BROADPOINT 401(k) PLAN
HOUSTON, TEXAS

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

1. Description of Plan

The following description of the Broadpoint 401k Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document which can be obtained from the Plan administrator.

General

Broadpoint (the "Company") is the Plan sponsor.

The Plan is a defined contribution 401(k) profit sharing plan established under the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan covers substantially all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Under the terms of the Plan, members may make contributions by electing to defer at least 1% of their base compensation up to \$16,500 and \$15,500 in 2009 and 2008, respectively, with the Company contributing an amount equal to 50% of the first 6% of the member's current contribution to the Plan. On January 30, 2009, employer contributions were temporarily suspended by management restricting additional employer matching contributions to be made to the Plan through December 31, 2009. Members may suspend contributions at any time.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income and/or loss, the Company's contributions and the participant's contributions. Allocations are based on participant account balances, as defined.

Payment of Benefits

Member withdrawals from elective contribution accounts are subject to certain hardship rules provided by the Plan. All vested Company contributions may be fully withdrawn upon termination of employment.

Benefits are generally payable upon termination of service as a lump-sum payment. Members may also elect to receive distributions under installment payments or under an annuity contract, subject to the provisions of the Plan document.

HOUSTON, TEXAS

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their elective contributions and their employer retirement contributions. Vesting in Company matching contributions is based on years of continuous service. Participants vest in such contributions according to the following schedule:

Less than two years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more	100%

Forfeitures

Upon termination of service as defined by the Plan, any portion of the balance in a member's Company account which is not vested is forfeited to the Company and applied against Company contribution obligations for the Plan year.

Participant Loans

Members are permitted to borrow up to 50% of their elective account balance with a maximum of \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.00% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan repayments are made through regular payroll deductions over a period of up to 60 months for personal loans. If a member's employment terminates for any reason (including death or retirement) prior to full repayment of the loan, the loan balance is cancelled and becomes taxable income to the member.

Risks and Uncertainties

The Plan provides for various investments in guaranteed interest fund, pooled separate accounts, and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments

The Plan's investments are stated at fair value as determined by Principal Life Insurance Company, Trustee, based on the quoted market value of the underlying assets.

Benefit Payments

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

Administrative Expenses

The Plan's administrative expenses are distributed over the investment funds prior to the allocation of any earnings to the individual participant accounts.

3. Investments (Unaudited)

Principal Life Insurance Company, trustee of the Plan, holds the Plan's investments and executes Plan transactions.

Participants are permitted to invest all amounts (Company matching contributions and member contributions) in any of the investment alternatives available under the Plan. The Plan offers investments in guaranteed investment contracts and pooled separate accounts.

The investment contracts are available under a group annuity contract issued by Principal Life Insurance Company, and are backed by Principal Life Insurance Company's General Account. This investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to this option will be credited interest at a guaranteed interest rate Principal Life declares for a set period of time.

HOUSTON, TEXAS

NOTES TO FINANCIAL STATEMENTS

3. Investments (Unaudited) (continued)

Guaranteed interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on this guaranteed interest rate in effect for the date that the amount is allocated to this guaranteed interest account. A surrender charge may apply to transfers or withdrawals from an unmatured guaranteed interest account.

Pooled separate accounts are comprised of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds.

The following table presents the fair values of investments of the Plan:

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's financial statements and supplemental schedule include unaudited information that was prepared by Principal Insurance Company, trustee. The Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Plan Benefits as of December 31, 2009 and 2008.
- Net appreciation in fair value of investments and interest income as shown in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2009.
- Information contained in the Schedule of Assets Held at End of Year at December 31, 2009, as shown on Schedule H.

5. Fair Value Measurements (Unaudited)

The Plan adopted Statement of Financial Accounting Standards, Fair Value Measurements (As Amended) (FASB ASC 820-10) on January 1, 2008. FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

BROADPOINT 401(k) PLAN
HOUSTON, TEXAS

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009

5. Fair Value Measurements (Unaudited) (continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Guaranteed investment contracts: Valued at fair value representing the amount plan sponsors would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge.

Pooled separate accounts: Valued at the net asset value ("NAV") based on the market value of the underlying investments.

Participant loans: Valued at amortized cost, which approximates fair value.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are to become fully vested in their accounts, and both participant and all Company contributions, including any income earned, are to be distributed to the participants.

7. Related Party Transactions

Certain Plan investments are shares of common collective trust funds managed by Principal Insurance Company. Principal Insurance Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Any transactions involving these investments are made on the open market at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of the party-in-interest transactions under ERISA.

8. Tax Status

The Plan obtained its latest determination letter on July 22, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 29, 2010 and noted on June 8, 2010 Broadpoint signed an agreement to merge with MTPCS, LLC dba Cellular One. Broadpoint, formerly Petrocom, LLC, dba Broadpoint, is now Broadpoint LLC. No other events were noted requiring disclosure.
