WEIGEL BROADCASTING CO. EMPLOYEES' PROFIT SHARING AND 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 - Description of plan

The following description of the Weigel Broadcasting Co. Employees' Profit Sharing and 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Weigel Broadcasting Co. ("Company") except for those employees covered by a collective bargaining agreement. The Plan requires participants to attain the age of 21 and complete certain service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to make salary deferral contributions not to exceed percentage and dollar limits set by law. The Company may make discretionary matching and profit sharing contributions. The Company may designate all or a portion of any profit sharing contributions as "qualified matching contributions" and all or a portion of any profit sharing contribution as "qualified nonelective contributions" and allocate them to non-highly compensated employees to help the Plan pass one or more annually required Internal Revenue Code nondiscrimination tests. Participants direct the investment of contributions to their accounts. The Plan currently offers 28 mutual funds and one money market fund as investment options for participants. Participants may change their investment options daily.

Participants' accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching, qualified matching, profit sharing and qualified nonelective contributions, if any, (b) Plan earnings, (c) forfeitures of terminated participants' nonvested accounts, if any, and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, qualified matching contributions, and qualified nonelective contributions plus actual earnings thereon. Vesting in the Company's profit sharing and matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested in the company's profit sharing contribution and matching contribution after six years of credited service.

NOTE 1 - Description of plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the balance in the participant's account and bear interest rates of 4.25% - 6.25%. Principal and interest is paid through biweekly payroll deductions.

Payment of benefits

Upon termination of service, a participant's vested benefits are paid as a lump sum distribution or other form the participant elects.

NOTE 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Plan administrative expenses

Investment advisory and other fees are paid by the Plan. Certain other administrative expenses of the Plan have been paid by the Plan sponsor.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Loans to participants are reported at their unpaid balance plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 2 - Summary of significant accounting policies (continued)

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $2,252 and $2,327, respectively. These accounts may be used to pay administrative expenses. Any remaining amounts may be used to reduce future employer contributions payable under the Plan. For plan years 2018 and 2017, employer contributions were decreased by $2,872 and $1,325, respectively, from forfeited nonvested accounts.

NOTE 3 - Fair value measurement

Fair Value Measurements Topic ASC 820 of the FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level II – Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and money market accounts – valued at quoted market prices.

Notes receivable from participants – valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - Fair value measurement (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total

WEIGEL BROADCASTING CO. EMPLOYEES' PROFIT SHARING AND 401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 5 - Tax status

Weigel Broadcasting Co. has adopted the BMO Harris Bank N.A. Defined Contribution Volume Submitter Plan and Trust effective December 1, 2013, as an amendment and restatement in its entirety of it's previously established qualified Plan and Trust.

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted received a determination letter from the IRS dated November 2, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - Recent accounting pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement – Disclosure Framework (Topic 820).* The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Plan is currently assessing the timing and impact of adopting the updated provisions.
