NOTE 1 DESCRIPTION OF PLAN

The following description of Radiology Imaging Associates, P.A. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

This Plan is a merged Plan of three plans (Radiology Associates of Ocala 401(k) Retirement Savings Plan, Radiology Imaging Associates P.A. Retirement Plan, and East Central Florida Outpatient Imaging, LLC Retirement Plan and Trust), originally effective on May 1, 2004, May 1, 1971 and February 6, 2004, respectively. The Plan is a defined contribution which has been restated for the merger effective January 1, 2017. The Plan covers all nonexcluded employees of Radiology Imaging Associates, P.A., East Central Florida Outpatient Imaging LLC, and Broadring, P.L (collectively, the Company) who have completed one year of service (1,000 hours). Service with Eardley, Morris & Hollis, M.D. P.A. is honored for determining eligibility to participant, contribution allocations and vesting of benefits. The employee may enter the Plan on the first pay period of each quarter. Excluded employees include those covered by a collective bargaining agreement, certain nonresident aliens and leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Audit Committee is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a matching contribution, a safe harbor nonmatching contribution, or a profit sharing contribution. For the year ended December 31, 2017, the Company did not make a matching contribution. For the year ended December 31, 2017, total Company safe harbor nonmatching contributions amounted to $680,441. For the year ended December 31, 2017, total profit sharing contributions amounted to $1,543,471.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's qualified matching contribution, an allocation of the Company's profit sharing contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions, Company safe harbor nonmatching contribution, and actual earnings thereon. Vesting in the Company matching contribution and profit sharing contributions, plus actual earnings thereon, is based on years of credited service. Notwithstanding the above, a participant is 100% vested after five years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions if certain requirements are met, subject to Plan provisions. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled in an individual retirement account in the participant's name. If the balance of the terminated participant's account is less than $1,000, the Plan Sponsor may authorize that the benefit payment be paid in cash.

Forfeited Accounts

Forfeited nonvested accounts can be used to restore the accounts of former participants who have returned to employment, to reduce administrative expenses, or to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2017 and 2016, totaled $37,085 and $22,125, respectively. There was $17,843 of forfeitures used to reduce administrative expenses for the year ended December 31, 2017. There were no other uses of forfeitures for the year ended December 31, 2017.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Audit Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in the net appreciation of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they were incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets Transferred Related to Plan Merger

The Plan entered into a merger agreement effective at the close of business, December 31, 2016, to merge net assets from the Radiology Imaging Associates, P.A. Retirement Plan and net assets from the East Central Florida Outpatient Imaging, LLC Retirement Plan and Trust into the Plan. As a result of the merger, Plan net assets of December 31, 2016, include a receivable from East Central Florida Outpatient Imaging, LLC Retirement Plan and Trust in the amount of $7,805,209 and from Radiology Imaging Associates, P.A. Retirement Plan in the amount of $25,947,819. The actual transfer occurred in April 2017, in the amount of $39,377,695.

Subsequent Events

The Plan has evaluated subsequent events through January 14, 2019, the date the financial statements were issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of the investments, interest, and dividends, and interest income from notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian and trustee. Ascensus, Inc., as agent for Ascensus Trust Company was the custodian of the Plan for a portion of the assets from January 1, 2017 to April 28, 2017. Vanguard Fiduciary Trust Company was the trustee of the Plan as of and for the years ended December 31, 2017 and 2016.

The self-directed brokerage accounts, held at Morgan Stanley, are not certified. The investment balances amounted to $1,476,701 as of December 31, 2017. The investments' net appreciated amount to $479,599 for the year ended December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Money Market Fund and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective rust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Comprised of a common stock valued on the basis of readily determinable market prices, cash and cash equivalents valued at their cost which approximates fair value.

Life Insurance Policies: Valued at their cash surrender value which approximates fair value.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total

Total Investments at Fair Value	$ 24,230,472	$ 2,024,896	$ -	$ 26,255,368

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2017:

Balance, Beginning of Year	$ -
Transfers into Level 3	338,945
Premiums Paid	67,367
Unrealized Gains/Losses Relating to Assets Still Held at the Reporting Date	31,420
Balance, End of Year	$ 437,732

The Level 3 investments held within the Self-Directed Brokerage Accounts are life insurance contracts held by one of the Plan participants. The Plan is the beneficiary of the policies. The policies were transferred into the Plan during the year ended December 31, 2017, as a result of the Plan merger disclosed in Note 2.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter, dated March 31, 2014, received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law. The Plan has been restated since receiving the opinion letter. However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments were managed by Ascensus and Vanguard, the Plan's custodian, trustee and third-party administrators. The investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are paid via direct payment by the Plan or by the Company.

NOTE 9 NONEXEMPT TRANSACTION

For the year ended December 31, 2017, the Company failed to remit employee 401(k) deferral contributions and loan repayments for a certain payroll period within the time frame prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company will correct 2017 the prohibited transaction, by depositing the lost earnings and filing the required Form 5330 with the IRS to pay the appropriate interest and excise tax.
