INDEPENDENT AUDITORS' REPORT

To the Advisory Committee of
Baker Tilly Virchow Krause, LLP 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Baker Tilly Virchow Krause, LLP 401(k) Savings Plan (the Plan) which comprise the statements of net assets available for benefits as of May 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended May 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of May 31, 2019 and 2018, and for the year ended May 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplementary Schedule of Assets (Held at End of Year) as of May 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Baker Tilly Virchow Krause, LLP 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan was established as a defined contribution profit-sharing plan sponsored by Baker Tilly Virchow Krause, LLP (the "Company") The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Advisory Committee is responsible for oversight of the Plan. The Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan assets are held and managed by Fidelity Management Trust Company (Fidelity or the Trustee), which invests contributions and Plan earnings, makes investment transactions as directed by the Advisory Committee and provides certain recordkeeping services. Fidelity also performs certain plan administration and annual ERISA compliance testing.

In December 2018, the Company merged with MiddletonRaines+Zapata ("MRZ") resulting in the termination of MRZ's plan and a group rollover of $454,988 into the Plan on December 24, 2018.

In December 2018, the Company merged with RGL Forensics ("RGL") resulting in the termination of RGL's plan and a group rollover of $16,459,261 into the Plan on December 27, 2018.

In January 2019, the Company merged with H.J. Umbaugh and Associates, Certified Public Accountants, LLP (Umbaugh) resulting in the termination of Umbaugh's plan and a group rollover of $9,801,137 into the Plan on May 1, 2019.

In January 2019, the Company merged with Springsted Incorporated (Springsted) resulting in the termination of Springsted's plan and a group rollover of $11,424,466 into the Plan on May 28, 2019.

Group rollovers of these mergers are included on the Statement of Changes in Net Assets Available for Benefits as of May 31, 2019.

The Plan was amended effective January 1, 2019 to remove the six month suspension of participant deferrals after hardship, to remove the requirement to exhaust loan options prior to taking a hardship withdrawal and to expand contributions available for distribution.

Contributions

Participants may elect to contribute up to 90 percent of pretax annual compensation, as defined in the Plan, in pre-tax, after-tax(Roth) or a combination of both contributions to the plan. Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan document.

Participants may contribute amounts representing distributions from other qualified defined benefit or defined obligation plans.

The Company has the option of contributing a safe harbor match to the Plan or a discretionary contribution, which is determined by the Company's Board of Directors. The safe harbor contribution is equal to 3 percent of annual compensation for all eligible participants who have completed six months of service by the last day of the Plan year. For the year ended May 31, 2019, the Company contributed a safe harbor contribution of $7,512,967. The Company may contribute a discretionary profit sharing contribution to eligible participants who have completed six months of service and are actively employed on the last day of the Plan year. For the year ended May 31, 2019, the Company contributed a discretionary profit sharing contribution of $7,018,691. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants self-direct the investment of their contributions into the various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participant in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 6 percent of eligible compensation. Participants who are automatically enrolled into the Plan will have their deferral rates increased by 1 percent per year to a maximum of 10%, unless they elect otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation on administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company safe harbor and profit sharing contributions plus actual earnings thereon. Profit sharing and match contributions (prior to merger) of terminated participants of the Beers & Cutler Retirement Savings Plan, a merged firm plan, with a date of termination before May 31, 2010 and match contributions (prior to merger) of participants of the ParenteBeard LLC 401(k) Retirement Plan, a merged firm plan, follow a 6 year graded vesting schedule.

Notes Receivable from Participants

Participants may borrow a maximum of 2 loans from their vested account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.75 percent at May 31, 2019, which are commensurate with local prevailing rates at the inception of the loans as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments under a systematic withdrawal plan, or monthly payments under an annuity contract. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

When certain terminations in the Plan occur, the nonvested portion of the participant's account, as defined, represents a forfeiture. Forfeitures are used to reduce future Company contributions or pay administrative expenses.

At May 31, 2019 and 2018, forfeited nonvested accounts totaled $1,352 and $12,925, respectively. These accounts will be used in accordance with applicable plan provisions. In 2019, Company contributions of $21,266 and administrative expenses of $5 were reduced from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

In June 2019, the Company merged with Montgomery Coscia Greilich, LLP (MCG) resulting in the termination of MCG's plan and a group rollover of $14,479,571 into the Plan in June 2019.

The Plan has evaluated subsequent events for recognition or disclosure through March 16, 2020, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust *(CCT)* is valued based at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less it's liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets for by level, within the fair value hierarchy, the Plan's assets fair value as of May 31, 2019 and 2018:

	Assets at Fair Value as of May 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**

Common Collective Trust				35,418,203
Total Investments at Fair Value				$ 458,607,694

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of May 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	May 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 40,919,554	N/A	Daily	30 days
	May 31, 2018			
Common Collective Trust	$ 35,418,203	N/A	Daily	30 days

4. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

5. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Fidelity has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of May 31, 2019 and 2018, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of May 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended May 31, 2019.

6. Related Party Transactions

Certain Plan investments are managed by Fidelity, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.
Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

8. Tax Status

The Plan has adopted a prototype nonstandardized safe harbor profit sharing plan sponsored by Fidelity. The prototype plan has obtained a determination letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of May 31, 2019 and 2018, the Plan had investments of $55,488,169 and $45,595,260, respectively, which was concentrated in a singular fund.

