IRS announces tax relief for Texas victims of severe storms and flooding

TX-2019-02, July 18, 2019

Texas — Victims of the severe storms and flooding that took place on June 24-25, 2019 in Texas may qualify for tax relief from the Internal Revenue Service.

The President has declared that a major disaster occurred in the State of Texas. Following the recent disaster declaration for individual assistance issued by the Federal Emergency Management Agency, the IRS announced today that affected taxpayers in certain areas will receive tax relief.

Individuals who reside or have a business in Cameron, Hidalgo and Willacy counties may qualify for tax relief.

The declaration permits the IRS to postpone certain deadlines for taxpayers who reside or have a business in the disaster area. For instance, certain deadlines falling on or after June 24, 2019 and before Oct. 31, 2019, are granted additional time to file through Oct. 31, 2019. This includes taxpayers who had a valid extension to file their 2018 return due to run out on Oct. 15, 2019. It also includes the quarterly estimated income tax payment due on Sept. 16, 2019, as well as the employment and excise tax returns due on July 31, 2019.

In addition, penalties on payroll and excise tax deposits due on or after June 24, 2019, and before July 9, 2019, will be abated as long as the deposits were made by July 9, 2019.

If an affected taxpayer receives a late filing or late payment penalty notice from the IRS that has an original or extended filing, payment or deposit due date that falls within the postponement period, the taxpayer should call the telephone number on the notice to have the IRS abate the penalty.

The IRS automatically identifies taxpayers located in the covered disaster area and applies automatic filing and payment relief. But affected taxpayers who reside or have a business located outside the covered disaster area must call the IRS disaster hotline at 866-562-5227 to request this tax relief.

Covered Disaster Area

The localities listed above constitute a covered disaster area for purposes of Treas. Reg. §301.7508A-1(d)(2) and are entitled to the relief detailed below.

Affected Taxpayers

Taxpayers considered to be affected taxpayers eligible for the postponement of time to file returns, pay taxes and perform other time-sensitive acts are those taxpayers listed in Treas. Reg. § 301.7508A-1(d)(1), and include individuals who live, and businesses (including tax-exempt organizations) whose principal place of business is located, in the covered disaster area. Taxpayers not in the covered disaster area, but whose records necessary to meet a deadline listed in Treas. Reg. § 301.7508A-1(c) are in the covered disaster area, are also entitled to relief. In addition, all relief workers affiliated with a recognized government or philanthropic organization assisting in the relief activities in the covered disaster area and any individual visiting the covered disaster area who was killed or injured as a result of the disaster are entitled to relief.

Grant of Relief

Under section 7508A, the IRS gives affected taxpayers until Oct. 31, 2019, to file most tax returns (including individual, corporate, and estate and trust income tax returns; partnership returns, S corporation returns, and trust returns; estate, gift, and generation-skipping transfer tax returns; annual information returns of tax-exempt organizations; and employment and certain excise tax returns), that have either an original or extended due date occurring on or after June 24, 2019 and before Oct. 31, 2019.

Affected taxpayers that have an estimated income tax payment originally due on or after June 24, 2019 and before Oct. 31, 2019, will not be subject to penalties for failure to pay estimated tax installments as long as such payments are paid on or before Oct. 31, 2019. The IRS also gives affected taxpayers until Oct. 31, 2019 to perform other time-sensitive actions described in Treas. Reg. § 301.7508A-1(c)(1) and Rev. Proc. 2018-58, 2018-50 IRB 990 (Dec. 10, 2018), that are due to be performed on or after June 24, 2019 and before Oct. 31, 2019.

This relief also includes the filing of Form 5500 series returns, (that were required to be filed on or after June 24, 2019 and before Oct. 31, 2019, in the manner described in section 8 of Rev. Proc. 2018-58. The relief described in section 17 of Rev. Proc. 2018-58, pertaining to like-kind exchanges of property, also applies to certain taxpayers who are not otherwise affected taxpayers and may include acts required to be performed before or after the period above.

Unless an act is specifically listed in Rev. Proc. 2018-58, the postponement of time to file and pay does not apply to information returns in the W-2, 1094, 1095, 1097, 1098, or 1099 series; to Forms 1042-S, 3921, 3922 or 8027; or to employment and excise tax deposits. However, penalties on deposits due on or after June 24, 2019, and before July 9, 2019, will be abated as long as the tax deposits were made by July 9, 2019.

Casualty Losses

Affected taxpayers in a federally declared disaster area have the option of claiming disaster-related casualty losses on their federal income tax return for either the year in which the event occurred, or the prior year. See Publication 547 for details.

Individuals may deduct personal property losses that are not covered by insurance or other reimbursements. For details, see Form 4684, Casualties and Thefts (PDF)and its instructions (PDF). Affected taxpayers claiming the disaster loss on a 2018 or 2019 return should put the Disaster Designation, "Texas, Severe Storms and Flooding" in red ink at the top of the form so that the IRS can expedite the processing of the refund. Be sure to include the disaster declaration number, FEMA 4454, on any return. See Publication 547 for details.

