Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Food Concepts International, LP 401(k) Plan (the Plan), which comprise the Statement of Net Assets Available for Benefits as of December 31, 2018, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related Notes to Financial Statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), Plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan (Custodian), except for comparing such information with the related information included in the financial statements. We have been informed by Plan management that the Custodian holds the Plan's investment assets and executes investment transactions. Plan management has obtained a certification from the Custodian as of December 31, 2018 and for the year then ended, that the information provided to Plan management by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Notes to Financial Statements
December 31, 2018 and 2017

Note 1: Description of the Plan

The following description of the Food Concepts International, LP (Company) 401(k) Plan (the Plan) provides only general information. HYWM, LLC, Abuelo's International, and Abuelo's Urban Taqueria, LLC, are under ownership of Food Concepts International, and are participating employers in this plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers substantially all full-time employees of the Company who have completed two months of service and attained the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 1 percent up to 100 percent, limited to $18,500 for 2018, of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 for 2018, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers an array of John Hancock Life Insurance Company funds for participants. The Employer, at its discretion, may make matching contributions to the Plan to the extent and in the manner required by the Safe Harbor CODA provisions of the plan agreement. A participant shall be 100% vested in the value of Safe Harbor match. For the 2018 plan year, the Company satisfied the Safe Harbor CODA requirements and has provided a matching contribution equal to 100% of each participant's contribution, up to a maximum of 3% of the participant's compensation, plus 50% of each participant's contributions that exceeds 3%, but not more than 5% of the participant's compensation. Additional profit sharing amounts may be contributed at the option of the Company's management. No such additional contributions were made during 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of plan earnings and administrative expenses. Allocations are based on participant earnings and account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions and matching contributions is based on years of continuous service as follows:

Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions in the following investment options.

Guaranteed Interest Contracts. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined three, five or ten year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Pooled Separate Accounts. Assets in each separate account are pooled with funds of other investors invested in securities, collective trusts, and mutual funds. The accounts are expressed in "units." The "unit value" is the dollar value of one unit and is determined by dividing the value of the entire account by the total number of units in the account. Contributions to the Account increase the number of units. The increase or decrease in number of units is determined by dividing the amount of the contribution or withdrawal by the unit value for the day the transaction is made. Separate accounts can function and perform in a way that is similar to a mutual fund. Consequently, the unit value of a separate account fluctuates in accordance with changes in the value of its underlying investments minus any separate account fees and charges.

Forfeitures

Forfeitures of non-vested accounts may be used to pay Plan administrative expenses or reduce future Company discretionary and non-discretionary contributions. At December 31, 2018 and 2017 there were no forfeited accounts. Any forfeited amounts would first be used to reduce administrative expenses.

Notes Receivable from Participants

Participant loans are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met.

Administrative Expenses

Significant administrative expenses are absorbed by the plan as provided by the plan document. The plan sponsor also pays a portion of expenses related to maintaining the plan. Administrative expenses

paid by the Plan were $30,650 and $9,813, respectively for the year ended December 31, 2018 and 2017.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Note 3: Investment Information

Information related to investments as of December 31, 2018 and 2017, the related investment income and realized and unrealized gains and losses on investments for the year ended December 31, 2018 was certified by John Hancock Life Insurance Company (the Custodian) as permitted by Regulation 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4: Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, (FASB ASC 820) establishes a framework for measuring

fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Guaranteed Interest Contracts: the Plan's investment in the guaranteed interest contracts is stated at fair value as of December 31, 2018 and 2017. The guaranteed interest contracts are included in the financial statements at fair value because they are not fully benefit responsive.

Pooled Separate Accounts: the Plan's investments in the pooled separate accounts (PSAs) are valued at the net asset value (NAV) practical expedient to fair value for the underlying investments in mutual funds as reported by the issuer of the PSAs for the years ended December 31, 2018 and 2017. Net asset value is calculated as the number of units held on a particular date multiplied by the unit value on that date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	2018	2017
Level 3:		
Guaranteed interest account	87,516	85,044
Investments measured at net asset value as a practical expedient:		
Pooled separate accounts[(1)]	9,452,181	10,468,610
Total investments, at fair value	$ 9,539,697	$ 10,553,654

(1) Investments that are measured at fair value using NAV as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended December 31, 2018:

Guaranteed interest account:	
Balance, beginning of year	$ 85,044
Earnings	887
Purchases	1,799
Credits to participants	39
Contract administration fees	(253)
Balance, End of Year	$ 87,516

Note 5: NAV per Share

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those investments whose fair value is estimated using the NAV per share as practical expedient. As of December 31, 2018 and 2017, NAV per share was used to measure the Plan's investments in pooled separate accounts.

The following table sets forth a summary of the Plan's investments with a reported NAV as of December 31, 2018 and 2017.

	Fair Value 2018*	Fair Value 2017 *	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts (a)	$9,452,181	$10,468,610	n/a	Daily	None	None

* The fair values of the investment have been estimated using the NAV as practical expedient.

(a) Each separate account managed by John Hancock holds shares of a single underlying mutual fund and follows the investment strategies of that fund.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

Note 6: Related Parties and Party-In-Interest Transactions

During 2018 and 2017, certain Plan investments were in pooled separate account funds that were managed by entities related to the Custodian and, therefore, these transactions qualified as party-in-interest transactions. Also, the Plan uses the services of an investment advisor affiliated with Merrill Lynch, the Consultant, who is considered a related party. The Plan paid a total of $10,555 in indirect compensation to the Consultant during the year. All transactions were exempt from the prohibited transaction provisions under ERISA.

Note 7: Investment Contract with Insurance Companies

The Plan maintained investment contracts with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintained the contributions in pooled accounts and guaranteed interest accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by John Hancock Life Insurance Company.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating.

Note 9: Plan Tax Status

The Plan has adopted a prototype plan, which obtained its latest opinion letter from the Internal Revenue Service (IRS) dated September 30, 2014, in which the IRS stated that the prototype

document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 1, 2019, the date the financial statements were available to be issued, to determine whether such events should be recorded or disclosed in the financial statements. Management believes that there have been no material subsequent events that have arisen that would require additional disclosures or accrual in the accompanying financial statements.
