My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule of assets (held at end of year). I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Dr. Stern's Visual Health Centers 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, which was established on January 1, 2002, is a defined contribution plan covering all employees of Dr. Stern's Visual Health Centers and its affiliates (the Employer, Company or the Plan Sponsor) who have reached age 18 and completed six months of service, as defined in the Plan document. Participants are eligible to start making contributions to the Plan on January 1, April 1, July 1 or October 1 after meeting the eligibility requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 100% of their eligible pre-tax annual compensation up to the current limit set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, not to exceed annual IRC limits. Participants may also contribute amounts representing distributions from other retirement plan (Rollovers).

The Plan Sponsor makes matching contributions equal to a percentage of the participant contributions, as determined by the management of the Plan Sponsor. The Sponsor matched 25% of the first 4% of the participants deferred compensation for 2017. Additionally, the Plan Sponsor may also make additional discretionary contributions to the Plan. A participant's share of the discretionary contributions would be allocated under the pay formula, as defined in the Plan document. The Plan Sponsor did not elect to make any additional discretionary contributions to the Plan during 2017.

Effective November 1, 2017, the Plan includes an Eligible Automatic Contribution Arrangement (EACA") feature. The EACA requires eligible employees to be automatically enrolled into the Plan and sets an initial automatic deferral amount equal to 6% of eligible compensation per each payroll period. Plan participants are allowed to increase or reduce the 6% deferral amount to as low as 0% and as high as 100%.

The Plan also includes an automatic salary deferral increase provision. Salary deferral contributions for automatically enrolled participants will automatically be increased by 1% on November 1st of each year, up to 8%.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

Participants may direct the investment of their contributions into various investment options offered by the Plan. Contributions from participants who have been automatically enrolled in the Plan will be invested in a Principal LifeTime portfolio investment option based on the current age of the participant, as defined, until that participant selects alternative investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, Rollovers, Employer matching contributions, and an allocation of (a) additional discretionary contributions, (b) administrative expenses and (c) investment earnings or losses, if any. Allocations are based on each participant's earnings, account balances, or specific participant transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance.

VESTING

Participant are immediately vested in their elective deferrals, catch-up contributions, Rollovers and the related earnings or losses. Vesting in Plan Sponsor's contributions plus actual earnings or losses thereon is based on years of credited service, which is defined as a year where the participant has at least 1,000 hours of service.

A participant is 100% vested after five years of credited service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Upon termination of employment, a participant's non-vested amounts are forfeited in accordance with the Plan document. Upon death, total disability or attainment of the normal retirement age of 65, participants become 100% vested in all Plan Sponsor contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow against their vested balances (minimum loan of $1,000). The loans bear interest at a fixed rate based on rates available for similar loans from commercial lending institutions. As of December 31, 2017, interest rates on outstanding notes receivable from participants ranged from 3.25% to 4.5%. The maximum amount available for loans is the lesser of 50% of the participants vested account balance or $50,000, reduced by the highest outstanding loan balance during the prior 12-month period. Participants will only be granted one loan during any one-year period and only one loan may be outstanding at a time. Loan repayment periods are for a maximum of five years unless the loan is for the purchase of a primary residence, in which case a reasonable repayment period is determined at the time of the loan. Loan repayments (principal and interest) are made through payroll deductions.

PAYMENT OF BENEFITS

Upon termination of service, death, disability or retirement, a participant (or their named beneficiaries, as applicable) will receive a lump-sum distribution equal to the vested portion of the participant's account balance. Withdrawals under the Plan are allowed for hardship (as defined in the Code) or the attainment of age 59½.

FORFEITURES

Amounts that are forfeited during a Plan year are used to pay Plan administrative expenses or fund the Plan Sponsor's contribution obligations to the Plan, as directed by the plan administrator. During the year ended December 31, 2017, approximately $300 was used to reduce Plan administrative expenses. As of December 31, 2017, there were no available forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes herein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the Plan's fully benefit-responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan valuation policies utilizing information provided by the investment advisor and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. All gains and losses are reported in the accompanying statement of changes in net assets available for benefits.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent loans are treated as distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PLAN EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 21, 2019, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2017, and net appreciation/depreciation in fair value of investments for the year then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, the trustee of the Plan.

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits. The Plan, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the Plan believes minimizes these risks.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Guaranteed Interest Account

The value of this fund is based on the value of invested principal plus daily credited interest as of December 31, 2017. This fund is subject to a guaranteed minimum interest rate ("GMIR") as defined by the investment contract but may credit interest that exceeds the GMIR at any time. There are no specific securities in the general account that back the liabilities of this investment contract, and Principal Life Insurance Company assumes the risk of the gain and loss of underlying investments by guaranteeing the principal and daily credited interest that become part of the principal.

Pooled Separate Accounts

Investments in pooled separate accounts (PSA's) are valued using the unadjusted net asset value (NAV) as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Principal Life Insurance Company (Principal Life). While the majority of the underlying assets values are based on quoted prices, NAV of the PSAs are not publicly quoted. The NAV is reported by Principal Life as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Account	$ --	$ --	$ 882	$ 882
Investments Measured at Net Asset Value*	--	--	--	1,250,770
Investments at Fair Value	$ --	$ --	$ 882	$ 1,251,652

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Guaranteed Interest Account	$ --	$ --	$ --	$ --
Investments Measured at Net Asset Value*	--	--	--	985,280
Investments at Fair Value	$ --	$ --	$ --	$ 985,280

* In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), used as practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statement of net assets available for benefits.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017.

Balance - December 31, 2016	$ --
Purchases	913
Total gains or losses	(31)
Interest credited	1
Sales	(1)
Balance - December 31, 2017	$ 882

INVESTMENT MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Principal Pooled Separate Accounts	$ 1,250,770	N/A	Daily	Daily

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Principal Pooled Separate Accounts	$ 985,280	N/A	Daily	Daily

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan recordkeeping are provided by Principal Life Insurance Company. Therefore, as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $6,728 for the year ended December 31, 2017. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

NOTE 7 – TAX STATUS

The Plan uses a prototype non-standard profit-sharing plan with CODA, which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 9 – PROHIBITED TRANSACTIONS

During certain prior years, participant contributions and notes receivable repayments from participants totaling $13,639 were not remitted timely to the Plan. The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan Sponsor. The Plan Sponsor intends to correct these prohibited transactions in accordance with DOL guidelines. The accompanying Schedule of Delinquent Participant Contributions presents the prohibited transactions of the Plan.

NOTE 10 – NONCOMPLIANCE

DOL regulations require audited financial statements of employee benefit plans filing as a "large plan" to be attached to the Form 5500. For plans with the year ended December 31st, the deadline to file is by July 31st of the following year, extendable to October 15th. As a result of not having met these filing requirement for the year ended December 31, 2017, the Plan was not in compliance with DOL Regulation 29 CFR 2520.103- 1(b). The Plan Sponsor may be subject to late filing penalties for noncompliance.
