CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements

1. Description of the Plan

The following description of the CAM Mining LLC 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of CAM Mining LLC, as well as Rhino Energy, LLC, Rhino Resource Partners L.P. and Rhino Eastern LLC, the co-sponsors (collectively the Plan Sponsors). Management of the Plan Sponsors control and manage the operation and administration of the Plan. Great-West Retirement Services (GWRS), a division of Great-West Life & Annuity Insurance Company (GWLA), serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan on their hire date. Eligible participants can enter the Plan on the first day of the month on or following their date of hire. At that time, participants can begin deferring compensation into the Plan, and become eligible for both the employer matching and employer nonelective contributions.

Contributions

Each year, participants may contribute up to the maximum allowable contribution, as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Employer contributions are made solely at the discretion of the Plan Sponsors' management. For 2009 and 2008, the Plan Sponsors made discretionary matching contributions of \$645,537 and \$565,699, respectively. These matching contributions were calculated using each participant's applicable contributions for the years ended December 31, 2009 and 2008. Applicable contributions are those contributions that do not exceed a set dollar amount or percentage of included compensation that is uniformly determined by the employer for all eligible participants.

In addition, in 2008 the Plan Sponsors instituted a discretionary nonelective contribution. This contribution is allocated as a uniform percentage of included compensation that is uniformly determined by the employer for all eligible participants. A participant must be employed by the Plan Sponsors on the last day of the Plan year in order to receive a contribution, unless the participant dies, becomes disabled, or has reached normal retirement age (defined as age 65) by the end of the Plan year. For 2009 and 2008, the Plan Sponsors made nonelective contributions of \$342,876 and \$271,076, respectively.

1. Description of the Plan, continued

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Plan Sponsors' contributions, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. Plan Sponsors' contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and the Plan Sponsors' matching contributions. Participants are vested in the Plan Sponsors' nonelective contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 to 2	0%
3 or more	100%

If a participant dies or becomes disabled, he or she is automatically 100% vested in all accounts.

Participant Loans

Participants may borrow from their fund accounts up to a maximum of the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at 1% over the Prime rate on the first business day of the month when the funds are borrowed. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan, continued

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant whose vested account balance is greater than \$5,000 (excluding amounts attributable to rollover contributions) may elect to receive either a single lump sum amount equal to the value of the participant's vested interest in his or her account, or a single sum payment of a portion of the participant's vested interest in his or her account. On termination of service, a participant whose vested account balance is not greater than \$5,000 (excluding amounts attributable to rollovers) will receive his or her benefits as a single lump sum payment.

Forfeited Accounts

As of December 31, 2009 and 2008, forfeited accounts totaled \$59,377 and \$2,073, respectively. Forfeited accounts are reallocated as additional discretionary nonelective contributions. During 2009, no forfeitures were reallocated, and \$3,451 was used to reduce employer contributions during 2008.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Investment expenses are included in administrative expenses. All other administrative expenses are paid by the Plan Sponsors.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (SFAS No. 168). SFAS No. 168 establishes the FASB Accounting Standards Codification (ASC) standards as the only source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. The Plan adopted the provisions of SFAS No. 168 beginning with the year ended December 31, 2009, and the adoption did not have a material impact on the financial statement disclosures.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

The following is a summary of the significant accounting policies based on the FASB ASC and consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

As described in GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. There is a requirement for the statement of net assets available for benefits to present investment contracts at fair value as well as an additional line item showing an adjustment of the fully benefit responsive investment contracts from fair value to contract value. Since fair value approximates contract value, no adjustment is required.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Reclassifications

Certain 2008 amounts have been reclassified to conform with 2009 presentation with no effect on net assets available for benefits or changes in net assets available for benefits.

3. Investments

Information Prepared and Certified to by Custodian

The investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008, are as follows:

	<u>2009</u>	<u>2008</u>
Guaranteed Portfolio Fund	\$ 4,269,918	\$ 3,783,691

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$637,617 and \$(837,108), during 2009 and 2008, respectively. The appreciation (depreciation) is entirely related to the mutual funds held by the Plan.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

4. Investment Contract with Insurance Company

The Plan has a benefit responsive investment contract with GWLA. GWLA maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by GWLA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates were 2.80% and 3.35% as of December 31, 2009 and 2008, respectively. Such interest rates are reviewed on a quarterly basis for resetting. The average yield for the years ended December 31, 2009 and 2008 was 2.96% and 3.33%, respectively.

5. Fair Value Measurements

Effective January 1, 2008, the Plan adopted the new guidance codified in ASC Topic 820, *Fair Value Measurements and Disclosures*, which clarifies the definition of fair value, establishes a framework for measuring fair value and expands the disclosures on fair value measurements. ASC Topic 820 applies whenever other statements require or permit assets or liabilities to be measured at fair value. ASC Topic 820 establishes the following fair value hierarchy that prioritizes the inputs used to measure fair value:

Level 1—Unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2—Inputs other than Level 1 that are based on observable market data, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs that are observable that are not prices and inputs that are derived from or corroborated by observable markets.

Level 3—Developed from unobservable data, reflecting an entity's own assumptions.

	Fair Value	Level 1	Level 2	Level 3

Guaranteed investment contract	\$ 4,269,918	\$ -	\$ 4,269,918	\$ -

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

5. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2008.

Guaranteed investment contract: Contract value approximates fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides a summary of changes in fair value of the Plan's Level 3 assets:

	Participant Loans
Balance as of December 31, 2007	\$ 358,894
Loans issued	350,070
Interest assessed	32,294
Loan payments	(216,017)
Distributed loans	<u>(24,245)</u>
Balance as of December 31, 2008	500,996
Loans issued	436,098
Interest assessed	28,647
Loan payments	(256,008)
Distributed loans	<u>(179,064)</u>
Balance as of December 31, 2009	\$ <u>530,669</u>

6. Federal Income Tax Status

The Plan uses a prototype Plan document sponsored by Orchard Trust Company. Orchard Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated November 27, 2001, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

CAM MINING LLC 401(K) PLAN

Notes to the Financial Statements, continued

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

During 2009, events occurred causing the Plan to experience a partial plan termination. The affected participants became 100% vested in all contributions in their participant account.

8. Exempt Party-in-Interest Transactions

The Plan has a benefit responsive investment contract with GWLA. The custodian, as defined by the Plan, is a division of GWLA; therefore, the transactions involving the benefit responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$14,243 and \$4,327 paid during 2009 and 2008, respectively, are comprised of fees paid by the Plan to GWLA for investment management services and withdrawal charges.

9. Reconciliation to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008, is as follows:

	<u>2009</u>	<u>2008</u>
Net assets available for benefits per financial statements	\$ 8,243,531	\$ 6,771,580
Less contributions receivable	<u>(380,836)</u>	<u>(472,312)</u>
Net assets available for benefits per Form 5500	<u>\$ 7,862,695</u>	<u>\$ 6,299,268</u>

A reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2009 and 2008 is as follows:

	<u>2009</u>	<u>2008</u>
Net increase in net assets available for benefits for the financial statements	\$ 1,471,951	\$ 1,268,794
Employee contributions receivable:

10. Subsequent Events

The Plan's management evaluated the period from December 31, 2009 to September 24, 2010 (date the financial statements were ready to be issued) for items requiring recognition or disclosure in the financial statements.

Effective January 1, 2010, the Plan was amended to add safe harbor provisions.

There were no other events occurring during the evaluation period that require disclosure, and there were no events that require recognition in the financial statements.
