Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Central Bank 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Great-West Trust Company, LLC and Reliance Trust, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust held the Plan's investment assets and executed investment transactions from December 1, 2018, to December 31, 2018, and that Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions for the period January 1, 2018, to November 30, 2018. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustees is complete and accurate.

To the 401(k) Committee of
Central Bank 401(k) Plan
Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Trust Company, LLC, the trustee of the Plan. Their report, dated October 12, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations 2018

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Central Bank 401(k) Plan (the Plan) is a qualified retirement plan adopted by Central Bank (the Bank) effective on January 1, 1992, and amended and restated effective on December 3, 2018. The Plan is designed to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Other employers who have adopted the provisions of the Plan are Advantage Business Capital.

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – Employees are eligible to participate in the Plan after attaining age 21. Entry to the Plan is immediate for full-time employees upon reaching eligibility requirements. Part-time employees must complete one year of service prior to entering the Plan. Nonresident aliens and union employees are not eligible for participation.

Contributions – Participants may elect to reduce their eligible compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as an elective deferral, not to exceed a dollar limit which is set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants can revoke or make modifications to their salary deferral elections at any time. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts called catch-up contributions to the Plan for that year.

The Plan also includes an automatic deferral feature. The Bank will automatically withhold a portion of their compensation each payroll period and contribute that amount to Plan. The amount to be automatically withheld from a participant will be equal to 8% of their compensation. The participant may elect an alternative deferral amount or elect not to defer under the Plan.

The Bank will make a matching contribution equal to 50% of participants' elective deferrals each Plan year. The Bank will not match participants' elective deferrals in excess of 8% of their compensation each Plan year.

Participants are also permitted to deposit into the Plan distributions they have received from other plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and Plan earnings or losses. Participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan. The Plan currently offers various mutual funds and a stable value fund as investment securities. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting – Participants are always 100% vested in all of their Plan accounts and Plan earnings or losses thereon.

Notes Receivable From Participants – Only active employees who participate in the Plan may request a loan. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in the past 12 months.

The loans are secured by the vested balance in the participant's account. The interest rate is fixed and is the prime rate for the month in which a participant requests the loan plus 1%. Principal and interest are paid ratably through after-tax payroll deductions within a period of at least 12 months, but no more than 60 months, unless the loan is to be used to acquire a principal residence.

Payment of Benefits – Participants may receive a distribution of some or all of their accounts in the Plan when they terminate employment with the Bank. If the vested account balance exceeds $5,000, the participant's consent is required. If the vested account balance does not exceed $5,000, the Plan will distribute the participant's account without consent. If the amount of the distribution exceeds $1,000 and the participant does not elect to either receive or roll over the distribution, the distribution will be directly rolled over to an IRA.

Participants may be entitled to receive an in-service distribution. Participants may receive a distribution from certain accounts prior to termination of employment provided they have attained age 59½ or have incurred a financial hardship.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Bank to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Bank. Expenses that are paid by the Bank are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 4, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund – Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 12,323,546**	**$ -**	**$ -**	**$ 12,323,546**
Total assets in the fair value hierarchy	**$ 12,323,546**	**$ -**	**$ -**	**12,323,546**
Investments measured at NAV as practical expedient				**490,301**
Total investments at fair value				**$ 12,813,847**

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,015,946	$ -	$ -	$ 12,015,946
Total assets in the fair value hierarchy	$ 12,015,946	$ -	$ -	12,015,946
Investments measured at NAV as practical expedient				1,624,740
Total investments at fair value				$ 13,640,686

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	2018			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	**$ 490,301**	**None**	**N/A**	**N/A**

	2017			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value fund	$ 1,624,740	None	N/A	N/A

NOTE 4 – CERTIFIED INVESTMENTS

The Bank has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, dividends, and interest for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC and Reliance Trust, the trustees of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Trust Company, LLC and Reliance Trust. Great-West Trust Company, LLC and Reliance Trust are the trustees and recordkeepers for the Plan and, therefore, these transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Bank intends to maintain the Plan indefinitely, the Bank reserves the right to terminate the Plan at any time.

Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will be 100% vested. The Bank will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Plan operates under a prototype non-standardized profit sharing plan with CODA. The prototype plan received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Bank believes that the Plan is designed, and is correctly being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Bank to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – TRANSFERS OF ASSETS

During 2018, the Bank established the Central Bankshares, Inc. Employee Stock Ownership Plan (ESOP). Participants in the Plan were given a one-time opportunity to transfer vested balances from the Plan to the ESOP. During 2018, transfers of assets from the Plan to the ESOP made within the allowed time period totaled $2,092,004.
