Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pritchett Trucking, Inc./Nextran Corporation 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A. (BOA), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that BOA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from BOA as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by BOA is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by BOA, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Pritchett Trucking, Inc./Nextran Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan maintained by Pritchett Trucking, Inc./Nextran Corporation (the Company or Employer) for the benefit of its eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees, excluding those who are leased, temporary, non-resident aliens, covered by a collective bargaining agreement, or of an affiliate that has not adopted the Plan, who complete 6 months of service are eligible to participate in the Plan as of the first day of the month coincident with or subsequent to the above condition being met.

Contributions

Participants may elect to contribute, on a pre-tax basis, a portion of their compensation as determined and defined by the Plan, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible participants are permitted to make catch-up contributions. Participants may also contribute, on a pre-tax basis, amounts representing distributions from other qualified plans (rollovers). The Employer may make a discretionary matching contribution (Employer matching contributions) on a per pay period basis. The Employer matching contribution is equal to 25% of the participant's contribution up to 4% of the participant's compensation. Contributions are invested in various investment options at the direction of the participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, and each participant's share of the Plan's income (loss). The Plan's income (loss), with respect to each investment fund, is allocated based on the proportion that each participant's account balance invested in such fund has to the total of all participants' account balances invested in such fund.

Vesting

Participants are always 100% vested in their contributions and related earnings thereon. Employer matching contributions, and the related earnings thereon, are vested in accordance with the following schedule:

Years of Service	Percent Vested
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

1. Description of the Plan (cont.)

Forfeitures

The Plan allows forfeitures to first be used to reduce Employer matching contributions, and any remaining forfeitures may be used to reduce administrative expenses and then allocated to participants. The unused forfeiture account balance was approximately $24,000 and $22,000 as of December 31, 2018 and 2017, respectively. Total forfeitures were approximately $17,000 during the year ended December 31, 2018. Approximately $15,000 of forfeitures were used to offset Employer matching contributions during the year ended December 31, 2018.

Participants' Notes Receivable

A participant, with spousal consent, may borrow up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Notes are secured by the participant's account balance and bear interest at a reasonable rate of interest as determined by the trustee based on prevailing interest rates charged for similar loans in the loan market. Notes are repaid through payroll deductions over a period not to exceed five years, with exceptions for the purchase of a primary residence.

Benefit Payments

Participant accounts may be withdrawn, with spousal consent, upon attaining the normal retirement age (59 1/2), termination of employment, death, or disability. The Plan also allows for in-service withdrawals, with spousal consent in the event of a financial hardship. Vested account balances at the time of termination that are $5,000 or less, excluding rollover accounts, will also be distributed. A participant may elect to receive the benefits in the form of cash or an in-kind distribution and as either a lump-sum distribution or installment payments over a specified period of time.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain expenses incurred from maintaining the Plan are paid directly by the Company. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Administrative expenses relating to specific participant transactions are charged directly to the participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for information on fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Subsequent events have been evaluated through September 30, 2019, the date the financial statements were available to be issued.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A. (BOA) has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018, is covered by such certification.

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurement

The Plan follows Accounting Standards Codification (ASC) topic 820, Fair Value Measurement, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below. There were no significant transfers between Level 1 and 2 investments or into or out of Level 3 investments during the years ended December 31, 2018 and 2017.

4. Fair Value Measurement (cont.)

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - Valued at the quoted market prices of shares held by the Plan at year-end. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (NAV) as of December 31, 2018 and 2017. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trusts Funds - Valued at the NAV based on the last reported sales price of the underlying investments held. The NAV is used as a practical expedient to estimate fair value. The Plan's interest in the common/collective trusts are based on unit values reported by the Plan's trustee using audited financial statements of the funds at year-end and are not classified within the valuation hierarchy.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 23,190,272**	**$ -**	**$ -**	**$ 23,190,272**
	$ 23,190,272	**$ -**	**$ -**	**23,190,272**
Common collective trust funds measured at NAV*				**7,497,680**
Total investments at fair value				**$ 30,687,952**

4. Fair Value Measurement (cont.)

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 24,599,056	$ -	$ -	$ 24,599,056
	$ 24,599,056	$ -	$ -	24,599,056
Common collective trust funds measured at NAV*				6,317,842
Total investments at fair value				$ 30,916,898

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate net asset value per share (or its equivalent) is as follows:

	Fair Value at December 31,				
Investment	**2018**	2017	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trust funds	**$ 8,124,481**	$ 6,317,842	N/A	Daily	N/A

5. Income Tax Status

The Plan is based on a Prototype Non-Standardized Plan with CODA (prototype plan) sponsored by Merrill Lynch Pierce Fenner & Smith Inc. The Internal Revenue Service (IRS) has issued a favorable opinion letter dated March 31, 2014. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transaction

Merrill Lynch Trust Co., a subsidiary of BOA, owns a 49% stake in Blackrock, an issuer of mutual funds held by the Plan. BOA is the trustee of the Plan and therefore these transactions qualify as party-in-interest transactions. Usual and customary fees were paid for investment management services. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts, and the Plan administrator will facilitate the distribution of account balances under the provision of the Plan and trust agreement until all assets have been distributed.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's statement of net assets available for benefits.

The Invesco Stable Value Retirement Class 4 (collective trust fund) and JP Morgan US Equity Fund Class A (mutual fund) represented approximately 22% and 14% of the total investments at December 31, 2018, respectively and 19% and 15% at December 31, 2017, respectively.

9. Excess Contributions Refundable

The Plan failed the discrimination test for the years ended December 31, 2018 and 2017. Excess contributions refundable in the amount of $49,189 and $60,063 as of December 31, 2018 and 2017, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits. Also, an increase of $49,189 and $60,063 in benefits paid directly to participants for the years ended December 31, 2018 and 2017, respectively, are recorded in the statement of changes in net assets available for benefits. The Plan reimbursed these excess contributions to its participants in the following year.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Years ended December 31,		**2018**		2017
Net assets available for benefits per financial statements	**$**	**32,254,817**	$	32,524,818
Contributions receivable		**(16,047)**		(14,269)

Net assets available for benefits per Form 5500	**$**	**32,287,959**	$	32,570,612

10. Reconciliation of Financial Statements to Schedule H of Form 5500 (cont.)

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the net loss per Form 5500:

Net decrease in net assets available for benefits per financial statements	**$**	**(270,001)**
Net increase in contributions receivable		**(1,778)**
Net decrease in excess contributions refundable		**(10,874)**
Net loss per Form 5500	**$**	**(282,653)**
