Independent Auditor's Report

To the Plan Committee of Armstrong Garden Centers, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Armstrong Garden Centers, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of July 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended July 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company ("Transamerica"), the current custodian of the Plan, and by Massachusetts Mutual Life Insurance Company ("MassMutual"), the prior recordkeeper of the Plan, on behalf of Hartford Life Insurance Company, the prior custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from Transamerica from November 1, 2017 to July 31, 2018 and from MassMutual from July 31, 2017 to November 30, 2017, that the information provided to the plan administrator by the respective insurance companies is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule of assets (held at end of year) as of July 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Transamerica or MassMutual, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Armstrong Garden Centers, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by the Company under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. Employees of the Company who have attained age 21 and have completed 6 months of service (prior to July 30, 2018 was 3 months of service) are eligible to participate in the Plan. Eligible participants enter the Plan on the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan trustees made the decision to replace Massachusetts Mutual Life Insurance Company ("MassMutual") as the Plan's recordkeeper and Hartford Life Insurance Company ("Hartford"), as the Plan's custodian, with Transamerica Life Insurance Company ("Transamerica"). In connection with the above, on November 3, 2017 the Hartford group annuity contract was discontinued, and accordingly the Hartford pooled separate account investments totaling $12,232,861 were liquidated to cash. The cash was then transferred to Transamerica, where it was allocated to the respective participant accounts into investment funds as directed by the participant. In addition to the cash transfer, the participant loans totaling $74,837 held by Hartford were transferred to Transamerica.

Contributions

Each year, participants may contribute a certain percentage of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also able to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or certain individual rollover accounts. Each year, the employer shall determine the amount of the matching contribution, if any, related to the participant's salary deferrals; in addition, the participating employer may make a discretionary profit sharing contribution for participants who are employed on the last day of the Plan year. Such employer contributions are determined by the employer's Board of Directors. For the year ended July 31, 2018, the Board of Directors approved an employer matching contribution of 5% of participant's salary deferrals. Contributions are subject to certain limitations.

1. Description of Plan (continued)

Participant Accounts

Participants direct the investment of their contributions into various investment options (over 40 different funds) offered by the Plan. Each participant's account is credited with the participant's contribution and related employer matching contribution, if any, and an allocation of (a) employer discretionary profit sharing, if any, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of the participant account is based on years of service. Participants vest 20 percent upon completion of the second year of credited service, and 20 percent each year of service thereafter; thus becoming 100 percent vested after six years of credited service. Participant accounts are deemed 100 percent vested upon death, disability or attaining age 60.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms cannot exceed 5 years, unless it is used to purchase the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. At July 31, 2018 and 2017, interest rates are between 3.25 to 5.00 percent. Principal and interest are normally paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive either a lump-sum distribution in an amount equivalent to their vested account balance or in installments. In-service withdrawals are permitted under certain circumstances, such as meeting certain financial hardship conditions.

Forfeited Accounts

The nonvested portion of terminated participants' accounts is deemed forfeited upon the participant separating from service. At July 31, 2018 and 2017, forfeited nonvested accounts totaled $774 and $4,521, respectively. The forfeited accounts are used to reduce future employer contributions or to pay Plan expenses. During the year ended July 31, 2018, the employer contributions were reduced by $6,518 and administrative expenses of $3,239 were paid from forfeited accounts.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation of fair value in investments.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance. Interest income associated with the notes receivable is recorded when interest payments are received, usually bi-weekly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Expenses

Certain expenses of maintaining the Plan related to plan administration and investment advisory services are paid by the Plan, while certain other fees are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to the payment of benefits or to the administration of notes receivable from participants are charged directly to the participant's account by the Plan recordkeeper and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through May 9, 2019, which is the date the financial statements were available to be issued.

