REPORT OF INDEPENDENT AUDITORS

Plan Administrator
American Engineering & Development Corporation 401(k) Profit Sharing Plan
Hialeah Gardens, Florida

We were engaged to audit the financial statements and supplemental schedule of American Engineering & Development Corporation 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator, that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following description of the American Engineering & Development Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established effective May 1, 1987.

The Plan is a defined contribution 401(k) savings and profit sharing plan covering all full-time employees who have one year of service and are age twenty-one or older. An employee shall become a participant on the entry date immediately following the date the employee completes the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Contributions to the Plan consist of the following:

1. Voluntary employee deferral contributions up to the maximum established by the Internal Revenue Service.

2. American Engineering (the "Company") contributes matching and additional nonelective amounts each year at the discretion of the Board of Directors. For the Plan year ending December 31, 2009, the Company contributed a matching contribution of 50 percent of the first 6 percent of base compensation to the plan.

3. Participants may also contribute amounts representing distributions from other qualified defined contribution plans and eligible annuity contracts.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

(Continued)

NOTE 1. DESCRIPTION OF PLAN (Continued)

Allocations: The Company's contributions may consist of a discretionary nonelective contribution and discretionary employer match. Discretionary Company matching contributions are allocated among the individual accounts of participants who are eligible to receive a contribution for that plan year, determined weekly, based on a percentage of participants' pretax contributions not to exceed a dollar amount or percentage as determined by the employer. Discretionary Company nonelective contributions are allocated among the individual accounts of participants who are eligible to receive a contribution for that plan year, determined annually, based on a percentage of participants' gross wages not to exceed a dollar amount or percentage as determined by the employer. Discretionary nonelective contributions will be allocated in the following steps: (1) The contribution will be allocated to the participant's account in the same proportion that the participant's compensation plus the participant's compensation in excess of the integration level (also called "excess compensation") bears to the total compensation plus "excess compensation" of all eligible participants. The maximum amount that can be allocated to the participant's account in this step varies and is dependent upon the integration level. (2) If after the first step of the allocation process there still remains a portion of the contribution which has not been allocated, then the remainder will be allocated to the participant's account in the same proportion that the participant's compensation bears to the total compensation of all participants. Forfeitures are reallocated as additional employer contributions.

Vesting: Participant elective contributions, Qualified Matching Contributions (QMAC) and Qualified Non-Elective Employer Contributions (QNEC) are 100% vested at all times.

Participants' share of employer matching or nonelective contributions are subject to the following vesting schedule:

Years of Service	Percent Vested
Less than 2	0
2, but less than 3	20
3, but less than 4	40
4, but less than 5	60
5, but less than 6	80
6 or more	100

Death and Disability: A participant is entitled to 100 percent of his or her account balance upon death or disability.

Payment of Benefits: Benefits are recorded when paid. Upon termination, the participant's account balance is distributed if the vested value of the participant's account is $1,000 or less. If the balance exceeds $1,000, the participant may leave the balance in the Plan or request payment. On termination of service, the Plan provides that the form of payment shall be either lump sum cash payment or direct rollover to another qualified plan. The Plan also allows hardship withdrawals in certain circumstances.

(Continued)

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Loans Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The maximum repayment period for all loans less than $2,000 is three years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid in equal installments through payroll deductions. The entire outstanding balance of the loan, including accrued interest, shall become immediately due and payable on the date of termination.

Forfeited Accounts: Forfeited nonvested accounts totaled $50,474 and $65,382 as of December 31, 2009 and 2008, respectively. Forfeitures are reallocated as additional employer matching contributions using a dollar amount or percentage of included compensation that is uniformly determined by the Plan sponsor for all eligible participants. During the year ended December 31, 2009 $63,550 was allocated to participants as a matching contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards:
In September 2009, the FASB issued Accounting Standards Update 2009-12, *Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)* which provides a practical expedient for measuring the fair values of Plan investments in a limited number of entities that calculate a net asset value per share (such as hedge funds, private equity funds, funds of funds, and certain collective trusts, common trusts and pooled separate accounts). This guidance also provides enhanced disclosure requirements, and it became effective for Plan reporting periods ending after December 15, 2009. Early application is permitted in financial statements that have not yet been issued. The Plan's adoption of this standard in 2009 had no material effect upon net assets available for benefits.

Administrative Expenses: The Plan sponsor paid a portion of the cost of administering the Plan for the year ended December 31, 2009.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities, and actual results may differ from those estimates.

(Continued)

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk and Uncertainties: The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to change in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: Plan's investments are stated at fair value (see Note 5). Purchases and sales of securities are recorded on a trade-date basis. Any gain or loss resulting from the sale of fund shares is determined as the difference between the sales proceeds and the cost of shares sold. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully benefit-responsive investment: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's indirect interests in fully benefit responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contract through its investment in a stable value fund. No adjustment line is presented in the statements of net assets available for benefits, as the difference between contract value and fair value was determined by management to be immaterial.

NOTE 3. TAX STATUS

The Plan is a defined contribution prototype plan. In March 31, 2008, the Prototype Plan received a favorable opinion letter from the Internal Revenue Service for its qualification as a tax-exempt plan under Section 401(a). The Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service.

NOTE 4. INVESTMENTS – UNAUDITED INFORMATION

SunTrust Bank, the trustee of the Plan, holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments included in the financial statement has been certified by them. This information has not been audited by independent accountants.

NOTE 4. INVESTMENTS – UNAUDITED INFORMATION (Continued)

At December 31, 2009 and 2008, the Plan had the following investments that were in excess of 5% of the net assets available for benefits:

Mutual Funds at fair value:

	2009	2008
Fidelity Advisor Equity Growth Fund	$ -*	$ 346,340
Ridgeworth Moderate Allocation Strategy I	1,268,611	743,990
T. Rowe Price Growth Stock Fund R	442,205	-*
Franklin Balance Sheet Investment Fund	422,007	343,264
Common Collective funds at fair value:		
SunTrust Retirement Stable Asset Fund	2,074,036	2,352,900
SunTrust Retirement 500 Index Fund	411,046	345,751

*For comparative purposes only.

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	$ 524,592
Common and collective funds	132,819
	$ 657,411

During the year ended December 31, 2009, the Plan earned interest and dividend income of $71,004.

NOTE 5 – FAIR VALUE MEASUREMENT

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENT (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs form multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumption used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trust funds (other than stable value funds): The fair values of participation units held in collective trust funds, other than stable value funds, are based on their net asset values, as reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The collective trust fund investment objective is to seek the performance of Standard and Poor's 500 Index. Underlying investments of the collective trust vary, with holding a blend of various stocks and REITs. The collective trust provides for daily redemptions by the Plan at report net asset values per share, with no advance notice requirement.

Stable value funds: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund provides for daily redemptions by the Plan at report net asset value per share with no advance notification requirements.

Participant loans: Participant loans are reported at their outstanding balances, as the fair value of the loans is not practicable to estimate due to restrictions placed on the transferability of the loans.

NOTE 5 – FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2009 Using

NOTE 6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provision of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of common collective trusts issued by the SunTrust Bank and certain mutual funds are issued by Ridgeworth Investments, an affiliate of the trustee; therefore, these transactions qualify as party-in-interest. Participant loans are also considered party-in-interest. Fees paid by the Plan for investment management services amounted to $1,372 for the year ended December 31, 2009. All other administrative expenses of the Plan were paid by the Company for the year ended December 31, 2009.

NOTE 8. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 10, 2010, which is the date the financial statements were available to be issued.