Other Relief

The IRS will waive the usual fees and expedite requests for copies of previously filed tax returns for affected taxpayers. Taxpayers should put the assigned Disaster Designation "Texas, Severe Storms and Flooding" in red ink at the top of Form 4506, Request for Copy of Tax Return (PDF), or Form 4506-T, Request for Transcript of Tax Return (PDF), as appropriate, and submit it to the IRS.

Affected taxpayers who are contacted by the IRS on a collection or examination matter should explain how the disaster impacts them so that the IRS can provide appropriate consideration to their case. Taxpayers may download forms and publications from the official IRS website, irs.gov, or order them by calling 800-829-3676. The IRS toll-free number for general tax questions is 800-829-1040.

Independent Auditors' Report

To the Trustees of the
AIM Media 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AIM Media 401(k) Plan (the "Plan") which compromise of the statements of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C & F, which was certified by Fidelity Management Trust Company (Fidelity), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the year ended December 31, 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of Disclaimer of Opinion, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of (1) Form 5500 Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 and (2) Form 5500 Schedule H, Part IV, Line 4a – Schedule of Delinquent Contributions are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AIM MEDIA 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the AIM Media 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of AIM Media Texas Operating, LLC (the Employer) who have 60 days of service. Enrollment into the Plan is automatic, occurring on the 1st day of the month following the date eligibility criteria have been met. Automatic enrollees are set up with a default deferral rate of 4%, and will remain at 4% unless the participant makes a change. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The effective date of the Plan is June 18, 2012.

The Employer acquired Home News Enterprises, LLC (Home) in November 2015 and Civitas Media, LLC (Civitas) in June 2017. Home and Civitas had qualified 401(k) plans which were terminated prior to the acquisition and, as a result of termination, employees became fully vested in their respective account balances. All employees of Home and Civitas who became employees of AIM Media Texas Operating were allowed to rollover their Plan balances into the AIM Media 401(k) Plan with an effective entry dates of November 1, 2015 and June 13, 2017, respectively. See Note H.

2. Contributions

Each year, participants may contribute up to the lesser of 75% of eligible compensation or the maximum allowable under the Internal Revenue Code ($18,500 in 2018). Participant contributions may be pre-tax and/or Roth deferrals, but are subject to the same limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The Employer contributes ½% for every 1% a participant defers, up to a maximum Employer match of 3%. Any fee or expense paid, directly or indirectly, the Employer is not considered a contribution to the Plan.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's matching contribution, (b) forfeitures of terminated participants' nonvested accounts and (c) Plan earnings (losses) and charged with distributions and allocations of administrative expenses paid by the Plan, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are always 100% vested in their own contributions plus actual earnings thereon. Vesting in the Employer match contributions portions of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

NOTE A – DESCRIPTION OF PLAN – Continued

4. Vesting – Continued

Previously, participants received vesting credit for one year of service under the "general method" if at least 1,000 hours of service were earned in a Plan year. Vesting under the Plan is now based upon the "elapsed time method," where periods of service are computed based upon whole years of service with the Employer.

Participants employed before July 1, 2016 will receive vesting credit for years of service based upon the following:

Applicable Year(s)	Method	Measurement Period
Plan Year(s) before 2016	General	Jan 1 to Dec 31
2016	General or Elapsed Time*	Jan 1 to Dec 31
Plan Year(s) after 2016	Elapsed Time	Jan 1 to Dec 31

*Participants will get vesting for this period if they would get such credit under either the general method (hours of service) or the elapsed time method.

Participants hired on or after July 1, 2016 will receive vesting credit for their years of service with the Employer based on the elapsed time method, measuring from their date of employment.

5. Forfeitures

Forfeitures are retained in the Plan and may be first used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. For the year ended, December 31, 2018, forfeitures of $14,296 were used to pay administrative expenses. Unallocated forfeitures totaled $61,435 and $33,970 at December 31, 2018 and 2017, respectively.

6. Investment Options

Investments, which are participant-directed, are chosen from among the funds offered by the plan's trust company.

7. Payment of Benefits and Distributions

Normal retirement age is the date a participant attains age 65, at which point the participant's account automatically becomes 100% vested. Distributions upon death of the participant prior to receiving any benefits shall be made pursuant to the election of the participant or beneficiary. Distributions upon termination of employment may be made immediately at the participant's election. Distributions may be in the form of lump sums or installments and may be rolled over into another qualified Plan.

8. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan is allowed at any time. The notes are secured by the balance in the participant's account and bear interest at reasonable rates established at Prime + 1%. Principal and interest are paid ratably through regularly scheduled payroll deductions over a maximum of 5 years, or up to 10 years if such loan is for the purchase of the participant's primary residence.

NOTE A – DESCRIPTION OF PLAN – Continued

9. Top-heavy Status

A "top-heavy" plan benefits "key-employees" such as certain owners or officers. A plan will reach "top-heavy" status when 60% of the contributions or benefits have been allocated to these key-employees. In the event that the Plan becomes "top-heavy", the Employer will be required to contribute a minimum allocation to each "non-key" employee. The Plan is currently not "top-heavy."