3. Certified Financial Information

The following is a summary of financial information as reflected in the Plan financial statements as of July 31, 2018 and 2017, and for the year ended July 31, 2018, as certified by Transamerica Life Insurance Company, the current custodian of the Plan, for the period November 1, 2017 to July 31, 2018, and by Massachusetts Mutual Life Insurance Company, the prior recordkeeper of the Plan, on behalf of Hartford Life Insurance Company, the prior custodian of the Plan, for the period July 31,

3. Certified Financial Information (continued)

2017 to November 30, 2017, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In addition, the investments reflected on the supplemental schedule of assets (held at end of year) were certified by Transamerica Life Insurance Company.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 with the related inputs to the valuation methodology are described as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
Level 2	Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.
Level 3	Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at July 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the unit net asset value (NAV) as reported by the insurance company, based on the market value of the underlying investments of the accounts. The net asset value is used as a practical expedient to estimate fair value. The pooled separate accounts have no unfunded commitments, have daily redemption frequency and no redemption notice period.

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets at fair value as of July 31, 2018:

As of July 31, 2018:	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy- Mutual funds	$12,625,081	$ -	$ -	$12,625,081

As of July 31, 2017, the Plan's investments in pooled separate accounts of $11,843,064 that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy, in accordance with current accounting standards.

The Plan's investment in pooled separate accounts under the Hartford Life Insurance Company group annuity contract (summarized with the July 31, 2017 value) reflected the following investment strategies.

Money Market/Stable Value ($963,013) - invests in a U.S. Government money market mutual fund, which seeks to preserve investment principal, while earning a small amount of current income.

Bond/Fixed Income ($643,397) - invests in various type of bond funds that seed to provide current income and realize maximum total return, consistent with preservation of investment principal.

Asset Allocation/Balanced ($2,185,826) - invests in funds that reflect an asset mix of equities, bonds and cash equivalents, which are diversified based on risk tolerance or investment objective, and also include target date funds, where the portfolio mix is based on future retirement dates.

Large Cap ($4,962,401), - invests in equity funds which invest primarily in publicly traded companies with a market capitalization of $10 billion or greater, and include blend, growth and value funds.

Mid Cap ($1,855,053), - invests in equity funds which invest primarily in publicly traded companies with a market capitalization between $2 billion and $10 billion, and include blend, growth and value funds.

Small Cap ($122,117), - invests in equity value fund which invests primarily in publicly traded companies with a market capitalization between $200 million and $2 billion.

International/Global ($823,399) - invests in equity funds which invest primarily in or completely in non-U.S. companies, and include blend, growth and value funds.

Specialty ($287,858), - invests in equity funds which focus on specific and or non-traditional investments which include real estate, precious metals, health, technology and utilities.

5. Fully Benefit-Responsive Investment Contract

The Plan's investment in the Stable Value Focus Option is a fully benefit-responsive investment contract with Transamerica Life Insurance Company ("Transamerica"), and is therefore reported at contract value. Contract value is the relevant measure for fully a benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Transamerica maintains the Plan funds in its general account and are considered evergreen (no maturity date), with no market value adjustment upon discontinuance. Transamerica, as the guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. When establishing interest crediting rates for this product, Transamerica considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. There is no stated minimum or maximum interest rate for this investment.

Normally while the contract is active, transfers among investment options and distributions to participants will be made immediately. If the Plan sponsor wishes to remove this stable value investment, Transamerica may impose a hold up to a 270-day period, if the most recently announced upcoming credited rate has increased or has not changed. Additionally, under limited circumstances, Transamerica may impose up to a 12-month delay period on all plan level withdrawal requests from the Plan sponsor.

6. Income Tax Status

The Plan currently conforms to a volume submitter profit sharing 401(k) plan which has received a favorable opinion letter from the Internal Revenue Service that the Plan is acceptable under section 401(a) of the IRC. Accordingly, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC, and believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. Income Tax Status (continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party and Party in Interest Transactions

Certain Plan investments are managed by Transamerica who is the current custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Effective November 2017, Transamerica provides certain administrative services to the Plan. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed, Transamerica remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During the year ended July 31, 2018, the excess revenue credits of $9,711 have been reflected as other income. The Plan or Company may make a payment to Transamerica for administrative expenses not covered by revenue sharing.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
