INDEPENDENT AUDITOR'S REPORT

Board of Directors of Royal Business Bank
401(k) Profit Sharing Plan and Trust
Los Angeles, California

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Royal Business Bank 401(k) Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by American United Life Insurance Company, except for comparing the information with the related information included in the 2018 financial statements and supplementary schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplementary schedules, Schedule of Assets (Held at Year End) and Schedule of Delinquent Participant Contributions (Held at Year End), as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedules referred to above.

The financial statements of Royal Business Bank 401(k) Profit Sharing Plan and Trust as of and for the year ended December 31, 2017, were audited by Vavrinek, Trine, Day & Co. LLP, who joined Eide Bailly LLP on July 22, 2019, and whose report dated September 28, 2018, expressed a disclaimer of opinion on those financial statements.

Report on Form and Content in Compliance With the DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of Royal Business Bank 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2010, to qualify as a tax deferred annuity plan for Royal Business Bank (the Bank). The Plan is defined under Section 401(k) of the Internal Revenue Code (the IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Full-time and part-time employees are eligible to contribute and receive the employer match once they have reached the age of 18. Employees may enter the Plan the first day of the month coinciding with or next following the date requirements are met.

Contributions

Each year, participants may contribute a percentage of their pre-tax or post-tax compensation to the Plan up to the maximum allowed by IRS regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts distributed from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Bank may make matching contributions equal to a percentage of the participant's 401(k) elective deferral contribution. During the 2018 Plan year, the Bank contributed $341,068 to the Plan participant accounts.

Additional profit sharing amounts may be contributed at the discretion of the Bank’s board of directors. No such additional profit sharing discretionary contributions were made for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the employee contribution and allocations of the Bank's (a) contributions, (b) Plan earnings, and (c) rollovers. Allocations of fund earnings net of expenses are based upon the ratio that each participant's fund balance bears to the total investment fund balance.

Participant Loans

Participants may apply for a loan secured by the participant’s account. Generally, the maximum amount of the loan is limited to the lesser of $50,000 or 50% of the individual’s vested account balance. The minimum amount of the loan is $1,000 and the participant may only have only one loan outstanding at any time. Repayments must be made through payroll deductions. Repayment term shall not exceed five years unless the loan is used to acquire a principal residence.

NOTE 1 - DESCRIPTION OF PLAN - (Continued)

Vesting

Employees are immediately eligible for employer's matching contributions and are vested in the employer's contributions according to Plan provisions as follows:

Hired After March 1, 2013

Years of Service	Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Hired January 1, 2012 - February 28, 2013

Years of Service	Percentage
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years and after	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or may leave the amount with the Trustee, or installments over a period of not more than the participant's assumed life expectancy, or may elect partial withdrawals based on Plan rules. Vested balances of $5,000 or less will be paid in a single lump sum. Distributions may be made at the participant’s election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan document.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $0 and $1,838, respectively. These accounts will be used to reduce future employer contributions and/or offset plan expenses. During the year ended December 31, 2018, employer contributions and plan expenses were reduced by $19,194 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, as well as reported amounts of additions and deductions during the period. Also, the preparation of financial statements inherently requires the rounding of amounts and estimates. Management believes that any differences due to rounding are trivial.

Administration of Plan Assets

Contributions made by the employees and the Bank are held and managed by a trustee, which invests the cash received, interest, and dividends in accordance with participants' instructions. Distributions to participants are made by the trustee.

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives additional compensation from the Plan. The administrative and trustee fees associated with the Plan are paid by the Plan assets.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell the asset in an orderly transaction between market participation of the measurement date. See Note 4 for discussion on fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contact value. Contact value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contacts because contact value is the amount participant's normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund some of the excess deferred contributions. Excess deferred contributions, which are refunded within two and one-half (2½) months of the Plan year-end, are accrued as a liability to the Plan. Excess deferred contributions which are not refunded within two and one-half (2½) months of the Plan year-end are recorded as a distribution in the Plan year in which the refund is paid. At December 31, 2018 and 2017, there were no excess deferred contributions.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2018 and 2017, the Plan has an investment in a fully benefit-responsive guaranteed investment contract as an interest-earning investment option, backed by American United Life Insurance (AUL) general account assets. AUL guarantees that interest will be credited at the higher of the rate guaranteed in the group annuity contract and the current rate declared by it. AUL may change the initial interest rate for future contributions. New contributions are guaranteed to earn the applicable initial interest rate for at least a one-year time period from the date contributions are made. Changes in the initial interest rate or in the interest rate for prior contributions will also be effective for at least one year. In no event will the interest rate ever be below the rate guaranteed in the group annuity contract. AUL bears the investment risk for the AUL Fixed Interest Account values and for paying interest. This investment is carried at contract value.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

> *Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan have been deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2018 and 2017:

		Fair Value Measurements Using:		
2018	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
ASSETS				
Mutual Funds	$ 5,233,591	$ 5,233,591	$ -	$ -
2017				
ASSETS				
Mutual Funds	$ 4,843,546	$ 4,843,546	$ -	$ -

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their individual account, regardless if the vesting years of service are not sufficient to make the participant one hundred percent (100%) vested under the vesting schedule.

NOTE 6 - TAX STATUS

The Plan adopted a prototype plan that obtained a favorable tax advisory letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Internal Revenue Service (IRS) has determined and informed the Bank by a letter dated January 1, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or the Department of Labor.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American United Life Insurance Company. American United Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investments management services at December 31, 2018, amounted to $5,941.

NOTE 8 - CERTIFICATION BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified as complete and accurate by American United Life Insurance Company, the trustee, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule H, line 4i – schedule of assets held at the end of the year.

The trustee has certified their statement of accounts as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and all related investment activity during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various options in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 - SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 11, 2019, the date on which the financial statements were issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages
