Independent Auditors' Report

401(k) Committee
The California Commerce Club, Inc.
Retirement Savings Plan
Commerce, California

Report On The Financial Statements

We were engaged to audit the accompanying financial statements of The California Commerce Club, Inc. Retirement Savings Plan, which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis For Disclaimer Of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Basis For Disclaimer Of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Principal Life Insurance Company (Principal), the Asset Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Principal holds investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Principal as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by Principal is complete and accurate.

Disclaimer Of Opinion

Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis For Disclaimer Of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by Bradshaw, Smith, & Co., LLP, whose partners and professional staff joined RubinBrown LLP as of June 1, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed Bradshaw, Smith, and Co., LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal, the Asset Custodian of the Plan. Their report, dated June 28, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit of opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the asset custodian, were presented in compliance with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report On Form And Content In Compliance With DOL Rules And Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedule, other than that derived from the information certified by Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of The California Commerce Club, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary savings and retirement (defined contribution) plan that covers all employees of The California Commerce Club, Inc. (the Company or the Plan Sponsor), who have completed 90 days of eligible service and are at least 21 years of age. The Company also acts as Plan Administrator. The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code (the Code), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Custodian and record keeper of the Plan is Principal Life Insurance Company.

Eligibility

Employees of the Company who are 21 or older and have completed 90 days of service are eligible to participant in the Plan. Participants may enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Each participant is eligible to contribute up to 40% of their compensation annually subject to certain limits established by the Internal Revenue Service (IRS). In addition, participants who are 50 or older by the end of the taxable year shall be eligible to make catch-up contributions subject the IRS limits. Rollover contributions are permitted by eligible participants without satisfying the entry requirements. The amount of matching contributions made by the Company on behalf of participants is determined annually at the discretion of the Company.

For the years ended December 31, 2019 and 2018, the Company matched 50% of each eligible employee's contributions, up to a maximum of 5% of the participant's wages.

The Company's contribution is funded on an annual basis, after the close of the Plan year. The allocation of the Company's matching contribution by investment option is at the discretion of the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, contributions by the Company, and an allocation of net earnings or losses of the selected investment, less transaction processing and investment management expenses. Allocations of net earnings or losses are based on the participant's account balance to the total of account balances of all participants within the selected investment.

Vesting

Participants are immediately fully vested in their contributions plus actual earnings thereon. Participants become fully vested in Company contributions over six years of service with the Company, as follows:

Years Of Service	Percent Vested
Less than 2	0%
More than 2 less than 3	20%
More than 3 less than 4	40%
More than 4 less than 5	60%
More than 5 less than 6	80%
6 or more	100%

Payment Of Benefits

On termination of service, participants with a vested account value in the Plan of more than $5,000 may elect to receive either a lump-sum amount equal to the value of their account or periodic installments, or may defer distribution until retirement, as defined in the agreement. Employees choosing to defer their distribution continue to participate in investment gains and losses but are no longer eligible for matching contributions by the Company. Terminated employees with a vested account value in the Plan between $1,000 and $5,000 may receive benefits in a lump sum distribution or may roll over benefits to an individual retirement account with an affiliate of Principal Life Insurance Company. Terminated employees with a vested account value in the Plan of $1,000 or less may receive benefits only in a lump-sum distribution.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Upon termination of service, a participant forfeits any non-vested Company contributions and earnings thereon. The Company uses such forfeitures to reduce future contributions and administrative expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $3 and $808, respectively. During 2019, the employer contributions and administrative expenses were reduced by $28,554 from forfeitures of non-vested accounts.

Investment Options

The Plan's investments consist of various investment funds. Plan assets are invested in a guaranteed interest account, various pooled separate accounts, mutual funds, and collective investment trust funds as directed by the Plan participants.

Participants may change their investment options daily.

Notes Receivable From Participants

After one year of participation in the Plan, participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum amount of any loan is $1,000. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant notes fund. Loan repayments are generally made over a maximum five-year period and bear interest at prevailing rates as determined by the Custodian and record keeper. Interest rates on outstanding loans range from 3.75% to 8.75%. Loans made for the purchase, major repair, or renovation of a primary residence may exceed the five-year repayment terms. All loans immediately become due and payable upon default, death, or termination of employment by the participant.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use Of Estimates In The Preparation Of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investments

Guaranteed Interest Account

The guaranteed interest account consists of seven underlying investment contracts each of which has an initial term of seven years with one contract maturing each year and its proceeds being reinvested in a new seven-year contract. The guaranteed interest account will pay contract value for a "benefit event" (e.g. termination, death, disability and retirement). However, there is a possible market value adjustment when transfers to other investment options from the guaranteed account are made. Thus, the guaranteed account is not considered to be fully benefit-responsive. Contract value for the guaranteed interest account represents the amount payable to Plan participants at maturity or upon a benefit event. The contract value of the guaranteed interest account was $8,201,692 and $8,481,076 as of December 31, 2019 and 2018, respectively. The interest rates earned on the contracts at December 31, 2019 and 2018 ranged from 0.62% to 2.35% each year.

