Independent Auditor's Report

RSM US LLP

To the Board of Directors
ATW Retirement Savings Plan
Richardson, Texas

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of ATW Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, and Nationwide Trust Company, FSB, a former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2018, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Emphasis of Matter – Plan Mergers
As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into this plan effective January 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on January 1, 2018 and January 8, 2018, respectively. Our disclaimer of opinion has not been modified with respect to this matter.

As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into this plan effective August 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on August 7, 2018. Our disclaimer of opinion has not been modified with respect to this matter.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules
The supplemental schedules of Schedule H, Line 4a - Schedule of delinquent participant contributions for the year ended December 31, 2018, and Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the ATW Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was established on January 1, 2018, and is a defined contribution plan covering substantially all employees of American Trailer World Corp d/b/a ATW (the Company) who have one month of service as defined by the Plan agreement and are age twenty-one or older are eligible to participate in the Plan. Employees are eligible to receive matching contributions after six months of service, as defined in the Plan agreement. Employees who are excluded from participating are those who are covered by a collective bargaining agreement, are leased employees, nonresident aliens and all employees of operations in Canada and Mexico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan mergers: Effective January 1, 2018, the Company approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into the ATW Retirement Savings Plan. As a result, assets totaling $8,993,250 were transferred into the Plan on January 1, 2018, from the American Trailer Works, Inc. Retirement Savings Plan and assets totaling $4,496,473 were transferred into the Plan on January 8, 2018, from the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust.

Effective August 1, 2018, the Company approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into the ATW Retirement Savings Plan. As a result, assets totaling $2,686,260 were transferred into the Plan on August 7, 2018.

Contributions: Each year, participants may contribute a percentage of pre-tax and post-tax annual compensation, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2018, the Company made a safe harbor matching contribution equal to a calculation based on the employee’s deferral percent up to 4% of eligible compensation, as defined in the Plan agreement. Additional amounts may be contributed at the discretion of the Company. No additional discretionary matching contribution was made for the year ended December 31, 2018. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company’s contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable terms generally range from 1-5 years, unless the note qualifies as a home purchase, as defined by the Plan agreement. The notes are collateralized by the balance in the participant's account and will bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contributions. Vesting in any additional Company discretionary matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: Upon termination of service, attainment of age 62, death, disability, or retirement, a participant may elect to receive either a lump-sum or rollover distribution amount equal to the vested interest in his or her account. In-service withdrawals are permitted for hardship, early retirement age of 59½, normal retirement age of 62, rollover, or qualified military service. Benefits are recorded when paid.

Forfeitures: At December 31, 2018, there was approximately $14,300 available for use. These accounts, if any, would first be used to pay administrative expenses and any remaining would be used to reduce future Company contributions payable under the Plan.

Administration of plan assets: Certain administrative functions are performed by officers or employees at the Company. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Note 2. Significant Accounting Policies (Continued)

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Shares of registered investment companies and common stock: Valued at the quoted market price of the fund as reported on public exchanges.

Shares of common collective trusts: Valued based on the net asset value of units of the common collective trust. The net asset value (NAV), as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value fund: Valued based on the net asset value of units of the guaranteed income fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through January 9, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity) and Nationwide Trust Company, FSB (Nationwide)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity and Nationwide except for comparing such certified information to information included in the Plan's financial statements and supplemental schedules.

The following table presents the values of the Plan's assets at December 31, 2018, as certified by Fidelity:

Investments, at fair value:	
Registered investment companies	$ 3,696,685
Common stocks	15,322
Common collective trusts	12,916,270
Stable value fund	881,236
	$ 17,509,513

Fidelity certified notes receivable from participants totaling $456,552 at December 31, 2018.

Fidelity and Nationwide also certified to the completeness and accuracy of ($1,336,310) of net depreciation in fair value of investments, $120,603 of interest and dividends related to the aforementioned investments and $20,686 of interest related to notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,696,685	$ -	$ -	$ 3,696,685
Common stocks	15,322	-	-	15,322
	$ 3,712,007	$ -	$ -	3,712,007
Investments measured at net asset value				13,797,506
				$ 17,509,513

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it's probable those investments are being sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

Investment Category	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Common collective trusts	$ 12,916,270	$ -	Daily	None
Stable value fund	881,236	-	Daily	90 days

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classifications of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

Note 5. Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to approximately $102,000 for the year ended December 31, 2018.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan is an adopter of a standardized prototype plan sponsored by Fidelity. The prototype plan document has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements.

Note 8. Subsequent Event

Subsequent to year end, approximately $1,400,000 in total assets from the BWISE Manufacturing, LLC 401(k) Plan was merged into the Plan due to acquisition by the Plan Sponsor.

Note 9. Delinquent Contributions

During the year ended December 31, 2018, the Plan Administrator inadvertently remitted approximately $896,000 participant withholdings later than the required timeframe as stated by the Department of Labor (DOL). Lost earnings related to the 2018 late contributions have been remitted to the Plan. The DOL considers late deposits to be prohibited transactions.

Independent Auditor's Report

RSM US LLP

To the Board of Directors
ATW Retirement Savings Plan
Richardson, Texas

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of ATW Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, and Nationwide Trust Company, FSB, a former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2018, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Emphasis of Matter – Plan Mergers
As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into this plan effective January 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on January 1, 2018 and January 8, 2018, respectively. Our disclaimer of opinion has not been modified with respect to this matter.

As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into this plan effective August 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on August 7, 2018. Our disclaimer of opinion has not been modified with respect to this matter.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules
The supplemental schedules of Schedule H, Line 4a - Schedule of delinquent participant contributions for the year ended December 31, 2018, and Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the ATW Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was established on January 1, 2018, and is a defined contribution plan covering substantially all employees of American Trailer World Corp d/b/a ATW (the Company) who have one month of service as defined by the Plan agreement and are age twenty-one or older are eligible to participate in the Plan. Employees are eligible to receive matching contributions after six months of service, as defined in the Plan agreement. Employees who are excluded from participating are those who are covered by a collective bargaining agreement, are leased employees, nonresident aliens and all employees of operations in Canada and Mexico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan mergers: Effective January 1, 2018, the Company approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into the ATW Retirement Savings Plan. As a result, assets totaling $8,993,250 were transferred into the Plan on January 1, 2018, from the American Trailer Works, Inc. Retirement Savings Plan and assets totaling $4,496,473 were transferred into the Plan on January 8, 2018, from the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust.

Effective August 1, 2018, the Company approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into the ATW Retirement Savings Plan. As a result, assets totaling $2,686,260 were transferred into the Plan on August 7, 2018.

Contributions: Each year, participants may contribute a percentage of pre-tax and post-tax annual compensation, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2018, the Company made a safe harbor matching contribution equal to a calculation based on the employee’s deferral percent up to 4% of eligible compensation, as defined in the Plan agreement. Additional amounts may be contributed at the discretion of the Company. No additional discretionary matching contribution was made for the year ended December 31, 2018. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company’s contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable terms generally range from 1-5 years, unless the note qualifies as a home purchase, as defined by the Plan agreement. The notes are collateralized by the balance in the participant's account and will bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contributions. Vesting in any additional Company discretionary matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: Upon termination of service, attainment of age 62, death, disability, or retirement, a participant may elect to receive either a lump-sum or rollover distribution amount equal to the vested interest in his or her account. In-service withdrawals are permitted for hardship, early retirement age of 59½, normal retirement age of 62, rollover, or qualified military service. Benefits are recorded when paid.

Forfeitures: At December 31, 2018, there was approximately $14,300 available for use. These accounts, if any, would first be used to pay administrative expenses and any remaining would be used to reduce future Company contributions payable under the Plan.

Administration of plan assets: Certain administrative functions are performed by officers or employees at the Company. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Note 2. Significant Accounting Policies (Continued)

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Shares of registered investment companies and common stock: Valued at the quoted market price of the fund as reported on public exchanges.

