INDEPENDENT AUDITORS' REPORT

To the Trustees
Dynabrade, Inc. Profit Sharing/401(k) Savings and Retirement Plan
Clarence, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Dynabrade, Inc. Profit Sharing/401(k) Savings and Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by the Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Dynabrade, Inc. Profit Sharing/401(k) Savings and Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General – The Plan is a defined contribution profit sharing plan covering all full-time employees of the plan sponsor, Dynabrade, Inc. ("the Company"), who have completed ninety days of service and are age 21 or older. When eligible, employees are automatically enrolled with a 6% pre-tax deferral amount. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may contribute up to 100% of pretax annual compensation. Effective June 1, 2018, the Plan was amended to permit Roth contributions to the Plan. Total contributions are subject to Internal Revenue Code limitations. Additionally, participants age 50 or older can elect to make a catch-up contribution limited to the amount imposed by law. Company contributions are at the discretion of the Company's Board of Directors. The Company declared discretionary contributions of $494,380 for the year ended December 31, 2018.

Participant Accounts – Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and withdrawals, as applicable, and an allocation of (a) the Company's discretionary contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service. Forfeitures arising under the Plan may first be used to pay administrative expenses of the Plan which would otherwise be paid by the Company and then used to reduce the Company's discretionary contribution. There were $6,857 and $2,119 of forfeitures available at December 31, 2018 and 2017, respectively. During the years ended December 31, 2018 and 2017, forfeitures of $7,159 and $2,043 were utilized to reduce the employer discretionary contributions receivable, respectively.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $49,999 or 50% of their vested account balance. Note transactions are treated as a transfer between the investment fund and the note receivable. Note terms range from 1 to 5 years. The notes are secured by the balance in the participants account and bear interest at the prime rate of interest prevailing as of the date of the loan. Principal and interest are paid ratably through regular payroll deductions. The interest rates on outstanding loans range between 3.25% and 5.0% at December 31, 2018. Notes receivable from participants amounted to $251,369 and $266,304 as of December 31, 2018 and 2017, respectively.

Payment of Benefits – On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over various terms.

1. DESCRIPTION OF THE PLAN (continued)

Withdrawals and Distributions – Participating employees may make financial hardship withdrawals up to the value of their vested employee contributions. In addition, the Plan allows for in-service withdrawals for employees who attain the age of 59 ½.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Units of pooled separate accounts are valued based on the net asset values of units held by the Plan. Investments in guaranteed interest accounts are not considered benefit responsive and as such are stated at fair value, as determined by the custodian based on stated interest rates. The collective investment trust accounts are valued based on the net asset value of units held by the Plan at year end. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes unrealized and realized gains and losses on investments that were held or sold during the year.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through July 15, 2019, the date which the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan has established standards for determining the fair value of assets and liabilities which are subject to reporting at fair value. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of inputs as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end which is a reasonable estimate of fair value as the pooled separate accounts invest in publically quoted mutual funds. The pooled separate accounts generally have no redemption restrictions or unfunded capital commitments.

Collective Investment Trust Accounts: Valued based on the net asset value of units held by the Plan at year end. The collective investment trust accounts generally have no redemption restrictions or unfunded capital commitments.

Guaranteed Interest Accounts: The guaranteed interest accounts are not fully benefit-responsive and are accordingly valued at fair value which represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, with the exception of the pooled separate accounts and the collective investment trust accounts, which are measured at fair value using the NAV practical expedient. The fair value for the pooled separate accounts and the collective investment trust accounts is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

	2018	2017
Level 3:		
Guaranteed interest accounts	$ 124,682	$ 166,314
Investments measured at net asset value:		
Pooled separate accounts	16,373,661	18,604,847
Collective investment trust accounts	6,377,031	6,290,255
Total investments at fair value	$ 22,875,374	$ 25,061,416

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2018:

	Guaranteed interest accounts
Balance, beginning of year	$ 166,314
Issuances and settlements	(81,201)
Purchases	35,967
Interest income	1,301
Net appreciation of investments	2,301
Balance, end of year	$ 124,682

Quantitative information for Level 3 assets as of December 31, 2018 and 2017, respectively:

December 31, 2018 Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Interest Accounts	$ 124,682	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.10 – 1.79%
			Current Rate on 12/31/18	2.96 – 3.10%

December 31, 2017 Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Interest Accounts	$ 166,314	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.10 – 1.26%
			Current Rate on 12/31/17	2.24 – 2.63%

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

5. TAX STATUS

The Plan is utilizing a prototype plan, which received a favorable determination letter from the Internal Revenue Service ("IRS") stating that the Plan is qualified under applicable sections of the IRC and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan was amended subsequent to the IRS determination letter. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan and the related trust are tax exempt.

6. CUSTODIAN CERTIFICATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Principal Life Insurance Company ("Principal"), the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained certification from Principal that such information is complete and accurate as follows:

	2018	2017
a. Statements of Net Assets Available for Benefits:		
Investments, at fair value	$ 22,875,374	$ 25,061,416
b. Statement of Changes in Net Assets Available for Benefits – Investment loss:		
Net depreciation in fair value of investments	$ (1,578,054)	
Interest earned on investments	1,301	

c. Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year) except for notes receivable from participants.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are units of pooled separate accounts, collective investment trust accounts, and guaranteed interest accounts managed by Principal. As Principal is the Plan custodian as defined by the Plan document, these transactions qualify as party-in-interest transactions.
