To The Trustee
Medical Murray, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to the audit the accompanying financial statements of Murray, Inc. 401(k) Retirement Plan, which compromise the statement of net assets available for benefits as of December 31, 2018 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the 2018 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is the express an opinion on the 2018 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2018 financial statements. Accordingly, we do not express an opinion on the 2018 financial statement referred to in the first paragraph.

MEDICAL MURRAY, INC 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1- DESCRIPTION OF PLAN

The following description of the Medical Murray, 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan provision.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Medical Murray, Inc. who are age 21 and have completed one year of service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was effective April 01, 1996, and was most recently amended and restated as of January 01, 2017. The Trustee is responsible for oversight of the Plan, and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions – Each year, participants may contribute up to $18,500 or up to $24,500 if they have attained age 50 before the end of the plan year (catch-up contributions). Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 01, 2017, the Plan provides for a Company safe harbor contribution calculated at 3% of a participant's compensation. The Company may also make additional contributions to each eligible participant able to make salary deferrals. If made the contribution would be a discretionary percentage of salary deferrals that do not exceed 6% of compensation so that total additional contribution does not exceed 4% of total compensation. The Company made no additional contributions in 2018 or 2017. Company contributions are deposited into the Plan after the Plan's year end. Contributions are subject to certain Internal Revenue Service (IRS) limitations. During the 2018 audit it was discovered that $28,063 of Company contributions dating from 2012 - 2018 had not been remitted to the Plan. See Note 8 for details.

Participant Accounts – Each participant's account is credited with the participant, contributions and Company matching contributions, as well as an allocation of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon and in the Company's safe harbor matching contributions and earnings thereon. Vesting in the Company's discretionary matching contributions is based on years of continuous service. A person is 100% vested after six years of credited service.

MEDICAL MURRAY, INC 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1-DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants- Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants may only have one note outstanding at any time. The loans are secured by the balance in the participant's account. The notes must be repaid over a period not to exceed five years unless the funds are used to purchase a principal residence whereby the note term may extend up to 30 years. The loan interest rate is set at the prime rate, as defined. Principal and interest is paid ratably through bi-weekly deductions.

Payment of Benefits- On termination of service due to death, disability, retirement or termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the joint life expectancy of the participant and his or her beneficiary. In-service distributions are permitted from rollover funds only, and hardship withdrawals are not permitted.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting- The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates- The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants- Notes receivables from a participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTIGN POLICIES (CONTINUED)

Payment of Benefits- Benefits are recorded when paid.

Administrative Expense- Fees associated with notes receivable from participants are charged to the applicable participant's account and are included in administrative expenses. All other administrative expenses for maintaining the Plan are paid by the Company and are excluded from these financial statements.

Subsequent Events- The Plan has evaluated subsequent events through December 30, 2019, the date the financial statements were available to be issued. See Note 8 for details.

NOTE 3- FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are as follows:

Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs are inputs other that quoted prices included with Level 1 that are observable for the asset or liability either directly or indirectly, including the following:

1. Quoted prices for similar assets or liabilities in active markets.
2. Quoted prices for identical or similar assets or liabilities in inactive markets.
3. Inputs other than quoted prices that are observable for the asset or liability.
4. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3- FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 inputs are unobservable and significant to the fair value measurement.
The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Transfers Between Levels- The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018 there were no transfers in or out of Level 3.

NOTE 3- FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Calculate Net Asset Value- The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share at December 31, 2018 and 2017.

Investment	12/31/18 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

*There is no redemption notice period for participant initiated transactions.

(a) Balanced funds seek to achieve as high a total return over time as is considered consistent with prudent investments risk, preservation of capital and recognition of their current asset allocation. The funds are "funds of funds" and seek to achieve their investment objective by investing in a combination of domestic and international mutual funds ("underlying funds") using an asset allocation strategy designed for investors based on their expected retire date.