Shares of common collective trusts: Valued based on the net asset value of units of the common collective trust. The net asset value (NAV), as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value fund: Valued based on the net asset value of units of the guaranteed income fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through January 9, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity) and Nationwide Trust Company, FSB (Nationwide)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity and Nationwide except for comparing such certified information to information included in the Plan's financial statements and supplemental schedules.

The following table presents the values of the Plan's assets at December 31, 2018, as certified by Fidelity:

Investments, at fair value:	
Registered investment companies	$ 3,696,685
Common stocks	15,322
Common collective trusts	12,916,270
Stable value fund	881,236
	$ 17,509,513

Fidelity certified notes receivable from participants totaling $456,552 at December 31, 2018.

Fidelity and Nationwide also certified to the completeness and accuracy of ($1,336,310) of net depreciation in fair value of investments, $120,603 of interest and dividends related to the aforementioned investments and $20,686 of interest related to notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,696,685	$ -	$ -	$ 3,696,685
Common stocks	15,322	-	-	15,322
	$ 3,712,007	$ -	$ -	3,712,007
Investments measured at net asset value				13,797,506
				$ 17,509,513

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it's probable those investments are being sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

Investment Category	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Common collective trusts	$ 12,916,270	$ -	Daily	None
Stable value fund	881,236	-	Daily	90 days

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classifications of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

Note 5. Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to approximately $102,000 for the year ended December 31, 2018.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan is an adopter of a standardized prototype plan sponsored by Fidelity. The prototype plan document has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements.

Note 8. Subsequent Event

Subsequent to year end, approximately $1,400,000 in total assets from the BWISE Manufacturing, LLC 401(k) Plan was merged into the Plan due to acquisition by the Plan Sponsor.

Note 9. Delinquent Contributions

During the year ended December 31, 2018, the Plan Administrator inadvertently remitted approximately $896,000 participant withholdings later than the required timeframe as stated by the Department of Labor (DOL). Lost earnings related to the 2018 late contributions have been remitted to the Plan. The DOL considers late deposits to be prohibited transactions.

Note 10. Reconciliation of Differences Between these Financial Statements and the Financial Information Required on Form 5500

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of ATW Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, and Nationwide Trust Company, FSB, a former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees hold the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustees as of December 31, 2018, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Emphasis of Matter – Plan Mergers
As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into this plan effective January 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on January 1, 2018 and January 8, 2018, respectively. Our disclaimer of opinion has not been modified with respect to this matter.

As discussed in Note 1 to the financial statements, the Board of Directors of the Plan Sponsor approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into this plan effective August 1, 2018. Assets were subsequently transferred to the ATW Retirement Savings Plan on August 7, 2018. Our disclaimer of opinion has not been modified with respect to this matter.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules
The supplemental schedules of Schedule H, Line 4a - Schedule of delinquent participant contributions for the year ended December 31, 2018, and Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the ATW Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was established on January 1, 2018, and is a defined contribution plan covering substantially all employees of American Trailer World Corp d/b/a ATW (the Company) who have one month of service as defined by the Plan agreement and are age twenty-one or older are eligible to participate in the Plan. Employees are eligible to receive matching contributions after six months of service, as defined in the Plan agreement. Employees who are excluded from participating are those who are covered by a collective bargaining agreement, are leased employees, nonresident aliens and all employees of operations in Canada and Mexico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan mergers: Effective January 1, 2018, the Company approved the merger of the American Trailer Works, Inc. Retirement Savings Plan and the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust into the ATW Retirement Savings Plan. As a result, assets totaling $8,993,250 were transferred into the Plan on January 1, 2018, from the American Trailer Works, Inc. Retirement Savings Plan and assets totaling $4,496,473 were transferred into the Plan on January 8, 2018, from the Big Tex Trailer Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust.

