EAST MANAGEMENT SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan:

General - The East Management Services 401(k) Plan (the Plan), as amended and restated July 1, 2017 with amendments through January 5, 2019, is a defined contribution plan covering eligible employees of the following (the Company):

East Management Services, L.P.	Impact Sports Performance, LLC
Black River Entertainment, LLC	Pegula Sports & Entertainment, LLC
Hockey Western New York, LLC	GRMR Oil & Gas, LLC
Western New York Arena, LLC	Western New York Lacrosse, LLC
HARBORcenter Development, LLC	Topshelf Management of Florida, LLC
HARBORcenter Operating, LLC	Rochester Hockey, LLC
Topshelf Management, LLC	Rochester Arena, LLC
Intermission Management, LLC	Rochester Lacrosse, LLC

The Plan document is the governing instrument and should be referred to for a full description of the Plan and its provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees that have attained the age of 21 and have completed 500 hours of service in a 6 consecutive month period, or after 1 year of service, are eligible to make before-tax contributions, rollover contributions and after-tax Roth 401(k) contributions. Prior to January 1, 2018, employees that attained the age of 21 were eligible to make such contributions. In addition, employees are eligible to receive matching and discretionary contributions, provided under the terms of the Plan as described below. Residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees, non-resident aliens with no U.S. source income, and seasonal/part-time employees under age 21 and who have not completed 1,000 hours of service in a 12 consecutive month period, are not eligible to participate in the Plan.

Contributions **-** Prior to January 1, 2018, employees were automatically enrolled in the Plan with a contribution rate of 2% of before-tax earnings. A participant could opt-out of the Plan or could elect to change before-tax or after-tax payroll deductions to amounts up to 90% of his or her compensation. As of January 1, 2018, the automatic enrollment feature was eliminated and employees are to opt-into the Plan. The sum of before-tax and after-tax Roth 401(k) contributions are subject to annual limitations prescribed by the Internal Revenue Code (IRC).

Employees may also elect to make catch-up contributions provided they have reached age 50 by the end of the current calendar year.

Eligible compensation is defined as the taxable compensation paid excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and payments in lieu of wages for qualified military service and welfare benefits. Eligible compensation is subject to annual limitations prescribed by the IRC.

The Company has elected to make safe harbor matching contributions to all participants of the Plan equal to 100% of the first 4% of eligible compensation contributed to the Plan by a participant. These contributions satisfy certain IRC requirements and eliminate the need to perform certain non-discrimination annual tests.

Although none were made in 2018 and 2017, the Company may make a discretionary matching contribution in the amount of 4% of the participant's eligible compensation provided the employee is employed at December 31.

Note A - Description of Plan (continued):

Prior to July 1, 2017, participants could direct their own contributions, as well as the Company's matching and discretionary contributions, into any of a number of separate mutual funds, a fixed annuity fund or an interest-bearing cash account maintained by Fidelity Management Trust Company. Effective July 1, 2017, participants may direct their own contributions, as well as the Company's matching and discretionary contributions, into any of a number of separate mutual funds or a fixed annuity fund maintained by Great-West Trust Company, LLC.

Participant Accounts - Each participant's account is credited with the employee's contribution, the Company's safe harbor matching contribution, Plan earnings, administrative fees and a proportionate allocation, as defined in the Plan, of the Company's discretionary profit sharing contribution, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in the value of their contributions and the Company's safe harbor matching contributions plus actual earnings thereon at all times. Participants vest in the value of the Company's discretionary contributions ratably over five years.

Forfeitures - The Plan permits the Company to first reduce administrative expenses with forfeitures, which represent the unvested portion of accounts for participants who terminated employment with the Company, and then any remaining amounts can be used to reduce employer contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $21,800 and $13,400, respectively. In 2018, approximately $32,000 was used to reduce administrative expenses. Forfeitures of $150 were used to reduce administrative expenses in 2017.

Notes Receivable from Participants - Generally, loans are not permitted by the Plan; however, loans associated with the Hockey Western New York, LLC plan were transferred into the Plan at August 26, 2013 along with the other assets of the Hockey Western New York, LLC plan. These loans, which bore interest at a rate of prime plus 1%, were collateralized by the vested portion of the participant's account and repayments were made through payroll deductions. Participant loans were considered assets of the Plan and were valued based on the unpaid principal balance plus accrued but unpaid interest. All participant loans were repaid in full as of December 31, 2017.

Benefit Payments - Individual accounts can be distributed upon the death, disability, retirement or termination of employment of the Plan participant. If the participant's account balance is greater than $5,000, the participant has the option to remain in the Plan or to receive a distribution of their account balance in the form of either a lump-sum distribution, individual retirement account or various annuity payments. If the participant's account balance is $5,000 or less, the account will automatically be distributed in the form of one lump sum payment. In the event of an immediate and heavy financial burden, the Plan also permits a hardship withdrawal of a participant's deferral contributions, including any applicable taxes and penalties, up to an amount required to alleviate the hardship.

Note B - Summary of Significant Accounting Policies:

The financial statements of the Plan have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America. The following are the significant accounting policies followed by the Plan:

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Note B - Summary of Significant Accounting Policies (continued):

Contribution Revenue - Employee contributions and company matching contributions are recognized as additions to Plan assets in the year designated by the employee. Employer discretionary profit sharing contributions are recognized as additions to Plan assets in the year designated by the employer.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (Notes D and E). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses on mutual funds includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Expenses - A portion of the expenses of maintaining the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Prior to July 1, 2017, fees related to recordkeeping, Trustee services, express mail services, automated minimum distributions and advisory services were paid by the participants of the Plan. As of July 1, 2017, the Company pays all expenses of maintaining the Plan with the exception of certain participant selected managed account services. Investment related expenses are included in realized and unrealized gains of mutual funds.

