributions on a discretionary basis for employees who work at least 501 hours during the Plan year. For 2009 and 2008, the Company did not make any discretionary contributions.

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Each participant's account is credited with his or her contributions, Company matching contributions and actual earnings thereon. Profit-sharing contributions, profit-sharing earnings, Plan expenses and forfeitures of non-vested account balances are allocated to each participant's account based on his or her compensation. Benefit payments are deducted directly from each participant's account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Company matching and profit-sharing contributions vest 20% per year beginning upon completion of two years of service. Participants are fully vested upon completion of six years of service.

1. DESCRIPTION OF PLAN (Continued)

Benefit Payments
Upon termination of service, a participant may elect to receive his or her vested account balance as a lump-sum payment, an annual annuity, or a direct rollover into an individual retirement account or another qualified plan.

Participant Loans
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Participant loans shall be repaid over a period not to exceed five years, unless used to purchase a principal residence for which the period may not exceed 10 years. Participant loans bear interest at the prime rate plus two percent.

Forfeitures
Forfeitures of non-vested account balances are used to offset administrative expenses prior to an allocation to the remaining participants at the end of the Plan year. Total forfeitures during the years ended December 31, 2009 and 2008 were $21,886 and $1,983, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States.

Cash
Cash includes bank demand deposit accounts, money market accounts and all highly liquid debt instruments purchased with a maturity date of three months or less. The Plan's cash balances may at times exceed federally insured limits. The Plan had not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash.

Investments
The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loans are stated at carrying value, which the Plan administrator believes approximates fair value based on current interest rates and maturity rates. At December 31, 2008, the investments were primarily in cash accounts due to the transfer of the Plan assets to a new trustee during 2009.

As described in Financial Accounting Standards Board ASC 962-325-35-5 (formerly known as SOP 94-4-1), *Reporting for Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (ASC 962), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed income fund through an insurance company. As required by ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)
Investments are exposed to various risks, such as interest rate and market. Due to the level of risks associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Fair Value Measurement - Definition and Hierarchy
In 2008, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification 820-10 (ASC 820, formerly known as Statement of Financial Accounting Standard No. 157, *Fair Value Measurements*). This statement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan uses various valuation techniques in determining fair value. ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimate about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation does not entail a significant degree of judgment.

  The Plan's investments in mutual funds are valued using Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan's investment in the separate pooled accounts and the guaranteed income fund are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan's participant loans are valued using Level 3 inputs.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments
Benefit payments are recorded when paid.

Reclassifications
Certain reclassifications have been made to the prior year information to conform to the current year presentation.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the trustees as of and for the years ended December 31, 2009, and 2008:

	Prudential 2009	M&T Investment Group 2008
Investments, at fair value	$ 3,018,228	$ 3,908,253

Other assets, individually less than 5%	264,323	252,041
	$ 3,018,228	$ 3,908,253

3. CERTIFIED INVESTMENT INFORMATION (Continued)

Net Appreciation (Depreciation) in Fair Value of Investments
The Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value as follows for the years ended December 31:

	2009	2008
Mutual funds	$ 349,780	$ (2,026,638)

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The investment in the guaranteed income fund is a benefit-responsive investment contract through Prudential. Prudential maintains the contributions in a fixed fund. The fund is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund.

Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting based on data as of the last business day of the month prior to the end of the quarter. The yield and crediting interest rate averaged 3.20% for the year ended December 31, 2009.

The Plan's ability to transact at contract value with Prudential could be limited if the Plan administrator terminates the contract. The Plan administrator does not believe that the occurrence of this event is probable. The guaranteed income fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Fair value of the Plan's investment in the guaranteed income fund is determined based on the market value of the underlying securities as measured at the close of business on the valuation date. Fair value of the Plan's investments in mutual funds and money market funds are determined based on quoted market prices. Pooled separate accounts are valued at the closing price reported on the active market on which the individual securities are traded. The value of the Plan's participant loans is determined by amortized cost of the original loan balances, which the Plan administration believes approximates fair value.

