NOTE 1 - DESCRIPTION OF PLAN

GENERAL

The Riata Management LLC 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2007, and amended and restated effective May 1, 2018, and covers substantially all employees of Riata Management LLC and affiliated employers: Longfellow Energy, LP; Longfellow Ranch Partners, LP; Stockton Entertainment, LLC; Stockton Plaza, LP; and Texas Lantana, LLC, (collectively, the "Company" or "Plan Sponsor"). Transamerica Life Insurance Company ("Transamerica") serves as the custodian and record-keeper ("Custodian" and "Record-keeper") of the Plan. Three members of management of the Company serve as the Plan's Trustees. The Company has elected NOVA Associates Inc. as the plan administrator ("Plan Administrator"). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation after completing three months of service and 21 years of age, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, discretionary employer profit sharing and matching contributions, and an allocation of plan earnings and charged with administrative expenses. The allocations are based on participant earnings or account balances, as defined. Participants may modify salary deferral elections each payroll period.

CONTRIBUTIONS

Each year, a participant may elect to contribute a portion of his or her pretax compensation, up to 90%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted by the Plan.

The Plan allows for employer profit sharing and discretionary employer matching contributions in amounts to be determined by the Company. To receive such contributions, a participant must be participating in the Plan at the end of the year. For the year ended December 31, 2018, the Company contributed matching contributions in the amount of 50% of participant elective deferrals up to 10% of a participant's eligible compensation contributed to the Plan. No profit sharing contributions were made for the year ended December 31, 2018.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Participants with vested account balances greater than $5,000 may defer their distributions to a later date. Participant account balances less than $5,000, upon termination, may be rolled over to an Individual Retirement Account or, if less than $1,000, "cashed out" as an involuntary lump-sum payment.

NOTE 1 - DESCRIPTION OF PLAN

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants among a variety of investment options, including pooled separate accounts and a stable value fund in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in elective deferrals including catch-up contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants will be credited with a year of service after completing 1,000 hours during the computation period. Participants vest 33% beginning after one year of qualified service, 66% after two years of qualified service, and are 100% vested after three years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are available to reduce future Company contributions or pay Plan administrative expenses. These amounts are reported as a component of net assets available for benefits. At December 31, 2018 and 2017, forfeited non-vested accounts available for future use totaled $26,905 and $22,841, respectively. During 2018, $44,794 of forfeitures were utilized to reduce Plan expenses and employer contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are not allowed by the Plan.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expense.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

BENEFITS

Benefits are recorded when paid.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income or loss is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, "Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements", which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Pooled separate accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year end, as determined by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Stable value fund: Valued at the NAV of units of a collective trust, as determined by the Custodian. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash: Stated at cost which approximates fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS, CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 26,905	$ -	$ -	$ 26,905
Pooled separate accounts	-	6,036,538	-	6,036,538
Stable value fund	-	355,057	-	355,057
Total investments at fair value	$ 26,905	$ 6,391,595	$ -	$ 6,418,500

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 7,000,812	$ -	$ 7,000,812
Stable value fund	-	531,849	-	531,849
Total investments at fair value	$ -	$ 7,532,661	$ -	$ 7,532,661

NOTE 4 - INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Transamerica Life Insurance Company, the Custodian and party-in-interest as defined by ERISA, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2018	2017
Investments at fair value:		
Pooled separate accounts	$ 6,036,538	$ 7,000,812
Stable value fund	355,057	531,849
Interest-bearing cash	26,905	-
Total investments, at fair value	$ 6,418,500	$ 7,532,661
Net depreciation in fair value of investments	$ (330,933)	

NOTE 5 – STABLE VALUE FUND

The Plan invests in a common collective trust held by Transamerica Life Insurance Company. The investment in the Stable Value Fund earns interest at a crediting rate reflected by the amortization of realized and unrealized gains and losses in the underlying portfolio of the fund. From time to time, the crediting rates earned by the Plan for this fund may differ from current market interest rates. Factors that might influence future crediting rates include, but are not limited to, portfolio cash flows and performance, current market interest rates for reinvestment, duration posture, credit downgrades, the unexpected receipt of principal and interest payments and extraordinary withdrawals. At December 31, 2018, there were no unfunded capital commitments.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of a stable value fund managed by Transamerica Life Insurance Company. Transamerica acted in capacity as the Custodian and Recordkeeper, as defined by the Plan. As such, these investments qualify as party-in-interest investments. During 2018, administrative expenses paid to the party-in-interest totaled $47,170.

NOTE 7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by NOVA Associates Inc., which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2015.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan utilizes various investment options in pooled separate accounts and a stable value fund. Investment securities in general are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and those such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

NOTE 10 – DELINQUENT CONTRIBUTIONS

During 2017, employee withholdings and loan repayments in the amount of $20,943 were unintentionally late in being transferred to the Plan. During 2018, the Company corrected these late remittances with lost earnings and interest calculated using the Department of Labor guidelines for late remittances.

NOTE 11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events,*" the Plan has evaluated events or transactions occurring after December 31, 2018, the statements of net assets available for benefits date, through September 20, 2019, the date the financial statements were issued, and determined no such subsequent events or transactions that would impact the financial statements for the year ended December 31, 2018.