Notes Receivable from Participants - Notes receivable from participants were reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on loans was recorded on the accrual basis. An allowance for notes receivable from participants has not been recorded as delinquent notes receivable from participants were recorded as a distribution and reduction of the participant loan balance based upon the terms of the Plan document. All participant loans have been repaid in full.

Subsequent Events - Management has evaluated subsequent events through October 7, 2019, the date the financial statements were available to be issued and disclosed such events in Note J.

Note C - Tax Status:

The Internal Revenue Service has determined by a letter dated March 31, 2014 that the prototype plan used to set the guidelines of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), as amended, and the regulations thereunder, and the Plan is thereby tax-exempt within the meaning of Section 501(a) of the IRC. Although the Plan has been amended, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note D - Investments (Unaudited):

From January 1, 2017 through June 30, 2017, the investments were held by Fidelity Management Trust Company, the Trustee, and participants could direct their investments into an interest-bearing cash account, mutual funds or a fixed annuity fund. Effective July 1, 2017 and at December 31, 2018, the investments are held by Great-West Trust Company, LLC, the Trustee. Participants may direct their investments into mutual funds or a fixed annuity fund. The Trustee of the Plan's assets has certified the unaudited investment assets of the Plan at December 31, 2018 and 2017, as well as to the unaudited investment income or loss, including interest, dividends, expenses, and realized and unrealized gains and losses for the year ended December 31, 2018 and the information contained in the supplemental Schedule of Assets (Held at End of Year), in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments in the fixed annuity fund and mutual funds are recorded at fair value as described in Note E. Changes in the market value of mutual funds are recorded as gains or losses.

The statements of net assets available for benefits present the fair value of all investment contracts. The statement of changes in net assets available for benefits is prepared on the fair value basis as there are no investments held at December 31, 2018 in fully-benefit responsive investments which are required to be reported at contract value.

The Plan invests in a variety of mutual funds and a fixed annuity fund. Prior to July 1, 2017, the Plan invested in an interest-bearing cash account. The investment strategies of these mutual funds vary among growth, income and equity objectives. A prospectus describing each mutual fund is available from the plan administrator. The investment strategy of the fixed annuity fund is to seek consistent returns to support a competitive credited rate.

Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note E - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*," establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs into three broad levels. Level 1 inputs are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are inputs other than quoted prices for similar assets in active markets or inputs that are observable for the asset, either directly or indirectly through market corroboration, for substantially the full term of the asset. Level 3 inputs are unobservable inputs developed by the plan sponsor based on the best information available about the assumptions market participants would use in pricing the asset. A financial asset's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used in measuring Plan assets at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds - Determined based upon the net asset value of shares held by the Plan and normally calculated as of the close of business on the New York Stock Exchange. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuity Fund – Determined based upon all contributions made by or on behalf of the participant to the fund, plus all interest credited to the fund on an annual effective basis pursuant to the guaranteed interest rate applicable, less any amounts transferred or distributed from the fund, less any applicable charges.

Note E - Fair Value Measurements (continued):

The following tables detail the assets' fair value measured as of December 31, 2018 and 2017:

	Level 1	Level 2	Level 3	Total
December 31, 2018:				
Mutual funds	$ 22,517,218	$ -	$ -	$ 22,517,218
Fixed Annuities	-	730,554	-	730,554
Total assets at fair value	$ 22,517,218	$ 730,554	$ -	$ 23,247,772
December 31, 2017:				
Mutual funds	$ 21,108,021	$ -	$ -	$ 21,108,021
Fixed Annuities	-	617,741	-	617,741
Total assets at fair value	$ 21,108,021	$ 617,741	$ -	$ 21,725,762

Note F - Party-in-Interest:

The Plan's assets invested in interest-bearing cash and certain of the mutual funds were issued and maintained by Fidelity Management Trust Company, who held all of the Plan's investment assets through June 30, 2017. Transactions executed in these accounts were party-in-interest transactions. Effective July 1, 2017, the Plan's assets invested in the fixed annuity fund is maintained by Great-West Trust Co., LLC. Transactions executed in this account are party-in-interest transactions.

Note G - Qualified Non-Elective Contribution Receivable:

For the Plan years ended December 31, 2018 and 2017, the Plan Administrator erroneously excluded certain employees from participating in the Plan. Following the identification of the improperly excluded employees, the Plan Administrator calculated the qualified non-elective contributions and missed earnings in accordance with Revenue Procedure 2015-28. The qualified non-elective contributions and missed earnings were remitted to the Plan during the 2018 and 2019 Plan years.

Note H - Plan Termination:

Although there is not a present intent to do so, the Company has reserved the right to terminate or partially terminate the Plan. In the event of Plan termination, all participants will become fully vested in any funds which have been allocated to them.

Note I - Plan Amendments:

During 2018, the Plan was amended affecting certain eligibility and enrollment requirements, as well as, participating employers. In order to be eligible, employees that have attained the age of 21 must now complete 500 hours of service in a 6 consecutive month period, or, have 1 year of service. Participants must now opt-into the Plan as automatic enrollment is no longer a feature of the Plan. Participating employers now include Topshelf Management of Florida, LLC, Rochester Hockey, LLC, Rochester Arena, LLC, and Rochester Lacrosse, LLC.

Note J - Subsequent Events:

Subsequent to year end, the Plan was retroactively amended to include taxable car allowances as eligible compensation, effective for the period January 1, 2014 through January 4, 2019, in order to conform to the operation of the Plan during the period. Also, subsequent to year end, effective January 1, 2019, the Plan was amended to allow for safe harbor matching contributions on each payroll period, as opposed to annually.