NOTE B – SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires the plan administrators to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

NOTE B – SUMMARY OF ACCOUNTING POLICIES – Continued

4. Investment Valuation and Income Recognition – Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

5. Excess Contributions Payable

Contributions in excess of amounts allowed by the IRS are recoded as accounts payable, with a corresponding reduction to 2018 contributions. Excess contributions for the year ended December 31, 2018 totaled $1,511 and were corrected within 2.5 months after year end.

6. Payments of Benefits

Benefits are recorded when paid.

7. Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

NOTE C – FAIR VALUE MEASUREMENTS

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, which removes the requirement for reporting entities to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are measured at fair value using the net asset value per share practical expedient. This update is effective for interim and fiscal periods beginning after December 15, 2016 with early adoption permitted. The Plan early adopted ASU 2015-07 in 2016.

In July 2015, the FASB issued ASU 2015-12, which permits a reporting entity to measure, present and disclose fully benefit-responsive contacts at contract value. ASU 2015-12 also eliminates the requirement for plans to disclose (1) individual investments that represent five percent or more of net assets available for benefits, and (2) the net appreciation or depreciation by general type. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. ASU 2015-12 also removes the requirements to disaggregate investments of employee benefit plans by nature, characteristics and risks and requires that these investments be grouped only by general type. This update is effective for interim and fiscal periods beginning after December 15, 2015. The Plan adopted ASU 2015-12 in 2016.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same – to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (exit price). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to measure the fair value of certain financial instruments could result in a different at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally form or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018, and 2017.

NOTE C – FAIR VALUE MEASUREMENTS – Continued

Level 1 Fair Value Measurements

These are mutual funds valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unleveled Fair Value Measurement

This is a stable value collective investment trust for which the net asset value is based on contract value. A stable value fund that is composed of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell that investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Based on the representations by the managers of the funds, the Putnam Stable Value Fund meets the requirements for the net asset value practical expedient. Unfunded commitments typically are found in private equity funds and therefore are not applicable to collective investment trusts.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurements at December 31, 2018			
	Assets/Liabilities Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Measured on a recurring basis:				
Assets				
Mutual Funds	$ 17,695,786	$ 17,695,786	$ -	$ -

	Fair Value Measurements at December 31, 2017			
	Assets/Liabilities Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Measured on a recurring basis:				
Assets				
Mutual Funds	$ 20,078,401	$ 20,078,401	$ -	$ -

NOTE C – FAIR VALUE MEASUREMENTS – Continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participation redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	$ 308,518	N/A	Daily	12 months

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Trust	$ 455,406	N/A	Daily	12 months

The carrying value of employer receivables, employee receivables and accounts payable included in the accompanying statement of net assets available for benefits approximate their fair values at December 31, 2018 and 2017 due to their relative short-term nature.

NOTE D – TAX STATUS

The IRS has determined that the amended plan adopted under the prototype plan with Fidelity Management & Research Co. on March 31, 2014 is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The IRS letter indicates that the letter is not a ruling as to whether the Employer's plan qualifies under Code section 401(a). However, an employer that adopts these plans may rely on this letter with respect to the qualification of its plan under Code section 401(a). The letter also states that the terms of the plan must be followed in operation to remain qualified. The Plan Administrator believes they have followed the terms of the plan and it remains a qualified plan, therefore no provision for income taxes has been included in the Plan's financial statements.

The Plan's Form 5500 is subject to examination by the IRS for the years ending December 31, 2015 through December 31, 2018.

NOTE E – PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Employer does not intend to terminate the plan.

NOTE F – INVESTMENTS AS PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements for the years ended December 31, 2018 and 2017, and supplemental schedule for the year ended December 31, 2018 was obtained from data that has been prepared and certified as complete and accurate by the trustee representative, Fidelity Management and Trust Company.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments or Affiliates of Fidelity Investments; as a trustee of the Plan, these transactions qualify as party-in-interest transactions. The Plan also has notes receivable from participants, which also qualify as party-in-interest transactions. Other parties-in-interest include the Plan Sponsor (the Employer). Certain employees of the Employer provide administrative and support services for the Plan, for which these employees are not compensated by the Plan. The Employer also engages third parties for other consulting and administrative services with regard to the Plan, the fees for which are paid by the Employer.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS – Continued

Fees incurred and paid to Fidelity for investment managed and administrative services totaled $62,342 for the year ended December 31, 2018. The Plan has engaged Gallagher Benefit Services, Inc., which provides benefit consultation services with respect to the Plan; fees paid to Gallagher Benefit Service, Inc. by the Plan totaled $30,000 for the year ended December 31, 2018. In connection with the Plan's December 31, 2017 audit, Plan forfeitures totaling $14,296 were used to pay the CPA firm, Burton McCumber & Longoria, LLP in 2018. The outstanding balance of the Plan's notes receivable from participants totaled $500,439 as of December 31, 2018.

NOTE H – ROLLOVER CONTRIBUTIONS
