Independent Auditor's Report

To the Plan Sponsor and Participants of
the Vutex, Inc. 401(k) Plan
1 Lone Star Pass
Building 1, Suite 1102
San Antonio, TX 78264

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vutex, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017, and for the

year ended December 31,2018 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at the End of Year) on page 12, and Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions on page 13, as of or for the year ended December 31, 2018 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Subsequent to the issuance of the Plan's 2017 financial statements, the Sponsor amended the Form 5500 initially filed by the Plan in order to correct excess contributions. The amended filing reduced participant contributions by $2,116, thereby creating a liability for excess contributions of $ 2,116. As a result, the disclosure in the 2017 financial statements detailing a reconciliation between Form 5500 and the Plan's financial statements has been eliminated.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Vutex, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan with a 401(k) option covering all eligible employees of Vutex, Inc. (the "Company" or "Employer"). The Plan was effective January 1, 2007. To be eligible to participate in the Plan, an employee must have completed 90 days of service. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan — The administration of the Plan is performed by the Plan administrator and the Plan sponsor. The trustee of the Plan's assets is Principal Life Insurance Company.

Contributions — Each year, eligible employees may contribute up to the maximum percentage allowable, not to exceed the limits as determined by the Internal Revenue Code (the 'IRC') through payroll deductions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants are permitted to make catch-up contributions, if the participants are at least age 50 or will attain age 50 before the end of a calendar year. The additional amounts may be deferred regardless of any other limitations on the amount that they may defer to the Plan. The Employer may contribute a discretionary matching contribution and a discretionary non-elective contribution, as determined on an annual basis.

Participant Accounts — Each participant's account is credited with the participant's contribution, allocations of the Employer's matching contribution, and the Plan earnings, losses, and charged with allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after six (6) years of credited service.

Vesting Service (Whole years)	Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options — Upon enrollment in the Plan, participants may direct employee contributions and employer discretionary contributions in any of the designated investment options with Principal Life Insurance Company, the Custodian of the Plan. Participants may change their investment options at their discretion in accordance with the Plan provisions.

Notes Receivable From Participants — Under the Plan, participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000 or fifty percent of their vested account balance. The loans are secured by the balance in the participant's account, and must be repaid in level payments through payroll deductions over not more than a five-year period, except for the purchase of a principle residence, which may be repaid over a reasonable period of time that may be longer than five years. Loans currently outstanding are accruing interest at annual rate 3.25% to 6.00% .

Payment of Benefits — Upon termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals or installments but only with respect to minimum required distributions, over a period of not more than the assumed life expectancy.

Forfeitures — As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $4,503 and $5,975, respectively. These accounts will be used to offset administrative expenses and then to reduce future employer contribution funding. Administrative expenses paid by forfeited non-vested accounts were $2,467 in 2018. Employer contributions were reduced by $2,031 forfeited non-vested accounts in 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates — The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits — Benefit payments and other distributions are recorded when distributed.

Expenses — Certain expenses of maintaining the Plan are paid by the Company and therefore excluded from these financial statements. The amount reported as the Plan administrative expenses pertains to participants' transactions and loan fees.

Notes Receivable from Participant — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2018 or 2017, as the loans are fully collateralized by the participant accounts and repayments of principal and interest are received through payroll deductions. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable — Amounts payable to a participant totaling $2,116 for contributions in excess of amounts allowed by the IRS recorded as accounts payable, with a corresponding reduction to 2017 contributions. The Plan distributed the 2017 excess contributions in 2018. There were no excess contributions for the year ended December 31, 2018.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their accounts.

4. INCOME TAX STATUS

The Plan adopted and has been maintained under Loren D. Stark Company Volume Submitter 401(k) Profit Sharing Plan. The Internal Revenue Service won't issue own determination letter for "Pre-approved Plan", which is applicable to the Plan. Therefore the determination letter for the Plan was not issued, as the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization had taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorizations. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for more than 3 years prior to the current year.

5. INVESTMENTS

The information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017 was obtained or derived from information supplied to the plan administrator and certified by Principal Life Insurance Company, the trustee of the Plan, as complete and accurate in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following is a summary of the Plan's financial information as of December 31, 2018 and 2017.

	2018	2017
Investments, at fair value:		
Pooled Separate Accounts	$ 69,285	$ 72,509
Collective Investment Trusts	4,233,074	4,433,489
Mutual Funds	95,245	66,009
Net appreciation (depreciation) in fair value	(399,463)	594,412

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for individual assets or liabilities in active markets that the plan has ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets or liabilities; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts and Collective Investment Trusts: Valued at the NAV on units held. The NAV, as provided by the trustees, is not a publicly quoted price in an active market but it is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions, and the investments can be redeemed at NAV as of the measurement date. The NAV is calculated in a manner consistent with GAAP in accordance with investment company measurement principles and valued similar to mutual funds. Accordingly, the Plan concludes the investments have a readily determinable fair value and includes the investments in Level 1 as of and for the year ended December 31, 2018. For the year ended December 31, 2017, the NAV, as provided by the trustee, was used as a practical expedient to estimate fair value, and the investments were excluded from the fair value hierarchy based on information provided by the trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual Funds:	$ 95,245	$ -	$ -	$ 95,245

Investments measured at NAV	-	-	-	4,505,998
Investments at fair value	$ 66,009	$ -	$ -	$ 4,572,007

The following table sets forth additional disclosures of the Plan's assets whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2017:

Investment	*Fair Value*	*Unfunded Commitment*	*Redemption Frequency*	*Notice Period*
Pooled Separate Accounts	$ 72,509	$ -	Daily	1 day
Collective Investment Trusts	4,433,489	-	Daily	1 day
	$ 4,505,998	$ -		

7. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts managed by Principal Life Insurance Company, and shares of collective investment trust managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian and trustee of the Plan started from August 1, 2014, and therefore, these transitions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately $30,000 for the year ended December 31, 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events though December 3, 2019, the date the financial statements were available to be issued.

During 2019, management discovered there was approximately $100 of participant contributions that were not made on a timely basis. The Plan corrected the error under the IRS's Self-Correction Program in 2019.

For the Plan year 2017, management discovered errors regarding loan repayments. The Plan corrected the errors under the IRS's Self-Correction Program in 2018.
