To the Plan Administrator of the
SSF Imported Auto Parts LLC
Profit Sharing and Incentive Savings Plan

We have conducted a DOL limited-scope audit of the financial statements of SSF Imported Auto Parts LLC Profit Sharing and Incentive Savings Plan (the Plan) as of and for the year ended June 30, 2019 and have issued our report thereon dated February 19, 2020. Professional standards require that we advise you of the following information related to our audit.

Our Responsibility in Relation to the Financial Statement Audit
As communicated in our engagement letter dated September 26, 2019, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (principal), the custodian, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified to by the custodian, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have noted no significant control deficiencies or other matters during our audit.

Planned Scope and Timing of the Audit
We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence
The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies
Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the plan is included in Note [*2*] to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during June 30, 2019. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates
Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements was management's estimates of the fair value of investment balances, which were certified by the custodian to be complete and accurate. We evaluated the key factors and assumptions used to develop the fair value of the investment balances, which were certified by the custodian to be complete and accurate, and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures
Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the plan's financial statements relate to the fair values of investment balances, which were certified by the custodian be complete and accurate. The financial statements disclosures are neutral, consistent, and clear.

Significant Difficulties Encountered during the Audit
We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements
For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no such uncorrected trivial misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. See the attached schedule, **Attachment 1: Adjusting Journal Entries.**

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management
We have requested certain written representations from management, which are included in the attached letter dated February 19, 2020.

Management's Consultations with Other Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues
In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Matters
With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the supplementary information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the trustee, and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the SSF Imported Auto Parts LLC Profit Sharing and Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) GENERAL

The Plan is a defined contribution 401(k) plan, which covers all eligible employees of SSF Imported Auto Parts LLC (the Company). An employee must be at least 18 years old and must have at least one month of service in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan became effective on July 1, 1980. The Plan was most recently amended effective January 1, 2014 and reduced the minimum service requirement period from three months to one month.

(b) CONTRIBUTIONS

The Plan permits the automatic enrollment of eligible employees in the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. A participant may elect to contribute their eligible compensation up to the amount allowable under the Plan document, subject to IRS regulation limitations. The Company makes a discretionary matching contribution of 50% of the employee's first 8% contributed during the Plan year. This match is paid on a quarterly basis. The Plan also allows for a discretionary profit sharing contribution. No profit sharing contribution was made by the Company for the year ended June 30, 2019.

(c) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of Plan earnings. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

(d) VESTING

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts increases by 20% per year after completion of two years of continuous service then vests at a rate of 20% for the next four years. A participant is 100% vested after six years of continuous service.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

(e) NOTES RECEIVABLE FROM PARTICIPANTS

A participant may borrow up to 50% of their vested account balance subject to a minimum amount of $1,000 and a maximum amount of $50,000. Loan terms range from one to five years, or longer for the purchase of a primary residence. These loans bear interest at a rate which is comparable to commercial lending institutions. Loans are secured by the participant's vested interest in the Plan. At June 30, 2019, interest rates on loans ranged from 5.25% to 10.25% per annum. Principal and interest are paid through payroll deductions.

(f) PAYMENT OF BENEFITS

On termination of service, a participant may elect to receive all or any part of his or her vested balance paid at any time. In-service distributions of vested account balances are permissible under the Plan if the participant incurred a financial hardship. Benefits are recorded when paid. There were no benefit claims for participants who have elected to withdraw from the Plan but have not yet been paid as of June 30, 2019.

(g) FORFEITURES

Forfeitures of terminated participants' non-vested accounts can be used to reduce administrative expenses. Any excess forfeiture can be used to reduce future employer contributions. During the year ended June 30, 2019, the Company used $10,318 of available forfeitures to reduce employer contributions of the Plan. Total available forfeitures at June 30, 2019 amounted to $40,900.

(h) ADMINISTRATIVE EXPENSES

The Company incurs certain expenses in administering the Plan, which are not passed on as expenses of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenses during the reporting period. Although the Plan administrator believes its estimates are appropriate, changes in assumptions utilized in preparing such estimates could cause these estimates to change sometime in the future.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments, including an insurance investment contracts and mutual funds. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment instruments, it is reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect amounts reported in the financial statements.

(d) INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are valued at fair value as determined by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) as of June 30, 2019 and 2018.

(e) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of June 30, 2019 or 2018.