Pooled Separate Accounts

Pooled separate accounts are comprised of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The Net Asset Value (NAV) of the pooled separate accounts are based on the market value of the underlying investments. However, the pooled separate accounts' NAVs' are not publicly quoted. The NAV is available to participants via the Plan website or when they access their account values. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. The Asset Custodian has deemed the investments to have a readily determinable fair value.

Collective Investment Trust Funds

Collective investment trust funds are comprised of target date funds with differing investment objectives. The NAV of a collective investment trust fund is based on the market value of the underlying investments. However, the collective investment trust funds are not publicly quoted in an active market. The funds are invested in securities and other collective funds. Beginning in 2019, the NAV became available to participants via the Plan website or when they access their account values. The NAV is the basis for current transactions and the collective investment trust fund accounts can be redeemed at NAV as of the measurement date. Therefore, beginning in 2019, the Asset Custodian has deemed the investments to have a readily determinable fair value. Prior to 2019, these funds were valued at the NAV as the practical expedient.

Mutual Funds

Mutual funds are comprised of a wide variety of underlying investments such as equities, preferred stock, and bonds. Mutual funds are valued at the net asset value of the underlying investments and reported at publicly available quoted market prices.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses on investments bought and sold during the year.

Other Income

In 2019, the Plan entered into a revenue sharing agreement with the Custodian. The agreement was provided to reduce the overall expenses paid by the Plan through a credit based on the assets of the Plan. The credit was allocated back to the participants each quarter and is classified as other income. The amount of the credit in 2019 was $84,270.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments or if any amount remains unpaid for more than 90 days after it is due, and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses

The Company pays certain administrative expenses of maintaining the Plan. Participant initiated services fees are paid by the participants of the Plan.

Concentration Of Credit Risk

Each investment fund is diversified through a portfolio containing a wide variety of investments that fit the particular investment strategy and targeted composition. Further diversification is available to participants through participation in more than one fund. The quality of investments held in the fund portfolio reflects the expertise of the fund sponsor and fund managers.

The guaranteed interest account consists of a series of group annuity contracts negotiated with the Custodian. The ultimate performance of the contracts is dependent upon the ability of the issuer to honor them.

Payment Of Benefits

Benefit payments are recorded when paid.

3. Net Appreciation In Fair Value Of Investments

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

Guaranteed interest account	$ 275,481
Pooled separate accounts	4,508,157
Collective investment trust funds	8,135,805
Mutual funds	7,428,071
	$ 20,347,514

4. Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 — Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2019 or 2018 other than the change in valuation methodology for collective investment trust funds, which were valued using NAV as a practical expedient in 2018 but are valued using a readily determinable fair value in 2019. During the years ended December 31, 2019 and 2018, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Guaranteed Interest Account

Valued at fair value based on the amount participants would receive at year end if they were to withdraw or transfer funds prior to their maturity. This represents contract value adjusted to reflect current market interest rates by discounting the related cash flows based on current yields of similar instruments. The participant and the Plan Sponsor could potentially be assessed an early withdrawal penalty if the funds are withdrawn before maturity. In determining the reasonableness of the methodology, the Plan Administrator evaluates a variety of factors including the review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date). The account pays a fixed rate of interest per the contract, which changes periodically at the discretion of the Custodian. The interest rates paid on the Guaranteed Interest Accounts ranged from 0.62% to 1.85% as of December 31, 2019 and 2018, each year. The Plan earned an average yield on these accounts of 1.49% and 1.38% for the years ended December 31, 2019 and 2018, respectively.

Pooled Separate Accounts

Valued at the net asset value (NAV) per unit of participation as determined by the Custodian, which represents an undivided interest in the underlying assets of the funds. The purchase or redemption price of the units is determined based on the current market values of the underlying assets of the funds. Net asset value is the fair value based on quoted market prices in an active market for the underlying assets, plus accrued dividend income and interest income. The value per unit is determined by dividing the net asset value by the number of units outstanding. The NAV was determined to have a readily determinable fair value and thus classified within the fair value hierarchy.

