INDEPENDENT AUDITOR'S REPORT

Plan Administrators
Atlas Hydraulics, Inc. 401(k) Plan
Brandon, South Dakota

We were engaged to audit the accompanying statements of net assets available for benefits of Atlas Hydraulics, Inc. 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules of (1) Schedule H, Line 4i-Schedule of Assets Held At End of Year, and (2) Schedule H, Line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by EMJAY Retirement Services, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Atlas Hydraulics, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted January 1, 1994, which includes employees of Atlas Hydraulics Inc. A prototype plan sponsored by EMJAY Retirement Plan Services, Inc. was adopted on January 1, 2005 and restated and amended on January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed 90 days of service and are 18 years of age. Participants are eligible to share in the allocation of the employer match if they have completed 1,000 hours of service and are employed on the last day of the plan year.

Entry Date

Employees may enter the Plan on the first, fourth, seventh, or tenth month coinciding with or following the date on which the employee meets the eligibility requirements.

Contributions

Participating employees contribute an amount each pay period as provided for in their participation agreement. Employees may contribute up to the lesser of 100% of their compensation or $16,500 for 2009. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The employer matches participant contributions 100% on the first 2.5% of compensation and 50% on deferrals exceeding 2.5% up to 5.5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant's earnings or account balances, as defined by their Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds covered by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as those held during the year.

(continued on next page)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the employer matching contribution and related earnings after one year of service.

Forfeitures

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $75 and $0, respectively. Forfeitures will be used to first to pay plan expenses and then to reduce employer contributions for the year.

Participant Loans

Loans to plan participants are not allowed by the plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments as defined in the Plan Agreement. A terminated employee with a balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. In the event of termination of employment (other than for death, disability, or retirement after age 65), participants are entitled to all of their elective deferral account balance and their vested percentage of their matching contributions and nonelective employer contribution account balances.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Other

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or

(continued on next page)

paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Administrative expenses of the Plan are paid by the Plan's Sponsor as provided in the Plan document.

NOTE 3 - INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2009 and 2008, are as follows:

	2009	2008
American Funds Investment Co of America	$ **728,766**	525,964
American Funds Europacific Growth Fund	**684,919**	472,053
American Funds Capital Income Builder	**486,818**	393,303
Federated Max Cap Index Fund	**291,443**	222,227
American Funds Cash Management Trust	**	248,048

** Investment balance less than 5% of the Plan's net assets for the applicable year.

The appreciation of investments (including gains and losses on investments bought and sold, as well as held during the year) of $536,641 at December 31, 2009 relates entirely to investments in mutual funds.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

NOTE 4 - FAIR VALUE MEASUREMENTS ON A RECURRING BASIS

Topic ASC 820, *"Fair Value Measurements and Disclosures"*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

(continued on next page)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market mutual funds: Valued at the net asset value (NAV) of shares held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	2009		
	(Level 1)	**(Level 2)**	**(Level 3)**

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed

(continued on next page)

with respect to the information certified by EMJAY Retirement Plan Services, Inc., the custodian, as of December 31, 2009 and 2008.

The Plan custodian has certified its statement of accounts as of December 31, 2009 and 2008 and for the year ended December 31, 2009. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

NOTE 6 - TAX STATUS

The Plan uses a prototype plan document sponsored by EMJAY Retirement Plan Services, Inc. EMJAY Retirement Plan Services, Inc. received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - PLAN AMENDMENT

The Plan was amended and restated effective January 1, 2009 to bring it into compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and other legislative and regulatory changes.

NOTE 9 - NONEXEMPT PARTY-IN-INTEREST TRANSACTION

The Company remitted participant contributions from 2008 of $1,635 to the custodian on September 30, 2009, which was later than required by Department of Labor (D.O.L.) Regulation 2510.3-102. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

It was noted in 2008 that there were errors in the calculation of several participant contributions. In order to make the participant accounts whole, the Company remitted one half of the amount of contributions that had been unintentionally not withheld from the participants' payroll plus the entire amount of employer matching contributions that had not been contributed. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution and associated employer matching contribution been remitted on a timely basis.

NOTE 10 - EXCESS CONTRIBUTIONS PAYABLE

Contributions from participants are net of payments made to certain participants to return excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount of excess contributions was $5,890and $- for the years ended December 31, 2009 and 2008. These amounts are reflected as excess contributions payable in the statements of net assets available for benefits.

(continued on next page)

NOTE 11 - SUBSEQUENT EVENTS

Effective January 1, 2010, the Plan adopted an amendment to become a safe harbor 401(k) plan. In order to maintain "safe harbor" status, the Employer will make a safe harbor matching contribution equal to 100% of a participant's salary deferrals that do not exceed 3% of their compensation plus 50% of the participant's salary deferral between 3% and 5% of their compensation. This safe harbor matching contribution is 100% vested.

For purposes of calculating the safe harbor matching contributions, deferrals and matching contributions will be computed and remitted for each payroll period.

Employees are eligible for the safe harbor matching contribution upon completion of 90 days of service and must have attained age 18. The entry date is the first day of the plan quarter coinciding with or next following the date on which the employee satisfies the eligibility requirements.

The Plan sponsor has evaluated subsequent events through September 21, 2010, the date which the financial statements were available to be issued.
