To the Plan Administrator of
Travelpro 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of Travelpro 401(k) Plan (the "Plan") for the year ended December 31, 2018 and have issued our report thereon dated June 27, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated February 6, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Travelpro 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We are pleased to report that no such misstatements arose during the course of our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

This information is intended solely for the use of the plan administrator and management of Travelpro 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Sharff, Wittmer, Kurtz, Jackson & Diaz, P.A.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the
Travelpro 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Travelpro 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by The Minnesota Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year), referred to as "supplemental information," as of or for the year ended December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Travelpro 401(k) Plan (the "Plan") provides only general information. More complete information regarding items such as employee and employer contributions, eligibility, vesting, and benefit provisions, may be found in the Plan document. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available upon request.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted effective January 1, 1994, by its sponsor, Travelpro Products, Inc. (the "Company").

The Plan is administered by a designated employee of the Company who is responsible to, and serves at the discretion of, the Company. The designated employee is responsible for providing information to participants and also has the primary authority for filing various reports, forms and returns with the U.S. Department of Labor and Internal Revenue Service ("IRS"). The CFO has been designated by the Company to serve as the administrator for the Plan for the period under audit. The Plan administrator has delegated the record-keeping function of the Plan to Securian Retirement Services, a business unit of Minnesota Life Insurance Company for the period through December 31, 2018.

Eligibility Requirements - To become eligible to participate in the Plan, employees must be the age of 21 and must have completed 6 months of service. Participants may enter the Plan as an active member on the first day of the month coinciding with or next following the date they become eligible.

Participant Contributions – For the Plan year ended December 31, 2018 participants may elect, on a pre-tax and/or after-tax basis, to defer and contribute the lesser of $55,000 or 100% of their annual compensation to the Plan. For Plan purposes, the participant's base compensation is W-2 compensation. Contributions are subject to certain limitations established by the Internal Revenue Service. The maximum pre-tax contribution for the years ended December 31, 2018 and 2017 was $18,500 and $18,000, respectively.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution. For the 2018 and 2017 Plan years, a maximum catch-up contribution of $6,000 was allowed.

The Company has an enrollment feature under the Plan for eligible employees, whereby a payroll deduction can be taken from the employee's compensation and will be treated as an elective deferral in accordance with the terms of the Plan. Employees can decline automatic enrollment, opt out at a later date or change their contribution rate at any time.

Company Contributions - The Company will match 50% of the amount each participant contributes to the Plan up to 3% of the participant's pre-tax compensation.

Rollovers - The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Payment of Benefits - Participants may receive an amount equal to the value of their vested interest upon the termination of employment, death, disability or retirement. The form of payment is a lump sum distribution, or participants may have their account balance transferred to an individual retirement account or other qualified plan.

Funds can be accessed prior to the date they become distributable by way of a hardship withdrawal. Hardship withdrawals can be made for any event that constitutes an "immediate and severe financial need" as prescribed by current IRS guidelines.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and the Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Percentage - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's contributions after four years of credited service.

Forfeitures - Forfeited amounts are reallocated to participants in the same manner as employer contributions. Forfeited nonvested accounts of $4,115 and $2,979 were used to reduce employer contributions for the years ended December 31, 2018 and 2017, respectively.

Death and Disability Provisions - Upon death and disability of participants, the accrued benefits will be paid to the beneficiaries as designated by the participants.

Plan Termination and Amendments - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. However, an amendment to the Plan (other than an amendment required to obtain or retain approval of the Plan under the Internal Revenue Code ("IRC") or other statute or any regulation or ruling thereunder) cannot retroactively deprive participants of their accrued benefit or interests. If the Plan is terminated, each participant's account becomes 100% vested.

Investment Options - Upon enrollment in the Plan, a participant may direct their contributions to be vested in one or more of the investment options available to the Plan.

Notes Receivable from Participants - The maximum amount of a participant's outstanding loans cannot exceed the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the new loan is made, over the outstanding balance of loans from the Plan on the date the new loan is made, or one-half of the participant's vested interest in the Plan. A participant may not request a loan for less than $1,000, nor may a participant have more than two outstanding loans at any one time. Principal and interest are paid ratably through payroll deductions.

Loans are provided at a commercially reasonable rate of interest determined by reviewing the interest rates charged for similar types of loans by other lenders. Interest rates are fixed for the duration of the loan. Normally, the maximum term of any loan is five years unless the proceeds are to be used to acquire a principal residence of the participant. Loans are secured by no more than one-half of the participant's vested account balance

Concentration of Credit Risk - Concentration of credit risk with respect to notes receivable from participants is limited due to the note receivable being secured by 50% of the participant's vested account balance and the maximum loan amount allowed per the loan policy.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP"), except for benefit payments, which are reported on a cash basis, in accordance with the guidelines of the American Institute of Certified Public Accountants and Accounting Guide, Audits of Employee Benefit Plans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - The Plan provides for investments in pooled separate accounts and a general account, which is held within a fully benefit-responsive Group Annuity Contract ("GAC"). The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. Assets within the pooled separate accounts include: fixed maturity securities, equity securities and cash and cash equivalents.