Collective Investment Trust Funds

Valued at the NAV of units held by the Plan at year end. The net asset value is computed by dividing the total fair value of the assets of a fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the fund and included in the determination of unit values. The funds have the ability to redeem their investments in the collective funds at net asset value without restrictions. In 2018, the NAV was used as a practical expedient to estimate fair value. Beginning in 2019, based on changes in the reporting of the NAV, the NAV was determined to have a readily determinable fair value and thus classified within the fair value hierarchy.

Mutual Funds

Valued at the NAV of shares held by the Plan at year end. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Investments measured at net asset value per share *				32,067,239
Total Investments At Fair Value				$ 100,638,302

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table sets forth a reconciliation of changes in the fair value of the Plan's Level 3 assets in the fair value hierarchy:

	2019	2018
Guaranteed Interest Account:		
Beginning balance	**$ 8,077,167**	$ 7,950,092
Net change (realized and unrealized) included in changes in net assets available for benefits	**398,284**	23,100
Purchases, sales, issuances and settlements:		
Purchases	**482,619**	1,183,858
Sales	**(884,806)**	(1,079,883)
	$ 8,073,264	$ 8,077,167

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in the net increase (decrease) in fair value of investments in the statement of changes in net assets available for benefits.

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and quantitative information about the significant unobservable inputs.

2019 Instruments	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Guaranteed interest account	$ 8,073,264	Discounted cash flow	Treasury constant maturity rate	1.40% - 2.70%
			Composite guaranteed rate	2.07% - 2.26%
			Duration	7 years

2018 Instruments	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
Guaranteed interest account	$ 8,077,167	Discounted cash flow	Treasury constant maturity rate	2.37% - 3.18%
			Composite guaranteed rate	2.96% - 3.10%
			Duration	7 years

5. Fair Value Of Investments In Entities That Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	Fair Value As Of December 31,		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2019	2018			
Collective investment trust funds	$ —	$ 32,067,239	N/A	Daily	12 months

6. Summary Of Information Certified By The Asset Custodian

The Custodian has supplied the Plan Administrator with certifications as of December 31, 2019 and 2018, and for the years then ended, that the Plan's investments and its income and expenses are complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information that appears throughout the financial statements and supplemental schedule.

	2019	2018
Principal Life Insurance Company:		
Investments:		
Guaranteed interest account	**$ 8,073,264**	$ 8,077,167
Pooled separate accounts	**31,801,855**	31,933,032
Collective investment trust funds	**47,311,745**	32,067,239
Mutual funds	**33,502,197**	28,560,864
Notes receivable from participants	**2,841,312**	2,712,097
Additions and deductions during the year ended December 31, 2019:		
Net increase in the fair value of investments	**$ 20,347,514**	
Interest and dividends	**428,596**	
Interest - notes receivable from participants	**129,693**	

7. Administrative Expenses

Certain Plan costs and expenses, excluding brokerage fees, adjust an investment's net asset value used to value participant accounts. Participant initiated expenses, including those that relate to withdrawal charges/fees, loan expenses, and member requested services are paid directly by Plan participants. Total expenses amounted to $191,130 for the year ended December 31, 2019. The Company pays the annual audit, investment advisory fees, and certain other administrative costs.

8. Party In Interest Transactions

Certain investments of the Plan are unallocated insurance contracts (guaranteed interest accounts) and units of pooled separate accounts managed by the Custodian, and therefore, transactions involving such investments are considered exempt party in interest transactions.

9. Tax Status

The Plan Sponsor has not filed for a separate determination letter from the Internal Revenue Service but is utilizing a non-standardized prototype plan developed by Principal Life Insurance Company that received favorable opinion letter dated March 31, 2014. The Plan Sponsor and its legal counsel believe that the Plan, as currently designed, is being operated in compliance with the requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Plan Termination

Although the Company has not expressed any intent to do so, it has the right, under the Plan agreement, to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their individual account, including the employer contributions.

11. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, which such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

12. Subsequent Events

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted. The governor of California also mandated the temporary closure of the Plan Sponsor from March 14, 2020 to June 18, 2020 due to COVID-19. As a result, the Plan has seen a decline of participant contributions during that period as a result of related personnel furloughs.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. Section 2022 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. The CARES Act also allows impacted participants to borrow up to $100,000 or 100% of their vested balance and delay loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, for up to one year. Plan Management has signed a letter of intent to formally amend the Plan to reflect these changes to be effective immediately.

Management has evaluated subsequent events through the date the financials were available for issue, which is the date of the Independent Auditors' Report.
