To the Plan Sponsor and Administrator
HAR Maspeth Corp. 401(K) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the HAR Maspeth Corp. 401(K) Plan Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year of January 1, 2018 (inception) through December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Retirement Plan Services, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustee held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2018, and for the year of January 1, 2018 (inception) through December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and the schedule of delinquent participant contributions, which is the responsibility of Plan management, are presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2018

1. Plan Description

The following description of HAR Maspeth Corp. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan, established on January 1, 2018 with participants beginning contributing to the plan on March 2, 2018, is a defined contribution plan covering eligible employees of HAR Maspeth Corporation, an Armful Corp and LizK, LLC. Employees who have attained the age of twenty-one, one year of service, and worked more than 1,000 hours are eligible to participate in the Plan and eligible for matching contributions. An employee's entry date into the Plan is on January 1st or July 1st after the date at which the eligibility requirements have been satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participant Salary Deferral
Participants in the Plan may contribute a discretionary amount of their compensation provided that the participant's contribution does not exceed the maximum dollar amount determined by the Internal Revenue Service ("IRS") each calendar year, which is $18,500 for the year ended December 31, 2018. Employees over the age of 50 can elect to contribute an additional $6,000 for the year ended 2018. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Matching Contributions
The Company makes safe harbor contributions based on participants pre-tax contributions up to 4% of their compensation. For the year January 1, 2018 (inception) through December 31, 2018, the Company made matching contributions totaling $79,235.

Vesting
Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon.

Participant Accounts
Individual participant accounts are credited with applicable participant contributions, safe harbor contributions, and investment earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined in the Plan document.

Forfeitures
A participant who terminates employment and is less than 100% vested forfeits the non-vested portion of his account. Forfeitures are used to pay administrative expenses of the Plan or reduce the employer's contribution. There were no forfeitures during the year January 1, 2018 (inception) through December 31, 2018.

Investment Options
Participants may direct contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis.

Distributions
Distributions from the Plan are permitted under the following circumstances: (i) attainment of age 65, (ii) termination of employment, (iii) death or permanent disability, and (iv) a proven hardship. Distributions from a participant's account are made in the form of a lump-sum payment. If a terminated participant's account balance does not exceed $5,000, the balance may be distributed to a terminated participant without consent.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance

The loans are secured by the balance in the participant's account. Loans shall be repaid over a period of up to five years. The loan interest rate is charged at a rate of prime plus 1%. The interest rate remains fixed throughout the duration of the loan. Principal and interest is paid ratably through payroll deductions. At December 31, 2018, there were no participant loans.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividends are recorded on the ex-dividend date. Interest is included in income when earned, based on the terms of the investments and the periods during which the investments are owned. Purchases and sales of securities are recorded on a trade-date basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net change in the fair value of its investments which consists of realized gains or losses, and unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments
Benefits are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Retirement Plan Services, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate for the year of January 1, 2018 (inception) through December 31, 2018.

	December 31, 2018
Investments at fair value	$ 201,762

	Year Ended December 31, 2018
Net depreciation in fair value of investments	$ (11,540)

4. Fair Value of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at December 31, 2018:

- Pooled separate accounts: Stated at the fair value based on the year end market value of each unit held, which is based upon the market value of the underlying assets of the funds less management fees. The pooled separate accounts do not have any unfunded commitments relating to its investments, or significant restrictions on redemptions.

- Stable value collective trust fund: Composed primarily of fully-benefit responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchase and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies. or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2018, are as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate account	$ -	$ 199,901	$ -	$ 199,901
Total assets in the fair value hierarchy	-	199,901	-	199,901
Common collective trust fund				
Stable value fund, measured at net asset value (a)	-	-	-	1,861
Total investments at fair value	$ -	$ 199,901	$ -	$ 201,762

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net gains and losses included in changes in net assets available for benefits for the year of January 1, 2018 (inception) through December 31, 2018, are reported in net depreciation of fair value of investments.

5. Excess Contributions Payable

Amounts payable to the plan sponsor for contributions in excess of amounts allowed by the plan document is recorded as a liability with a corresponding decrease to employer contributions.

6. Concentration

At December 31, 2018, the Plan invested in four investments which accounted for approximately 76% of net assets available for benefits.

7. Party-In-Interest Transactions

The Company administers the Plan from its office. Certain Plan investments are managed by John Hancock Retirement Plan Services. John Hancock Retirement Plan Services is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net depreciation in fair value of investments on the statement of net assets available for benefits.

8. Tax Status

The Plan is a volume submitter plan sponsored by Consultants Actuaries Inc. Consultants Actuaries Inc has obtained an opinion letter on the volume submitter plan dated May 6, 2015, stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that it is no longer subject to income tax examinations for years prior to 2015.

9. Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

11. Corrective Contributions

For the year of January 1, 2018 (inception) through December 31, 2018, the Company failed to remit to the Plan's trustee in a timely manner, certain participant's contributions totaling $31. Delays in remitting contributions to the trustee were due to administrative and system errors and were corrected. The Plan used the Self- Correction Program which is authorized under IRS Revenue Procedure 2013-12 to resolve this matter.

12. Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure in the financial statements through September 30, 2019, the date the financial statements were available to be issued.