Effective August 1, 2018, the Company approved the merger of the Nuera-Transport, Inc. Profit Sharing Plan into the ATW Retirement Savings Plan. As a result, assets totaling $2,686,260 were transferred into the Plan on August 7, 2018.

Contributions: Each year, participants may contribute a percentage of pre-tax and post-tax annual compensation, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2018, the Company made a safe harbor matching contribution equal to a calculation based on the employee’s deferral percent up to 4% of eligible compensation, as defined in the Plan agreement. Additional amounts may be contributed at the discretion of the Company. No additional discretionary matching contribution was made for the year ended December 31, 2018. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company’s contributions, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable terms generally range from 1-5 years, unless the note qualifies as a home purchase, as defined by the Plan agreement. The notes are collateralized by the balance in the participant's account and will bear interest at a reasonable rate. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's safe harbor matching contributions. Vesting in any additional Company discretionary matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: Upon termination of service, attainment of age 62, death, disability, or retirement, a participant may elect to receive either a lump-sum or rollover distribution amount equal to the vested interest in his or her account. In-service withdrawals are permitted for hardship, early retirement age of 59½, normal retirement age of 62, rollover, or qualified military service. Benefits are recorded when paid.

Forfeitures: At December 31, 2018, there was approximately $14,300 available for use. These accounts, if any, would first be used to pay administrative expenses and any remaining would be used to reduce future Company contributions payable under the Plan.

Administration of plan assets: Certain administrative functions are performed by officers or employees at the Company. No such officer or employee receives compensation from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Note 2. Significant Accounting Policies (Continued)

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2018.

Shares of registered investment companies and common stock: Valued at the quoted market price of the fund as reported on public exchanges.

Shares of common collective trusts: Valued based on the net asset value of units of the common collective trust. The net asset value (NAV), as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value fund: Valued based on the net asset value of units of the guaranteed income fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recently issued accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 is effective for the Plan for fiscal years beginning after December 31, 2019. The Plan is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through January 9, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity) and Nationwide Trust Company, FSB (Nationwide)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity and Nationwide except for comparing such certified information to information included in the Plan's financial statements and supplemental schedules.

The following table presents the values of the Plan's assets at December 31, 2018, as certified by Fidelity:

Investments, at fair value:	
Registered investment companies	$ 3,696,685
Common stocks	15,322
Common collective trusts	12,916,270
Stable value fund	881,236
	$ 17,509,513

Fidelity certified notes receivable from participants totaling $456,552 at December 31, 2018.

Fidelity and Nationwide also certified to the completeness and accuracy of ($1,336,310) of net depreciation in fair value of investments, $120,603 of interest and dividends related to the aforementioned investments and $20,686 of interest related to notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 3,696,685	$ -	$ -	$ 3,696,685
Common stocks	15,322	-	-	15,322
	$ 3,712,007	$ -	$ -	3,712,007
Investments measured at net asset value				13,797,506
				$ 17,509,513

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such investments as well as whether it's probable those investments are being sold at amounts different from their reported net asset value per share based on redemption restrictions, if any.

Investment Category	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Common collective trusts	$ 12,916,270	$ -	Daily	None
Stable value fund	881,236	-	Daily	90 days

Note 4. Fair Value Measurements (Continued)

Changes in fair value levels: To assess the appropriate classifications of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

Note 5. Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to approximately $102,000 for the year ended December 31, 2018.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan is an adopter of a standardized prototype plan sponsored by Fidelity. The prototype plan document has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements.

Note 8. Subsequent Event

Subsequent to year end, approximately $1,400,000 in total assets from the BWISE Manufacturing, LLC 401(k) Plan was merged into the Plan due to acquisition by the Plan Sponsor.

Note 9. Delinquent Contributions

During the year ended December 31, 2018, the Plan Administrator inadvertently remitted approximately $896,000 participant withholdings later than the required timeframe as stated by the Department of Labor (DOL). Lost earnings related to the 2018 late contributions have been remitted to the Plan. The DOL considers late deposits to be prohibited transactions.