(f) SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to the statement of net assets available for benefits date of June 30, 2019, for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through February 19, 2020, the date these financial statements were available to be issued. No such material events or transactions were noted to have occurred.

NOTE 3 - INVESTMENTS

The Plan's funds are maintained by Principal. The Plan's funds are credited with contributions and actual earnings on the underlying investments and charged for Plan withdrawals. The Plan's funds in the financial statements as of June 30, 2019 and 2018 are the values as reported to the Plan by Principal.

The following was certified as to being complete and accurate by Principal:

- Investment accounts as shown in the statements of net assets available for benefits as of June 30, 2019 and 2018.
- Investment income as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2019.
- Supplementary schedule of assets (held at end of year) at June 30, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the statements of net assets available for benefits and statement of changes in net assets available for benefits and supplementary schedule of assets (held at end of year).

Participants may change their investment options at their discretion.

NOTE 4 - FAIR VALUE MEASUREMENT

The Plan adopted the fair value accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements. This standard applies to fair value measurements already required or permitted by existing standards.

The three levels of the fair value hierarchy under the standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis at June 30, 2019 and 2018, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

		Fair Value Measurements Using		
	Year Ended June 30	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2019:				
Pooled Separate Account	$ 14,269,339	$ 14,269,339	$ -	$ -
Mutual Funds	2,164,185	2,164,185	-	-
Guaranteed Investment Contracts	77,605	-	-	77,605
TOTAL ASSETS IN THE FAIR VALUE HIERARCHY	16,511,129	16,433,524	-	77,605
Investments Measured at Net Asset Value - Pooled Separate Accounts[(a)]	3,180,634	-	-	-
TOTAL INVESTMENTS AT FAIR VALUE	$ 19,691,763	$ 16,433,524	$ -	$ 77,605
2018:				
Pooled Separate Account	$ 13,156,323	$ 13,156,323	$ -	$ -
Mutual Funds	2,130,183	2,130,183	-	-
Guaranteed Investment Contracts	215,167	-	-	215,167
TOTAL ASSETS IN THE FAIR VALUE HIERARCHY	15,501,673	15,286,506	-	215,167
Investments Measured at Net Asset Value - Pooled Separate Accounts[(a)]	2,839,458	-	-	-
TOTAL INVESTMENTS AT FAIR VALUE	$ 18,341,131	$ 15,286,506	$ -	$ 215,167

(a) In accordance with Financial Accounting Standard Board Accounting Standard Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant redemption restrictions for these investments, the redemption notice period is applicable only to the Plan. The investments have no unfunded commitments as of June 30, 2019 and 2018. The redemption frequency and redemption notice period is daily.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Mutual Funds:** Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access at the measurement date.

- **Pooled Separate Accounts:** Valued at the Net Asset Value ("NAV") of shares held by the Plan at year end. The NAV is based on the underlying assets owned by the Fund, less its liabilities, and then divided by the number of shares outstanding.

- **Guaranteed Investment Contracts:** Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plans own assumptions that market participants would use in pricing the asset based on the best information available in the circumstances.

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those investments and the significant unobservable inputs and ranges of values for those inputs at June 30:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
2019:				
Guaranteed Investment Contracts	$ 77,605	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate	RA - 2.4%
2018:				
Guaranteed Investment Contracts	$ 215,167	Discounted Cash Flow Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate	RA - 2.8%

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENT (continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended June 30, 2019 and 2018:

	Fair Value Measurement Using Significant Unobservable Inputs Guaranteed Investment Contracts
Balance - July 1, 2018	$ 215,168
Interest Credited	514
Unrealized Gains (Losses) Relating to Instrument Still Held at the Report Date	1,710
Purchases	3
Sales	(139,790)
BALANCE - JUNE 30, 2019	$ 77,605
Amount of Total Gains or Losses Attributable to the Change in Unrealized Gains or Losses Relating to Assets Held at the Reporting Date	$ 1,710

NOTE 5 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan participated in guaranteed investment contracts (GIC) with Principal during the years ended June 30, 2019 and 2018. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset at least quarterly, although under certain circumstances such as a large deposit or withdrawal, they may be reset more frequently.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 22, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 - TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain investment instruments are managed by Principal. Principal is a trustee as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event the Plan is terminated, all assets shall become 100% vested and the assets will be allocated to each participant in the proportion each account balance bears to the total of all account balances.
