Plan Trustees
Compact Industries, Inc. Employees' 401(k) Plan
St. Charles, Illinois

We have audited the accompanying statements of net assets available for benefits of the Compact Industries, Inc. Employees' 401(k) Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Compact Industries, Inc. Employees' 401(k) Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. Schedule A-1 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Respectfully submitted,

COMPACT INDUSTRIES, INC.
EMPLOYEES' 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Compact Industries, Inc. Employees' 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, defined contribution plan covering employees of Compact Industries, Inc. (the Company). Union employees, independent contractors, and leased employees are not eligible for the Plan. In addition, to be a participant in the plan, an employee must have completed six months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is funded by participants' contributions and discretionary matching contributions by the Company. Participants may contribute up to 100% of their annual compensation annually up to the maximum allowable limits of Code Section 401(k). The Company may make matching contributions equal to a discretionary percentage or dollar amount.

For the plan year ended December 31, 2009, the Company elected to make a "safe harbor" matching company contribution within the meaning of Section 401(k)(12)(B) of the Internal Revenue Code. This "safe harbor" matching contribution was equal to 100% of the participants' contributions not exceeding 3% of eligible compensation and 50% of participants' contributions exceeding 3% but not exceeding 5% of eligible compensation.

Participant Accounts

Each participant's self-directed 401(k) account is credited with the participant's contributions, earnings on the participant's contributions, and charged with plan expenses. The expenses are allocated to participant's accounts based on the ratio a participant's account bears to the total accounts of all employees as of the applicable valuation date. The participant has a separate self-directed 401(k) account for employer matching contributions which consists of the Company's contributions, earnings on the Company's contributions, and is charged with plan expenses.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company "safe harbor" contributions portion of their accounts plus earnings thereon is also immediate. As of December 31, 2009, all Company contributions held in participant accounts were 100% vested as the amounts were all from "safe harbor" contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Description of Investment Options

The Plan's assets are held in a trust administered by American Funds Service Company, an affiliate of Capital Bank and Trust Company. Participants may elect to have their account contributions invested in one or a combination of investment options provided by the Plan. The investment options are various mutual funds as selected by the Plan Trustees. A cash money market account is also available for investment of participant accounts.

Payment of Benefits and Distributions

On termination of service due to death, disability, retirement, or other reasons, a participant will receive an amount equal to the value of the participant's vested interest in a lump-sum payment or a series of substantially equal installments over a period not exceeding the life expectancy of the participant or the joint life expectancies of the participant and his designated beneficiary.

Administrative Expenses

Significant administrative expenses have been paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administration

The Plan is administered by the Plan Trustees.

Basis of Accounting

The financial statements are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and that also affect revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events which occurred after the date of the statement of net assets available for benefits through the date the financial statements were issued of October 1, 2010.

NOTE 3 - INVESTMENTS

American Funds Service Company was the custodian of the Plan's investments at December 31, 2009 and 2008. All investments are participant directed utilizing the investment options provided by the Plan. The following investments represent more than 5% of the Plan's net assets at December 31, 2009 and 2008.

Investments, at fair value:	2009	2008
Mutual funds -		
Investment Company of America	$ 528,647	$ 471,247
Growth Fund of America	519,548	415,687
Income Fund of America	354,751	391,069
New Perspective Fund	338,971	242,073
American Balanced Fund	163,337	NA
EuroPacific Growth Fund	313,430	141,780
American High-Income Trust	193,573	NA
SMALLCAP World Fund	211,796	110,364
New World Fund	260,364	177,600
Total Mutual Funds less than 5% of Net Plan Assets	158,947	163,175
Total Investments	$ 3,043,364	$ 2,112,995

NOTE 3 - INVESTMENTS (Continued)

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $633,348 as follows:

Mutual funds	$ 633,348

NOTE 4 - FAIR VALUE MEASUREMENTS

The Fair Value Measurements and Disclosure topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data or correlation by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2009:

	Assets at Fair Value at December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,043,364	$ -0-	$ -0-	$ 3,043,364

NOTE 5 - TAX STATUS

The Company has adopted a prototype plan through the Plan's attorneys. The Plan was adopted on April 1, 1999 and a favorable determination letter dated March 31, 2008 was issued by the Internal Revenue Service in regards to the adopted plan. The Plan has been amended several times since the date of the determination letter to comply with Internal Revenue Code changes. The most recent amendment was effective December 28, 2009. The Plan Trustees and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 6 - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - PARTY IN INTEREST TRANSACTIONS

Plan investments include mutual funds managed and distributed by companies affiliated with the American Funds Service Company. American Funds Service Company is the custodian of the plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to the custodian are included as a reduction of the return earned by the mutual fund.
