HUNTSMAN MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Huntsman Money Purchase Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined contribution money purchase plan covering all employees of Huntsman International LLC (the “Company”), except those covered by certain collective bargaining agreements. Participating employers are Huntsman Purchasing Ltd., Huntsman Petrochemical Corporation, Huntsman Polymers Corporation, Tioxide Americas Inc., Huntsman Propylene Oxide Ltd., and Huntsman Advanced Materials Americas LLC (collectively, the “Employer”). Employees are eligible to participate in the Plan on the first day of the month following the completion of two years of service. Effective January 1, 2004, the Plan was amended to freeze eligibility. Subsequently, no employees hired subsequent to January 1, 2004 are eligible for participation in the Plan. The Plan is administered by a committee appointed by the Board of Directors of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company is the trustee for the Plan.

Contributions

Employer contributions are made for all plan participants based on their years of service and eligible compensation. Employer contributions are as follows:

<u>Years of Service</u>	<u>Employer Contribution</u>
6 and less	0.5% of eligible compensation
7 - 9	3.0% of eligible compensation
10 or more	8.0% of eligible compensation

The Plan is participant directed and participants may change their investment options at any time.

Participant Accounts

Each participant’s account is credited with the allocations of the Employer’s contributions and Plan earnings. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are at all times fully vested in their Employer contributions and the appreciation or depreciation thereon.

Payment of Benefits

Benefits are payable upon retirement, disability, death, or termination of service with the Employer. Normal retirement age under the Plan is 65. Participants may receive their distributions in a lump-sum or an annuity payment.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Standards Codification

The Financial Accounting Standards Board (FASB) issued the FASB Accounting Standards Codification (ASC) effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC is an aggregation of previously issued authoritative U.S. generally accepted accounting principles (GAAP) in one comprehensive set of guidance organized by subject area. In accordance with the ASC, references to previously issued accounting standards have been replaced by ASC references. Subsequent revisions to GAAP will be incorporated into the ASC through Accounting Standards Updates (ASU). The adoption of the ASC did not have an impact on the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are held within the Huntsman International LLC Master Trust (the "Master Trust"). Investments held within the Master Trust are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. The Plan's proportionate interest in the investments of the Master Trust is shown in the statement of net assets available for benefits as Plan interest in Huntsman International LLC Master Trust (see Note 3).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Master Trust. As required, the statement of net assets available for benefits presents the fair value of the investment contracts in the Master Trust as well as the adjustment of the fully benefit-responsive investment contracts in the Master Trust from fair value to contract value.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Most administrative expenses of the Plan are paid by the Employer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Federal Income Taxes

The Plan obtained its latest determination letter on October 22, 2009, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

NOTE 3 - INTEREST IN MASTER TRUST

The Plan's investment assets are held in the Master Trust at Fidelity Management Trust Company ("Fidelity"). The Master Trust was established by the Company and is administered by Fidelity. Use of the Master Trust permits the commingling of trust assets with the assets of the Plan and the Huntsman Salary Deferral Plan sponsored by the Company, all of which are under common control, for investment and administrative purposes. Although assets of the participating plans are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income of the investment assets is allocated by the trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The investments of the Master Trust at December 31, 2009 and 2008 are summarized as follows:

	<u>2009</u>	<u>2008</u>
Investments, at fair value:		
Mutual funds	\$315,038,761	\$232,434,398

Interest and dividends	<u>2,547,584</u>

NOTE 4 - INVESTMENTS

The investment in the Master Trust held by Fidelity represents 5% or more of the Plan's net assets at December 31, 2009 and 2008. The fair value of the investment in the Master Trust includes an adjustment to contract value of \$(431,257) and \$248,187 for interest in the common collective trust fund relating to fully benefit-responsive investment contracts for 2009 and 2008, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

HUNTSMAN MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the value of the investments in the Master Trust. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, FASB ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of investments in the Master Trust that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value ("NAV") of shares held by the Master Trust at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Common Stock and Other: Valued at fair value using a market approach based on quotations from national securities exchanges.

Cash Reserves: Represents interest-bearing cash.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Common Collective Trust Fund: Value based on information reported by the investment advisor. Investments are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts.

Government Bonds: Value based on reputable pricing vendors that typically use pricing matrices or models.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Participant Loans: Valued at amortized cost, which approximates fair value.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2009 and 2008.

The following tables set forth by level, within the fair value hierarchy, the investments in the Master Trust at fair value as of December 31, 2009 and 2008:

NOTE 7 - PARTY-IN-INTEREST

Certain Plan investments in the Master Trust are in shares of mutual funds and in a participant directed brokerage account managed by entities related to Fidelity. Fidelity is the Plan's trustee, as defined by the Plan and, therefore, qualifies as a party-in-interest. These transactions are considered to be exempt party-in-interest transactions and are not considered prohibited transactions under the Department of Labor's Rules and Regulations.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 21, 2010, the date the financial statements were available to be issued.