NOTE 3- FAIR VALUE MEASUREMENTS (CONTINUED)

(b) Large cap funds seek long term capital appreciation. The funds normally invest at least [blank]% of their net assets in equity securities of companies that the advisor believes demonstrate promising growth potential.

(c) Mid cap funds seek to provide investment results approximating the S&P Mid Cap 400 Index. The funds invest at least 80% of their net assets in the equity securities of companies included in the index.

(d) Small cap funds long term capital appreciation. The funds invest at least 80% of their net assets in the equity securities of smaller companies. "Small" companies are companies that as the time of purchase have market capitalizations within the range of companies comprising the Russell 2000 value index.

(e) International funds seek long term growth of capital. The funds invest primarily in a broad range of equity securities of companies locates in emerging market countries.

(f) Specialty funds are non-diversified, concentrated in the real estate industry and seek total return. The funds invest at least 80% of their net assets in common stocks and other equity securities of real estate companies.

NOTE 4- INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. According, as permitted under such election, the Plan Administrator has obtained a certification from Principal Trust Company, the custodian, that all information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments, note receivable from participant, investment income, interest income on note receivable from participant, and all information in the supplemental schedule of assets (held at end of year) as of December 31, 2018 and for the year then ended, is presented in reliable solely upon the certification. All Plan assets held in trust pursuant to an agreement between the Company and Principal Trust Company the custodian.

NOTE 4- INVESTMENTS (CONTINUED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2018
Investments:	
Pool separate accounts, at fair value	$2,511,108
Guaranteed insurance contract, at contract value	247
Notes receivable from participants	52,647
Decline in investment value	(214,149)
Interest income on notes receivable from participants	3,623

NOTE 5-RELATED PARTY TRANSACTIONS

The Plan's investments consist of pooled separate accounts, a Common/collective trusts, and a guaranteed insurance contract managed by the custodian Principal Trust Company as of December 31, 2018 and 2017, and therefore these transactions qualify as party-in-interest transactions as defined by ERISA.

NOTE 6-TAX STATUS

The Plan adopted the prototype non-standardized profit sharing plan with The Pension Specialists, Ltd. This plan received an opinion letter from the IRS dated March 14, 2014 that the plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC) and was, therefore, not subject to income tax under present tax laws. Although the Plan has been amended since the adoption date, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2015.

MEDICAL MURRAY, INC 401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 7-RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 -SUBSEQUENT EVENTS

As previously mentioned in Note 1 the Company evaluated subsequent events through December 30, 2019, the date of the financial statements were available to be issued and (2) events were brought to Management's attention requiring disclosure.

The first was the discovery of past due employer safe harbor contributions for the years 2012 through 2018. Management along with the 2018 Third Party Administrator reviewed the accounting and payroll records to determine which participants were still due contributions for the aforementioned years. This resulted in $28,063 of past due employer contributions at December 31, 2018. This amount is included in the Statement of Net Assets Available for Benefits as part of the Employer Contributions Receivable at December 31, 2018. Since these results were not available until December 19, 2019 it delayed the issuance of certified financial statements until December 30, 2019. As a result of this the initial Form 5500 filed on October 15, 2019 did not include the certified financial statements.

On November 25, 2019 the US Department of Labor issued notice rejecting the original Form 5500 for the Plan year 2018 because the Accountant's Opinion, audited financial statements along with accompanying footnotes were not provided with the original filing.

The Department required (2) corrective actions to be taken within 45 days of November 25, 2019 (the date of their notice).
They were as follows:

1. File an acceptable, amended 2018 Form 5500 including the Schedules/Attachments to electronically amend an annual report using EFAST2. The audited financial statements must be included with this filing.
2. Notify the Office of the Chief Accountant of the completed amended filing.

The second subsequent event was a change in third party administrators to ADP Retirement Services Inc. along with retaining ADP Payroll Services Inc. Prior to this change the third party administrator was The Pension Specialist, Ltd and the payroll function was performed internally by Medical Murray, Inc. This change took place July 05, 2019.
