Independent Auditor's Report

To the Plan Sponsor of the
Quiz "K" Savings Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Quiz “K” Savings Plan (the “Plan”), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustee and custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2018, are required by the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee and custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Description of the Plan

The following description of the Quiz “K” Savings Plan (the “Plan”) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan which went into effect January 1, 1995 that was generally available to all employees of QCE LLC (excluding leased employees, employees who are residents of Puerto Rico, and nonresident aliens). Employees become eligible to make salary deferral contributions on the first payroll period coinciding with or next following their completion of one month of service and attainment of age 21. The Plan recognized service for purposes of eligibility and vesting with the following predecessor organizations: (1) The Quizno’s Corporation, (2) American Food Distribution, (3) Quizno’s DIA, (4) National Restaurant Supply, and (5) Capotek. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Change in Plan Sponsor and Plan Amendments. In June 2018, High Bluff Capital Partners purchased assets of QCE LLC. In connection with this purhase, REGO Intermediate Holdings Company, LLC (the “Company”, “Employer”, "Plan Sponsor", or “Plan administrator”) became the new Plan Sponsor effective June 8, 2018.

Effective June 8, 2018, Quiz DIA Holdings, LLC became a Participating Employer in the Plan.

Effective October 1, 2018, the Plan was amended to add Rego Restaurant Holdings LLC as a Participating Employer in the Plan.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute up to 60% of their pretax compensation, as defined in the Plan document, subject to limitations. Additionally, participants may contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. The Plan has an auto enrollment feature that provides for newly hired employees and newly eligible employees to be auto-enrolled at 5% unless they make an affirmative election otherwise. A participant’s total salary-deferred contribution cannot exceed $18,500 ($24,500 if 50 or older) in calendar year 2018.
- Rollover Contributions – Amounts distributed to eligible participants from other qualified employee benefit plans may be rolled into the Plan.
- Employer Discretionary Matching Contributions – The Employer may make a discretionary matching contribution each year. In order for participants to be eligible to receive the Employer discretionary matching contribution, they must be employed on the last day of the Plan year unless they terminate employment during the year due to death, disability, or retirement. After completing one year of service, as defined, and attainment of age 21, employees become eligible for the Employer discretionary matching contribution on the first day of the next payroll period. For the year ended December 31, 2018, the Employer did not make a discretionary matching contribution.

All contributions are allocated to the Plan’s investment funds at the direction of the participants.

Note 1 – Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Company's contribution (Employer discretionary matching, if any), (b) fund earnings or losses, (c) Plan credits, and (d) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their salary deferral contributions, rollover contributions, prior Employer safe harbor matching contributions, Employer discretionary matching contributions, and related earnings thereon.

Investment Options. During 2018, participants had the option to direct their investments into various mutual funds, common collective trusts ("CCT"), or any security offered under the Schwab Personal Choice Retirement Account ("PCRA").

Unallocated Asset Accounts. The Plan maintains an advanced Employer, forfeiture credit, and expense budget account (collectively, "unallocated asset accounts"). Such accounts are used to pay administrative expenses of the Plan, credit participants' accounts, or used to reduce Employer contributions. The unallocated asset accounts are held in the TFLIC Stable Value Account and had a balance of $1,352 and $900 as of December 31, 2018 and 2017, respectively.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of (i) $50,000, reduced by the participant's highest outstanding loan balance during the prior 12 month period, or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term up to ten years is available if used for the purchase of a principal residence). The loans are secured by the balance of the participant's account and bear interest at the prime rate plus 1%. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum or installments equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59½, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Use of Estimates and Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the Plan's investment in an unallocated insurance contract which is stated at contract value (see Note 4). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, trustee, and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits Payments. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Also, included in administrative fees are recordkeeping, distribution, account maintenance, consulting, investment management, and other administrative expenses. Additionally, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3– Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements (continued)

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds are valued at the quoted net asset value ("NAV") of shares held by the Plan at year end;
- Self-directed brokerage accounts primarily consist of mutual funds, common stocks, and money market funds that are valued on the basis of readily determinable market prices; and
- Common collective trusts ("CCT") are valued at the NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCT will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables sets forth by level, within the fair value hierarchy ("FV Hierarchy"), the Plan's assets at fair value as of December 31, 2018 and 2017:

	Fair Value Measurements at December 31, 2018

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of levels 1, 2 or 3.