Judgment is required in certain circumstances to develop estimates of fair value and estimates may not be indicative of the amounts that could be realized in a current market exchange.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following are measured at fair value at December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds				
Large cap funds	$ 384,587	$ -	$ -	$ 384,587
Balanced funds	558,401	-	-	558,401
Mid cap funds	205,773	-	-	205,773
Small cap funds	267,065	-	-	267,065
Pooled separate accounts	-	1,175,707	-	1,175,707
Guaranteed income fund	-	386,743	-	386,743
Participant loans	-	-	39,952	39,952
	$ 1,415,826	$ 1,562,450	$ 39,952	$ 3,018,228

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2008:

	Level 1	Level 2	Level 3	Total
MTB money market fund	$ 89,502	$ -	$ -	$ 89,502
Pooled separate accounts	-	1,912	-	1,912
Participant loans	-	-	160,627	160,627
	$ 89,502	$ 1,912	$ 160,627	$ 252,041

The following is a reconciliation of the beginning and ending balances for the Plan's assets measured at fair value using significant unobservable inputs (Level 3) during:

	2009	2008
Balance at beginning of year	$ 160,627	$ 154,635
Less: Principal repayments	(120,675)	(42,900)
Add: New loans disbursed	-	48,892
Balance at end of year	$ 39,952	$ 160,627

5. PLAN TERMINATION

While the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. TAX STATUS

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving that determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In June 2006, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109, Accounting for Income Taxes (FIN 48 now known as ASC Section 740). This interpretation addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. For employee benefit plans, their tax-qualified status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax qualified status. ASC Section 740 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosures and transition. The Plan adopted the provisions of ASC Section 740 on January 1, 2009 and there was no impact on the Plan's financial statements. At the date of adoption and as of December 31, 2009, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal tax examinations for years before 2006.

7. EXCESS CONTRIBUTIONS

Contributions received from participants for 2009 have been reduced by payments of $6,559 made in February 2010 to certain active participants to return their excess deferral contributions due to contributions in excess of the Internal Revenue service limitations.

Contributions received from participants for 2008 have been reduced by payments of $13,375 made in February 2009 to certain active participants to return their excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan.

8. PROHIBITED TRANSACTIONS

During 2009, one employee contribution remittance was made outside of the required time frame established by the Department of Labor and have been categorized as prohibited transactions as shown on Schedule III. The untimely remittance of the employee contributions may result in penalties levied on the Plan Sponsor.

During 2008, one employee contribution remittance was made outside of the required time frame established by the Department of Labor and have been categorized as prohibited transactions in the 2008 financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2009	2008
Net assets available for benefits per the financial statements	$ 3,030,260	$ 3,912,828

Other	-	10,259
Change in net assets available for benefits per Form 5500	$ (888,112)	$ (2,285,721)

10. PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are managed by Prudential, the trustee and custodian of the Plan. As such, transactions involving these securities qualify as party-in-interest transactions. Additionally, loans to participants qualify as party-in-interest transactions.

11. SUBSEQUENT EVENT

Subsequent events have been evaluated through September 28, 2010, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of the
Christa Construction, LLC 401(k) Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Christa Construction, LLC 401(k) Plan as of December 31, 2009 and 2008, and the related statements of change in net assets available for benefits for the years then ended and supplemental schedules of assets (held at end of year), reportable transactions and delinquent participant contributions as of the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and M&T Investment Group, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Prudential Retirement Insurance and Annuity Company held the Plan's investment assets and executed investment transactions from January 1, 2009 to December 31, 2009, and that M&T Investment Group held the Plan's investment assets and executed investment transactions as of December 31, 2008 and for the period January 1, 2008 to December 31, 2008. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Christa Construction, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code. The Plan covers substantially all of the employees of Christa Construction, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the administrator of the Plan. Effective January 1, 2009, Prudential Retirement Insurance and Annuity Company (Prudential) is the trustee of the Plan and custodian of the Plan's assets and provides recordkeeping functions of the Plan.

Prior to January 1, 2009, M&T Investment Group was the trustee of the Plan and the custodian of the Plan's assets. EBS Benefit Solutions provided recordkeeping functions for the Plan. The Plan pays administrative expenses.

