The form and content of the information included in the financial statements and supplemental schedules other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CAMARATA MASONRY SYSTEMS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Camarata Masonry Systems 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the legal Plan document for a more complete description of the Plan’s provisions.

- A. General – The Plan is a qualified retirement plan available to all non-excluded employees of Camarata Masonry Systems, Ltd. (the “Company”) who have obtained age twenty-one (21) or older. The Plan was originally effective on January 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2009.
- B. Contributions – Each year participants may elect to defer a percentage of compensation, not to exceed a dollar limit which is set by law. A participant’s election will remain in effect until they choose to modify or revoke it. Participants who have attained age fifty (50) by the end of the year may elect to defer additional amounts as catch-up contributions. In addition, participants may transfer amounts from other retirement plans or IRAs as rollover contributions.

Safe harbor matching contributions are made to the Plan by the Company for eligible participants. A Plan participant is eligible for the matching contribution after completing one (1) year of service. The safe harbor matching contribution is equal to one hundred percent (100%) of the participant’s salary deferrals not to exceed three percent (3%) of compensation, plus fifty percent (50%) of salary deferrals between three percent (3%) and five percent (5%) of a participant’s compensation.

The Company may also make a discretionary profit sharing contribution to the Plan, which will be allocated to the participants eligible to share in the contribution. Participants are classified into four different groups and the Company may contribute a different amount to each classification. The Company did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2009.

- C. Participant Accounts – Each participant’s account is credited with the participant’s contributions, rollovers, employer contributions, and Plan earnings or losses. A participant’s account does not share in the investment performance of other participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.
- D. Vesting – Participants are immediately one hundred percent (100%) vested in their contributions, rollovers, and safe harbor matching contributions and earnings or losses thereon.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

D. Vesting (Continued)

Participants vest in the discretionary profit sharing contributions based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	-0-%
2	20%
3	40%
4	60%
5	80%
6	100%

E. Investment Options – Participants direct the investment of their entire interest into various investment options offered by the Plan. The Plan currently offers pooled separate accounts as investment options for participants.

F. Payment of Benefits – Upon termination of service before normal retirement age, a participant may elect to receive a single lump-sum payment equal to the value of the participant's vested account balance, or to rollover the distribution directly to another plan which qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). If the participant's vested account balance is not greater than \$5,000 upon termination of employment, it will be automatically distributed regardless of whether a participant consents to receive it.

Upon normal retirement, which is age sixty-five (65), disability, or death, the participant or beneficiary is entitled to receive the full amount credited to their account. Benefits may be paid to the participant in a single lump-sum payment. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants are entitled to receive an in-service distribution upon attaining age fifty-nine and a half (59 ½). Hardship withdrawals are also allowed for participants who satisfy certain immediate and heavy financial needs.

G. Forfeited Accounts – The non-vested portion of a terminated participant's account balance remains in the Plan as a forfeiture. Forfeitures may be used by the Plan for the payment of administrative expenses. Any remaining forfeitures will be added to employer discretionary contributions. There were no forfeited non-vested account balances as of December 31, 2009 and 2008, respectively. Additionally, there were no forfeitures used during 2009 to pay for Plan expenses.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Basis of Accounting – The accompanying financial statements and supplemental schedules have been prepared on the accrual basis of accounting.
- B. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Company to make estimates and assumptions that affect certain reported amounts at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.
- C. Income Valuation and Recognition – Valuation of the plan assets are generally made every business day. Net appreciation in fair value of investment includes realized gains and losses on investments sold during the year and unrealized appreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis.
- D. Benefits – Benefits are recorded when paid. As of December 31, 2009, there were no amounts allocated to participants who have elected to withdraw from the Plan, but have not yet been paid.
- E. Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using Plan assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as on equal dollar amount based on the number of participants in the Plan. Certain other expenses specifically incurred by, or attributable to, a participant will be paid from their account.
- F. Recent Accounting Pronouncements – In June 2009, the Financial Accounting Standards Board (“FASB”) issued Statement on Financial Accounting Standard (“SFAS”) No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (the “Codification”). This standard replaces SFAS No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes only two levels of GAAP, authoritative and nonauthoritative. The FASB Accounting Standards Codification (“ASC”) has become the source of authoritative, nongovernmental GAAP. All other nongrandfathered accounting literature not included in the Codification will become nonauthoritative. This standard was effective for financial statements for interim or annual reporting periods ending after September 15, 2009. The adoption of the Codification changed the Plan’s references to GAAP accounting standards but did not impact the Plan’s net assets available for benefits.

The Plan has adopted the provisions of ASC 855, *Subsequent Events* (formerly SFAS No. 165, *Subsequent Events*) which clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the balance sheet date and through the date that the financial statements are issued or available to be issued, both for interim and annual reporting periods. The provisions of ASC 855 became effective prospectively for interim and annual reporting periods ending after June 15, 2009.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Recent Accounting Pronouncements (Continued) – In January 2010, the FASB issued Accounting Standards Update (“ASU”) 2010-06, *Improving Disclosures About Fair Value Measurements* (“ASU 2010-06”), which amends the *Fair Value Measurements and Disclosures Topic of ASC 820*. This amendment requires new disclosures on the value of and the reasons for transfers in and out of Levels 1 and 2 of the fair value hierarchy and additional disclosures about purchases, sales, issuances and settlements within Level 3 fair value measurements. ASU 2010-06 also clarifies existing disclosure requirements on levels of disaggregation and about input and valuation techniques. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 19, 2009, except for the requirement to provide additional disclosures regarding Level 3 measurements which will be effective beginning after December 15, 2010.

NOTE 3 – FAIR VALUE MEASUREMENTS

Effective January 1, 2008, the Plan adopted the provision of ASC 820, *Fair Value Measurements* (formerly SFAS No. 157, *Fair Value Measurement*), with respect to its investments. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value.

This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Pooled Separate Accounts: Investments in mutual funds held in pooled separate accounts are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's investments were recorded at their fair values and were categorized as Level 1 in the amounts of \$565,871 and \$322,643, as of December 31, 2009 and 2008, respectively.

The adoption of ASC 820 did not have a material impact on the Plan's financial statements.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

All investment and investment activities included in the Plan's financial statements and supplemental schedules have been certified by the John Hancock Life Insurance Company (U.S.A), (the "Custodian"). The Company has obtained certification from the Custodian that such information is complete and accurate as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2009 and 2008, all investments of the Plan were participant-directed. Investments that represent five percent (5%) or more of the net assets available for benefits are summarized as follows:

	<u>2009</u>	<u>2008</u>
John Hancock Lifestyle Aggressive *	\$ 75,183	\$ 36,629
John Hancock Lifestyle Growth*	203,978	103,428

John Hancock Lifestyle Moderate *	29,761	72,777
John Hancock Lifestyle Conservative *	33,509	46,384
John Hancock Money Market *	98,401	**

* Indicates party-in-interest.

** The investment represented less than five percent (5%) as of December 31.

CAMARATA MASONRY SYSTEMS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 5 – INVESTMENTS (UNAUDITED) (CONTINUED)

During 2009, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$98,520.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan, and participants will become one hundred percent (100%) vested in their accounts. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Plan is a volume submitter profit sharing plan with CODA that has been adopted by the Company. The volume submitter plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since receiving the opinion letter. The Company believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known violations of party-in-interest transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2009, the Company failed to remit to the Plan's Custodian certain employee contributions totaling \$130 within the period prescribed by Department of Labor regulations. The Company has made contributions to the affected participants' accounts to compensate these participants for potential lost income due to the delay.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 20, 2010, the date the financial statements were available to be issued.