In accordance with FASB ASC Topics 946 and 962, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Under the definition referenced in ASC Topic 962, the contract provided by the Plan is fully benefit-responsive. Therefore, the general account is reported at contract value in the statements of net assets available for benefits. In addition, the statement of changes in net assets available for benefits is prepared using contract value for the fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Any gain or loss resulting from the sale of fund units is determined as the difference between the sales proceeds and the cost of units sold.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments in pooled separate accounts, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Participant Loans - *FASB ASC 962-310-45-2* requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent contributions receivable from participants are recorded as distributions based upon the terms of the Plan document.

Risk and Uncertainties - The Plan invests in mutual funds, which invest in various securities including corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk, credit risk and overall market volatility.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the value of participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - The Plan's administrative expenses are deducted from investment earnings before those earnings are credited to participants' accounts. Audit fees are paid by the Company.

Excess Contribution Payable - The Plan is required to return contributions received during the plan year in excess of the IRC limit. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants in February 2019.

NOTE 3 - TAX STATUS

The Plan is in the form of a prototype plan, sponsored by Travelpro Inc. The IRS ruled that the Plan qualifies under Section 401(a) of the IRC and is, therefore, exempt from income taxes. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the plan administrator has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition as a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 - asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 - other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 - significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The value of the units held in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the Net Assets Value (NAV) of the shares held by the Plan at year end. The NAV is based on the value of the underlying investments owned by the fund, minus its liabilities and administrative expenses, and then divided by the number of shares outstanding. In determining fair value, the market approach is used which utilizes process and other relevant information generated by market transactions involving identical generated assets or liabilities. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from independent sources.

Effective January 1, 2016, the Company adopted the new accounting pronouncement ASU No. 2015-07, Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset value per Share (or its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The Plan applied the amendment retrospectively. As such, as of December 31, 2018 and 2017 investments held in pooled separate accounts and measured at fair value have not been categorized within the fair value hierarchy.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2018 are reported in net depreciation in fair value of investments.

NOTE 5 - DATE OF MANAGEMENT'S REVIEW

The Plan has evaluated subsequent events through June 27, 2019, which is the date the financial statements were available to be issued.

NOTE 6 - GROUP ANNUITY CONTRACT

In 2003, the Plan entered into a fully benefit-responsive Group Annuity Contract ("GAC") with Minnesota Life Insurance Company ("Minnesota Life") to fund the Plan. The GAC offers a general account plus various pooled separate accounts, from a variety of investment managers. The main features and characteristics of the general account are as follows:

- The rate, or rates, established for monies invested in the general account may change periodically.
- All benefit payments prior to contract liquidation are made at book value (principal invested plus interest earned).
- General account assets are invested in the general assets of Minnesota Life.
- General assets are predominantly high quality fixed income investments such as bonds, mortgages, private placements, etc.

Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following Participant's initiated withdrawals or transfer requests that arise directly or indirectly out of corporate actions are considered events that limit the plan's ability to execute transactions at contract value with the issuer: spin-offs, plant shutdowns, divestitures, corporate relocation, group layoffs, early retirement incentive programs, the creation of a Competing Investment Fund, partial and total plan terminations or the liberalization of plan withdrawals or transfer rules.

NOTE 6 - GROUP ANNUITY CONTRACT (CONTINUED)

In the case of group layoffs, plant shutdowns, and early retirement programs, an amount equal to 15% of the balance of the Deposit Fund at the beginning of the Contract Year plus 15% of Contributions and transfers to the Deposit Fund less payments, withdrawals, or transfers from the Deposit Fund during the current year will be paid at book value. Any excess would be subject to the market value adjustment formula stated in the contract. Amounts payable to Participants from the Deposit Account(s) in accordance with the above paragraph, will be limited to Minnesota Life's pro-rata share of the amounts payable.

The occurrence of each of these events that would limit the ability of the Plan to transact at contract value with plan participants is not probable of occurring.

If the Plan terminates prior to the latest Maturity Date in which the Employer participates under the contract, the Plan may elect by written notice to Minnesota Life during the first six (6) months following the date of termination to receive the value of the Deposit Account(s) attributable to that Plan, in a lump sum payment. The amount of lump-sum payment will be as determined by Minnesota Life but will not be less than the amount determined in accordance with Section 7.02(d)(2)(ii) and 7.02(d)(3) of the annuity contract.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Under the Department of Labor's Rules and Regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. The Minnesota Life Insurance Company has provided certification as to the completeness and accuracy of the investments and related transactions, including investment income, participant loans and fees, as presented in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017 and in the statement of changes in net assets available for benefits for the year ended December 31, 2018. The accompanying supplemental schedule also includes investment information certified by The Minnesota Life Insurance Company as being complete and accurate.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Department of Labor regulations require the notes to the financial statements to explain any variances from GAAP or differences between the information reported in the separate statements and in Schedule H. The following reconciliations are necessary as Form 5500 is prepared on the cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.