Note 3 – Fair Value Measurements (continued)

Investments in Certain Entities that Calculate NAV per Unit. The following table for December 31, 2018 and 2017, sets forth a summary of certain of the Plan's investments with a reported NAV:

Investment	Fair Value as of December 31, 2018	Fair Value as of December 31, 2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period & Other Redemption Restrictions
Common Collective Trusts (a)	**$ 2,744,758**	$ 3,651,018	**None**	**Daily**	**(b)(c)(d)**

(a) Various stable value or target date investment strategies that are consistent with investment strategies of investors who have retired or expect to retire in various years from 2010-2060. The underlying investments of these common collective trusts include invesment grade fixed income investments for the stable value fund and mutual funds, collective trusts, and pooled separate accounts for the target date funds.

(b) None for all CCTs except the PIMCO Stable Income Class I CCT.

(c) PIMCO Stable Income Class I CCT: Participants cannot transfer their Fund balances to competing fixed income funds, such as money market funds, short-term bond funds, or brokerage windows. Balances transferred to non-competing funds cannot be transferred to competing fixed income funds for 90 days, but may be transferred back to the Fund at any time.

(d) PIMCO Stable Income Class I CCT: All investment contracts held by the Trust at December 31, 2018 and 2017 are fully-benefit responsive. Withdrawals from these contracts may be made at contract value for qualified benefit payments, including participant-directed transfers. The Trust attempts to reduce the risk of significant non-benefit related withdrawals by participating plans, which are permitted under the Declaration of Trust upon receipt of twelve months written notice, by investing in certain contracts which allow the Trust to effect book value withdrawals from the issuing entity under various circumstances.

Note 4 – Investment Contract with Insurance Company

The Plan has entered into a traditional benefit-responsive investment contract, the TFLIC Stable Value Account ("SVA"), with Transamerica Financial Life Insurance Company ("Transamerica"). Transamerica maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate.

This contract meets the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for fully benefit responsive investment contracts because this is the amount received by participants or the Plan if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants or the Plan may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017, was $1,352 and $900, respectively. The investment contract does not have a defined maturity specified in the contract.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. For example, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

Note 5 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee and custodian of the Plan have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, and Notes 3 and 4;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017;
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2018, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Company has adopted a Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Profit Sharing Plan ("volume submitter plan"). The volume submitter plan received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the volume submitter plan and Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2018 and 2017. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments were invested in an unallocated insurance contract offered by Transamerica. As Transamerica is the custodian of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2016 and 2017, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The Company corrected these late contributions and loan repayments by remitting lost earnings into the Plan's trust in October 2018.

Note 10 – Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 –Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 6, 2019, which is the date the financial statements were available to be issued.

Effective January 1, 2019, the Standard Life Insurance Company and Standard Retirement Services, Inc. (collectively, "The Standard") was appointed the Plan's custodian and record keeper, respectively. In connection with this change in the Plan's service providers, a blackout period commenced January 18, 2019 and ended the week of February 11, 2019.

Effective January 1, 2019, the Plan document was amended and restated. In connection with the amendment and restatement the following:

- The Plan's name was changed to Rego Restaurants 401(k) Plan;
- The Plan's auto-enrollment feature was eliminated;
- The Plan's eligibility requirements for purposes of salary deferral contributions and discretionary Employer matching contributions was changed to be completion of two months of service and attainment of age 21;
- The Plan's salary deferral contribution limit was changed from 60% of compensation to the maximum amount allowed under the IRC;
- The Plan recognizes prior service for purposes of eligibility and vesting with the following organizations: (1) Quizno's DIA, The Quizno's Corporation and (2) Taco Del Mar; and
- The Plan's vesting schedule was changed to a 3 year cliff vesting schedule such that participants become 100% vested in their account after completing 3 years of service. However, this new vesting schedule does not apply to participants who were employed on December 31, 2018. Such participants will remain 100% vested in their accounts.

Effective May 31, 2019, the Plan had a change in the Trustees.