Eligibility

Employees are eligible to participate in the Plan upon completion of six months of service and the attainment of age twenty-one.

Contributions

Participants may make tax deferred contributions of up to 18% of their compensation subject to Internal Revenue Service limitations. The Company has agreed to make matching contributions equal to each participant's contribution, up to 6% of his or her compensation. The Company may elect to make additional matching contributions on a discretionary basis for employees who work at least 501 hours during the Plan year. For 2009 and 2008, the Company did not make any discretionary contributions.

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Each participant's account is credited with his or her contributions, Company matching contributions and actual earnings thereon. Profit-sharing contributions, profit-sharing earnings, Plan expenses and forfeitures of non-vested account balances are allocated to each participant's account based on his or her compensation. Benefit payments are deducted directly from each participant's account.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Company matching and profit-sharing contributions vest 20% per year beginning upon completion of two years of service. Participants are fully vested upon completion of six years of service.

1. DESCRIPTION OF PLAN (Continued)

Benefit Payments
Upon termination of service, a participant may elect to receive his or her vested account balance as a lump-sum payment, an annual annuity, or a direct rollover into an individual retirement account or another qualified plan.

Participant Loans
Participants may borrow up to the lesser of $50,000 or one-half of their vested account balance. Participant loans shall be repaid over a period not to exceed five years, unless used to purchase a principal residence for which the period may not exceed 10 years. Participant loans bear interest at the prime rate plus two percent.

Forfeitures
Forfeitures of non-vested account balances are used to offset administrative expenses prior to an allocation to the remaining participants at the end of the Plan year. Total forfeitures during the years ended December 31, 2009 and 2008 were $21,886 and $1,983, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States.

Cash
Cash includes bank demand deposit accounts, money market accounts and all highly liquid debt instruments purchased with a maturity date of three months or less. The Plan's cash balances may at times exceed federally insured limits. The Plan had not experienced any losses in these accounts and believes it is not exposed to any significant risk with respect to cash.

Investments
The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loans are stated at carrying value, which the Plan administrator believes approximates fair value based on current interest rates and maturity rates. At December 31, 2008, the investments were primarily in cash accounts due to the transfer of the Plan assets to a new trustee during 2009.

As described in Financial Accounting Standards Board ASC 962-325-35-5 (formerly known as SOP 94-4-1), *Reporting for Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (ASC 962), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed income fund through an insurance company. As required by ASC 962, the Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments (Continued)
Investments are exposed to various risks, such as interest rate and market. Due to the level of risks associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Fair Value Measurement - Definition and Hierarchy
In 2008, the Plan adopted Financial Accounting Standards Board Accounting Standards Codification 820-10 (ASC 820, formerly known as Statement of Financial Accounting Standard No. 157, *Fair Value Measurements*). This statement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan uses various valuation techniques in determining fair value. ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimate about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation does not entail a significant degree of judgment.

  The Plan's investments in mutual funds are valued using Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan's investment in the separate pooled accounts and the guaranteed income fund are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan's participant loans are valued using Level 3 inputs.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefit Payments
Benefit payments are recorded when paid.

Reclassifications
Certain reclassifications have been made to the prior year information to conform to the current year presentation.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by the trustees as of and for the years ended December 31, 2009, and 2008:

	Prudential 2009	M&T Investment Group 2008
Investments, at fair value	$ 3,018,228	$ 3,908,253
Investment income (loss)	$ 373,278	$ (1,942,905)

Other assets, individually less than 5%	264,323	252,041
	$ 3,018,228	$ 3,908,253

3. CERTIFIED INVESTMENT INFORMATION (Continued)

Net Appreciation (Depreciation) in Fair Value of Investments
The Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated (depreciated) in value as follows for the years ended December 31:

	2009	2008
Mutual funds	$ 349,780	$ (2,026,638)

4. FAIR VALUE OF FINANCIAL INSTRUMENTS

The investment in the guaranteed income fund is a benefit-responsive investment contract through Prudential. Prudential maintains the contributions in a fixed fund. The fund is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund.

Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting based on data as of the last business day of the month prior to the end of the quarter. The yield and crediting interest rate averaged 3.20% for the year ended December 31, 2009.

The Plan's ability to transact at contract value with Prudential could be limited if the Plan administrator terminates the contract. The Plan administrator does not believe that the occurrence of this event is probable. The guaranteed income fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Fair value of the Plan's investment in the guaranteed income fund is determined based on the market value of the underlying securities as measured at the close of business on the valuation date. Fair value of the Plan's investments in mutual funds and money market funds are determined based on quoted market prices. Pooled separate accounts are valued at the closing price reported on the active market on which the individual securities are traded. The value of the Plan's participant loans is determined by amortized cost of the original loan balances, which the Plan administration believes approximates fair value.

Judgment is required in certain circumstances to develop estimates of fair value and estimates may not be indicative of the amounts that could be realized in a current market exchange.

4. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following are measured at fair value at December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual funds				
Large cap funds	$ 384,587	$ -	$ -	$ 384,587
Balanced funds	558,401	-	-	558,401
Mid cap funds	205,773	-	-	205,773
Small cap funds	267,065	-	-	267,065

	$ 1,415,826	$ 1,562,450	$ 39,952	$ 3,018,228

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2008:

	Level 1	Level 2	Level 3	Total
MTB money market fund	$ 89,502	$ -	$ -	$ 89,502
Pooled separate accounts	-	1,912	-	1,912
Participant loans	-	-	160,627	160,627
	$ 89,502	$ 1,912	$ 160,627	$ 252,041

The following is a reconciliation of the beginning and ending balances for the Plan's assets measured at fair value using significant unobservable inputs (Level 3) during:

	2009	2008
Balance at beginning of year	$ 160,627	$ 154,635
Less: Principal repayments	(120,675)	(42,900)
Add: New loans disbursed	-	48,892
Balance at end of year	$ 39,952	$ 160,627

5. PLAN TERMINATION

While the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. TAX STATUS

The Plan obtained its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving that determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

In June 2006, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of FASB Statement No. 109, Accounting for Income Taxes (FIN 48 now known as ASC Section 740). This interpretation addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. For employee benefit plans, their tax-qualified status itself is deemed to be an uncertainty, since events could potentially occur to jeopardize their tax qualified status. ASC Section 740 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosures and transition. The Plan adopted the provisions of ASC Section 740 on January 1, 2009 and there was no impact on the Plan's financial statements. At the date of adoption and as of December 31, 2009, the Plan does not have a liability for unrecognized tax benefits. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal tax examinations for years before 2006.

7. EXCESS CONTRIBUTIONS

Contributions received from participants for 2009 have been reduced by payments of $6,559 made in February 2010 to certain active participants to return their excess deferral contributions due to contributions in excess of the Internal Revenue service limitations.

Contributions received from participants for 2008 have been reduced by payments of $13,375 made in February 2009 to certain active participants to return their excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan.

8. PROHIBITED TRANSACTIONS

During 2009, one employee contribution remittance was made outside of the required time frame established by the Department of Labor and have been categorized as prohibited transactions as shown on Schedule III. The untimely remittance of the employee contributions may result in penalties levied on the Plan Sponsor.

During 2008, one employee contribution remittance was made outside of the required time frame established by the Department of Labor and have been categorized as prohibited transactions in the 2008 financial statements.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2009	2008
Net assets available for benefits per the financial statements	$ 3,030,260	$ 3,912,828

Other	-	10,259
Change in net assets available for benefits per Form 5500	$ (888,112)	$ (2,285,721)

10. PARTY-IN-INTEREST TRANSACTIONS

Certain plan assets are managed by Prudential, the trustee and custodian of the Plan. As such, transactions involving these securities qualify as party-in-interest transactions. Additionally, loans to participants qualify as party-in-interest transactions.

11. SUBSEQUENT EVENT

Subsequent events have been evaluated through September 28, 2010, which is the date the financial statements were available to be issued.
