PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2019 AND 2018

NOTE A. DESCRIPTION OF PLAN

Effective October 1, 2003, a separate Mehaffy & Weber, P.C. Profit Sharing Plan was established. On June 16, 2004 the plan was funded by transferring plan assets from the Mehaffy & Weber P.C. 401(k) and Profit Sharing Plan.

The following description of the Mehaffy & Weber, P.C., Profit Sharing Plan provides only general information. Participants should refer to the plan agreements for a more complete description of the plan's provisions.

1. **General** – The plan is a defined contribution plan covering all full-time employees of the sponsor who have completed one year of service and are twenty-one years or older. All members under the Mehaffy & Weber P.C. 401(k) and Profit Sharing Plan on October 1, 2003 became members of the Mehaffy & Weber P.C. Profit Sharing Plan effective October 1, 2003. Thereafter, employees shall become a member of the plan on April 1st or October 1st entry date following such employee's completion of a year of service and the attainment of age twenty one.

2. **Contributions** – The plan sponsor's Board of Directors annually determines the amount to contribute. In no event shall the sponsor's contribution exceed 25% of the compensation paid and accrued during the plan year to all participants employed on the last day of the plan year. In addition, in no event shall the aggregate of the employer's contributions to any other pension, profit sharing or stock bonus plans for the plan year exceed the amount deductible from the employers income for the plan year under section 404(a)(7) of the IRC. In the event the aggregate of all employer's contribution under all plans would exceed the maximum deductible amount, contributions to this plan would be reduced by an amount necessary to reduce the aggregate contributions to all plans to the maximum amount deductible under section 404(a)(7) of the code.

   Each plan year the sponsor may contribute to the plan on behalf of the following group of members such amounts as shall be determined by the sponsor as follows:

   a. Group A – consisting of members designated by the sponsor as shareholders who are at least 50 years old as of the last day of the plan year.

   b. Group B – consisting of members designated by the sponsor as shareholders who are at least 41 years old as of the last day of the plan year.

   c. Group C – consisting of members designated by the sponsor as shareholders who have not attained the age of 41 as of the last day of the plan year.

   d. Group D – consisting of members designated by the sponsor as highly compensated non shareholder members.

   e. Group E – consisting of all non-shareholders and all other non-highly compensated members.

   For each plan year, the employer may make an additional non-elective gateway contribution in an amount necessary to satisfy the minimum allocation gateway requirements described in reg. 1.401(a)(4) – 8(b)(1)(vi) with respect to any gateway contribution shall be allocated pro rata to each non highly compensated member in an amount not to exceed the lesser of :

   a. 5% of compensation, or

   b. One-third (1/3) of the highest allocation rate for any highly compensated member for the plan year.

3. **Participant Accounts** – Each participant's account is credited with the allocations of (a) the Sponsor's contributions, (b) plan earnings, and (c) forfeitures and charges with an allocation of administrative expenses. Plan net earnings allocations are allocated in proportion to beginning account balances reduced by distributions and forfeitures. Forfeited balances of terminated participant's non-vested accounts are used to reduce future firm contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A. DESCRIPTION OF PLAN (CONTINUED)

4. **Vesting** – Each participants interest in the amount credited to his or her account contributable to Employer contribution shall vest based on years of accredited services. After six years of service a participant vests 100% in his/her account balance.

5. **Investments** – Funds transferred into Argent Trust Company, the trustee, are invested by Argent Trust Company, NA, also the investment advisor. All investments acquired are held in safekeeping at Argent Trust through a custodial agreement with Argent Trust Company.

6. **Participant Notes Receivable** – Loans to participants are not allowed according to provisions under the plan.

7. **Payment of Benefits** – On termination of employment due to death, disability, retirement or separation of employment, a participant may elect to receive a lump sum amount equal to the value of the participants vested interest in his or her account balance, or to receive benefits in substantially equal monthly, quarterly or annual installments over the life expectancy of the participant or the designated beneficiary. If the vested value of the terminated participant's account is $1,000.00 or less, the terminated participant will automatically receive a lump sum distribution. At September 30, 2018, the fair market value of the vested benefits due to terminated participants totaled $2,314,958.38. At September 30, 2019, the fair market value of the vested benefits due terminated participants totaled $2,680,378.01.

8. **Forfeited Accounts** – Non vested forfeited account balances for terminated participants are used annually to reduce the sponsor's contributions to the plan. During the plan year ended September 30, 2019 and 2018, sponsor contributions were reduced by $3,544.93 and $10,359.30 respectively, for forfeited non vested accounts.

9. **Plan Amendment** – On December 14, 2009, the plan was amended to add provisions to amend the plan's provisions to comply with certain requirements of the Pension Protection Act of 2006, the Heroes Earnings Assistance and Relief Act of 2008 and provisions of the Internal Revenue Code of 1986 as amended by the Worker, Retiree and Employer Recovery Act of 2008. On March 16, 2010 the plan administrators adopted an amended and restated the profit sharing plan and trust. On August 26, 2010, the plan administrators adopted an amendment to change the plan Trustee to Argent Trust Company. These amendments did not affect current participants' net assets. On October 7, 2015, the plan was again amended and restated to comply with the Internal Revenue Code, as amended, including the 2014 Cumulative List of Changes in IRS Notice 2014-77. On November 9, 2016, the plan received a favorable determination letter from the Internal Revenue Service.

NOTE B. SUMMARY OF ACCOUNTING POLICIES

1. **Basis of Accounting** – The financial statements of the plan are prepared under the accrual method of accounting.

2. **Investment Valuation and Income Recognition** – The plan's investments are stated at fair value as furnished by and certified to annually by Argent Trust Company, trustee of the plan at September 30, 2019 and September 30, 2018.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

3. **Payment of Benefits** – Benefits are recorded when paid. Net assets available for benefits at September 30, 2019 include $2,661,453.37 of the vested benefits allocated to the accounts of participants who as of or prior to that date had withdrawn from participating in the operations of the plan.

4. **Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

5. **Operating Expenses** – All expenses of maintaining the plan were paid by the plan for the years ended September 30, 2019 and 2018.

6. **Date of Managements' Review** – Subsequent events were evaluated through July 8, 2020 which is the date the financial statements were available to be issued.

NOTE C. FAIR VALUE MEASUREMENTS

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would be used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of U. S. Government securities, corporate bonds, common stocks and publicly traded limited partnerships are based on the closing price reported in the active market where the individual securities are traded when available. The bond investments are classified using the Standard and Poor Bond Ratings at September 30, 2019 and 2018 as provided by the Trustee.

The following tables set forth by level 1 within the fair value hierarchy the plan's investments at fair value as of September 30, 2019 and September 30, 2018.