INDEPENDENT AUDITORS' REPORT

To the Advisory Committee of
Baker Tilly Virchow Krause, LLP 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Baker Tilly Virchow Krause, LLP 401(k) Savings Plan (the Plan) which comprise the statements of net assets available for benefits as of May 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended May 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of May 31, 2019 and 2018, and for the year ended May 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplementary Schedule of Assets (Held at End of Year) as of May 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Baker Tilly Virchow Krause, LLP 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan was established as a defined contribution profit-sharing plan sponsored by Baker Tilly Virchow Krause, LLP (the "Company") The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Advisory Committee is responsible for oversight of the Plan. The Advisory Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan assets are held and managed by Fidelity Management Trust Company (Fidelity or the Trustee), which invests contributions and Plan earnings, makes investment transactions as directed by the Advisory Committee and provides certain recordkeeping services. Fidelity also performs certain plan administration and annual ERISA compliance testing.

In December 2018, the Company merged with MiddletonRaines+Zapata ("MRZ") resulting in the termination of MRZ's plan and a group rollover of $454,988 into the Plan on December 24, 2018.

In December 2018, the Company merged with RGL Forensics ("RGL") resulting in the termination of RGL's plan and a group rollover of $16,459,261 into the Plan on December 27, 2018.

In January 2019, the Company merged with H.J. Umbaugh and Associates, Certified Public Accountants, LLP (Umbaugh) resulting in the termination of Umbaugh's plan and a group rollover of $9,801,137 into the Plan on May 1, 2019.

In January 2019, the Company merged with Springsted Incorporated (Springsted) resulting in the termination of Springsted's plan and a group rollover of $11,424,466 into the Plan on May 28, 2019.

Group rollovers of these mergers are included on the Statement of Changes in Net Assets Available for Benefits as of May 31, 2019.

The Plan was amended effective January 1, 2019 to remove the six month suspension of participant deferrals after hardship, to remove the requirement to exhaust loan options prior to taking a hardship withdrawal and to expand contributions available for distribution.

Contributions

Participants may elect to contribute up to 90 percent of pretax annual compensation, as defined in the Plan, in pre-tax, after-tax(Roth) or a combination of both contributions to the plan. Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan document.

Participants may contribute amounts representing distributions from other qualified defined benefit or defined obligation plans.

The Company has the option of contributing a safe harbor match to the Plan or a discretionary contribution, which is determined by the Company's Board of Directors. The safe harbor contribution is equal to 3 percent of annual compensation for all eligible participants who have completed six months of service by the last day of the Plan year. For the year ended May 31, 2019, the Company contributed a safe harbor contribution of $7,512,967. The Company may contribute a discretionary profit sharing contribution to eligible participants who have completed six months of service and are actively employed on the last day of the Plan year. For the year ended May 31, 2019, the Company contributed a discretionary profit sharing contribution of $7,018,691. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participants self-direct the investment of their contributions into the various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participant in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 6 percent of eligible compensation. Participants who are automatically enrolled into the Plan will have their deferral rates increased by 1 percent per year to a maximum of 10%, unless they elect otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, if any, and (b) plan earnings, and charged with an allocation on administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company safe harbor and profit sharing contributions plus actual earnings thereon. Profit sharing and match contributions (prior to merger) of terminated participants of the Beers & Cutler Retirement Savings Plan, a merged firm plan, with a date of termination before May 31, 2010 and match contributions (prior to merger) of participants of the ParenteBeard LLC 401(k) Retirement Plan, a merged firm plan, follow a 6 year graded vesting schedule.

Notes Receivable from Participants

Participants may borrow a maximum of 2 loans from their vested account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.75 percent at May 31, 2019, which are commensurate with local prevailing rates at the inception of the loans as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments under a systematic withdrawal plan, or monthly payments under an annuity contract. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

When certain terminations in the Plan occur, the nonvested portion of the participant's account, as defined, represents a forfeiture. Forfeitures are used to reduce future Company contributions or pay administrative expenses.

At May 31, 2019 and 2018, forfeited nonvested accounts totaled $1,352 and $12,925, respectively. These accounts will be used in accordance with applicable plan provisions. In 2019, Company contributions of $21,266 and administrative expenses of $5 were reduced from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires Plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Plan's Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Recent Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

In June 2019, the Company merged with Montgomery Coscia Greilich, LLP (MCG) resulting in the termination of MCG's plan and a group rollover of $14,479,571 into the Plan in June 2019.

The Plan has evaluated subsequent events for recognition or disclosure through March 16, 2020, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust *(CCT)* is valued based at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less it's liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets for by level, within the fair value hierarchy, the Plan's assets fair value as of May 31, 2019 and 2018:

	Assets at Fair Value as of May 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of May 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	May 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust	$ 40,919,554	N/A	Daily	30 days
	May 31, 2018			
Common Collective Trust	$ 35,418,203	N/A	Daily	30 days

4. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

5. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Fidelity has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of May 31, 2019 and 2018, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of May 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended May 31, 2019.

6. Related Party Transactions

Certain Plan investments are managed by Fidelity, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.
Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

8. Tax Status

The Plan has adopted a prototype nonstandardized safe harbor profit sharing plan sponsored by Fidelity. The prototype plan has obtained a determination letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of May 31, 2019 and 2018, the Plan had investments of $55,488,169 and $45,595,260, respectively, which was concentrated in a singular fund.
