LENNY YEH, INC.
An Accountancy Corporation

Independent Auditor's Report

To the Participants and
Plan Administrator of the
Skeffington Enterprises, Inc. 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Skeffington Enterprises, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (U.S.A.)/John Hancock, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at year end), is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Skeffington Enterprises, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2018 and 2017, and For the Year Ended December 31, 2018

Note 1 - The Plan and Its Significant Accounting Policies

General - The following brief description of Skeffington Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established on 2003 by Skeffington Enterprises, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 as amended, (ERISA).

Administration – Under the terms of the Plan, a designated officer of the Company acts as the trustee. The Company has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with a third-party administrator to process and maintain the records of participant data and John Hancock Life Insurance Company (U.S.A.)/John Hancock to act as the custodian. Substantially all expenses incurred for administering the Plan during 2018 are paid by the Company except for certain direct third-party administration fees of approximately $22,000.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent events - The Company monitors significant events occurring after the financial statement date and prior to its issuance to determine the impacts, if any, of events on the financial statements to be issued. All subsequent events of which the Company is aware were evaluated through the date of the independent auditor's report.

Investment valuation and income recognition - Investments of the Plan are held by John Hancock and invested based solely upon instructions received from participants.

Fair value measurements **-** The Plan's investments are stated at fair value which is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date.

Fair value hierarchy **-** Valuation techniques used by the Plan are based upon observable and unobservable inputs. Observable or market inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's assumptions about market participant assumptions based on the best information available. Assets and liabilities are classified in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for the asset or liability.

The fair value hierarchy gives the highest priority to observable inputs and lowest priority to unobservable inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Valuation techniques **-** The following is a description of the valuation technique used to measure fair values. There was no change in the technique used to measure fair value in the year ended December 31, 2018.

- Pooled Separate Accounts: Mutual fund shares and John Hancock Stable Value Fund Collective Investment Trust held by John Hancock sub-accounts, valued at the net asset value (NAV) established by the fund's sponsor on the last business day of the plan year, based on the fair value of the assets underlying the funds. There are no redemption restrictions or future commitments on these investments.

- Common stocks and mutual funds held in self-directed brokerage accounts: Valued at the closing price reported on the active market on which the individual securities are traded.

The method described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets and liabilities at fair value as of December 31, 2018 and 2017, by level, within the fair value hierarchy:

	As of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts at NAV	$ 6,826,221	$ -	$ -	$ 6,826,221
Collective investment trust at NAV	303,886	-	-	303,886
Self-directed brokerage accounts	120,755	-	-	120,755
Total investments, at fair value	$ 7,250,862	$ -	$ -	$ 7,250,862

	As of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Assets				
Pooled separate accounts at NAV	$ 7,289,829	$ -	$ -	$ 7,289,829
Collective investment trust at NAV	242,829	-	-	242,829
Self-directed brokerage accounts	141,929	-	-	141,929
Total investments, at fair value	$ 7,674,587	$ -	$ -	$ 7,674,587

Transfers between levels **-** The availability of observable market data is monitored to assess the appropriate classification of assets and liabilities within the fair value hierarchy. Changes in economic conditions, changes in observability of significant inputs, or changes in model-based valuation techniques may require the transfer of an asset or liability between levels of the fair value hierarchy. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2018, there were no transfers between levels.

Cash and cash equivalent **-** All highly liquid investments purchased with an original maturity of three months or less (generally money market funds) are considered to be cash equivalents. These investments are usually held for a short period of time, pending long-term investment.

Forfeited accounts **-** Forfeited nonvested accounts will be used to pay for plan expenses, then reduce future employer contributions, as determined by the Company.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the Plan's provisions.

Benefit payments – Benefit payments are generally recorded when paid.

Income tax status - The Plan has adopted a Volume Submitter Profit Sharing Plan with CODA which has received an acceptable opinion letter from the Internal Revenue Service. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Internal Revenue Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan administrator evaluates any uncertain tax position taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties - The Plan provides for various investment options in any combination of mutual funds, fixed income securities and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

New accounting pronouncements - In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*, which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value (NAV) per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. The guidance is effective for fiscal years beginning after December 15, 2018. The guidance is to be applied retrospectively. Plan management is currently evaluating the impact of this ASU on the Plan's financial statements but does not expect the ASU to have a significant impact on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820) - Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement,* which amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The guidance is effective for fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this ASU on the Plan's financial statements but does not expect the ASU to have a significant impact on the Plan's financial statements.

Note 2 - Related Party Transactions

Certain Plan investments in mutual funds, common collective trust, and money market fund are managed by John Hancock, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 3 - Participation and Benefits

Employer contributions **-** The Plan is a safe harbor 401(k) plan which is designed for the Company to commit in making certain contributions enabling the Company to simplify the administration of the Plan by ensuring that nondiscrimination regulations are met. During 2018, the Company has provided safe harbor matching contributions which equal to 100% matching for the first 3% of each eligible participant's compensation plus 50% matching above the first 3% of each eligible participant's compensation, with maximum matching amount capping out at 5% of eligible compensation. This safe harbor matching contribution is allocated to participants' accounts each pay period. The Company is also required to make prevailing wage contributions based on government published hourly rates on public works projects for laborers and mechanics under the United States federal law Davis-Bacon Act of 1931. The Company has made safe harbor matching contributions and prevailing wage contributions in total of approximately $599,000 during 2018. The Company is also allowed to make other discretionary contributions as defined in the Plan and as approved by the Board of Directors.

Participant contributions **-** Participants may elect to have the Company contribute an amount or a percentage of their eligible compensation as defined by the Plan, subject to annual limits specified under the current income tax regulations. Participants can choose pretax contributions, after-tax Roth 401(k) contributions, or a combination of the two. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans, including amounts from a Roth deferred account. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Vesting **-** Participants are immediately vested in their contributions, the Company's safe harbor and prevailing wage contributions, and earnings/losses there on. Participants are fully vested in the employer's other non-safe harbor contributions and earnings/losses thereon allocated to their account after 5 years of credited service.

Participant accounts **-** Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any, and is reduced for any benefit payments and administrative expenses. Allocations of the Company's contribution are based on participant contributions and eligible employee compensation, as defined in the Plan.

Payment of benefits **-** Upon termination, the participant or beneficiary may elect to leave their account balance in the Plan, or receive their total benefits in partial withdrawals or a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for in-service and hardship distributions when a participant meets certain circumstances. The Plan also allows for automatic lump sum distribution of participant vested account balances that do not exceed $5,000.

Loans to participants **-** The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Interest rates remain fixed for the life of the loan and are based on a rate that is commensurate with interest charged for loans that would be made under similar circumstances. For the applicable period, that was determined to be the prevailing prime rate plus 1%. Loans must be repaid to the Plan within a 5-year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period can be 15 years. Principal and interest are paid ratably through payroll deductions. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2018 carry annual interest rates ranging from 4.25% to 6.25%.

Note 4 - Certified Information

In accordance with 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock regarding the current value of assets held at December 31, 2018 and 2017, and transactions entered into for the year ended December 31, 2018.

	2018	2017
Pooled separate accounts	$ 6,826,221	$ 7,289,829
Collective investment trust	303,886	242,829
Self-directed brokerage accounts	120,755	141,929
Total investments, at fair value	$ 7,250,862	$ 7,674,587

	Year ended December 31, 2018
Net realized and unrealized depreciation in fair value of investments	$ (449,766)

Note 5 - Plan Termination and/or Modification

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
