Independent Auditor's Report

To the Plan Trustees and Benefit Committee
The Denver Wholesale Florists Company 401(k)
Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Denver Wholesale Florists Company 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 and 2018 financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company (Principal Life); Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust); and Principal Life Insurance Company, on behalf of Principal Global Investors Trust Company (Principal Global) (collectively, the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018 and for the year ended December 31, 2019 and that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 and 2018 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note 1 - Plan Description

The following description of The Denver Wholesale Florists Company 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on August 1, 1988 and was amended effective February 15, 2019. The Plan is available to employees age 21 years or older who have completed six months of service. The entry date for eligible participants is January 1 or July 1 following obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Denver Wholesale Florists Company (the "Company") is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Principal Life Insurance Company (Principal Life); Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust); and Principal Life Insurance Company, on behalf of Principal Global Investors Trust Company (Principal Global) (collectively, the "Custodian"), function as custodian and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions

Participants may make before-tax contributions up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans.

Employee contributions to the Plan are made through regular payroll deductions. The Plan provides for employer matching contributions of 50 percent of the participant's contribution, not to exceed 6 percent of the employee's deferred compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of plan losses and administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company as follows:

Years of Service	Vesting Percentage
Less than 1	- %
1	20
2	40
3	60
4	80
5	100

Note 1 - Plan Description (Continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account; bear interest at rates that range from 6.25 to 8.5 percent, which are commensurate with local prevailing rates, as determined quarterly by the plan administrator at loan origination; and mature at various dates through July 2024. Loans have a maximum term of five years. Principal and interest are paid ratably through monthly payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Loans in the amount of $12,636 were deemed a distribution in the current year.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. Effective January 1, 2019, participants taking a hardship withdrawal are no longer prohibited from contributing to the Plan for the six-month period following such a withdrawal and may continue contributing to the Plan at the participant’s discretion.

Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. If the Plan is terminated for any reason, all participants become 100 percent vested, and the plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. During the year ended December 31, 2019, forfeitures of $2,551 and $1,289 were used to offset employer contributions and to pay administrative expenses, respectively. At both December 31, 2019 and 2018, there were no forfeited account balances.

Party-in-interest Transactions

Certain plan investments are pooled separate accounts and a collective investment trust, which are in investment funds managed by the Custodian. The Custodian is the asset custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines, and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 2 - Summary of Significant Accounting Policies

Valuation of Investments and Income Recognition

Investments are recorded at fair value, as reported to the Plan by the Custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policy utilizing information provided by the investment advisors, including the appointment of investment managers and the monitoring of the performance of the Plan's investment funds. See Note 4 for discussion of fair value measurements.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

Pooled separate accounts are valued as a practical expedient for fair value at net asset value (NAV) of units held by the Plan at year end based on the quoted market prices of the securities underlying the investments.

The Plan's Principal Stable Value Fund, which is included within the collective investment trust on the statement of net assets available for benefits, is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, some investments held by the Custodian are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 2 - Summary of Significant Accounting Policies (Continued)

During the year ended December 31, 2019, one investment accounted for 34 percent of net realized and unrealized appreciation in fair value of investments. At December 31, 2019 and 2018, two investments accounted for 39 and 41 percent, respectively, of total investments at fair value.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 27, 2020, which is the date the financial statements were available to be issued. Subsequent to year end, the Plan's investment portfolio has experienced significant volatility in fair value, consistent with the general volatility in financial markets. However, because the values of individual investments fluctuate with market conditions, the amount of losses that may be recognized in subsequent periods, if any, cannot be determined. In addition, in response to the COVID-19 pandemic that was declared in March 2020 in the United States, the Company needed to lay off a significant number of employees during March 2020. Management is currently working to determine impacts on the Plan from these layoffs that created a partial plan termination subsequent to year end. During 2020, the Plan also began allowing Roth contributions; suspended the employer match through December 31, 2020; and fully vested employees who were not laid off as part of the partial plan termination.

Note 3 - Assets Certified by the Custodian

The Custodian has certified in writing to the plan administrator that the stated amounts for investments at fair value as of December 31, 2019 and 2018 and the income earned or losses incurred thereon for the year ended December 31, 2019, as reflected in the accompanying financial statements and the supplemental schedule of assets held at end of year, are complete and accurate.

The plan administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the Custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Fair Value Accounting

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2019 and 2018.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Note 4 - Fair Value Accounting (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 3,127,599	$ 3,127,599	$ -	$ -
Investments measured at NAV*	12,890,783			
Total investments at fair value	$ 16,018,382			

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 2,019,044	$ 2,019,044	$ -	$ -
Investments measured at NAV*	11,164,832			
Total investments at fair value	$ 13,183,876			

*Investments measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

Reported Net Asset Values

Other than the Principal Stable Value Fund, as described in Note 2, there were no pooled separate accounts or collective investments with redemption restrictions or unfunded commitments as of December 31, 2019 and 2018.

Note 5 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operates with the Custodian's opinion letter, which was issued on the basic plan document on March 31, 2014. The plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Note 5 - Income Taxes (Continued)

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Reconciliation to Form 5500

Excess contributions payable, employee contributions, and benefits paid to participants, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019 due to the change in the accrual of corrective distributions.

Note 8 - Excess Contributions Payable

Contributions received from participants for 2019 and 2018 are net of corrective distribution payments. These excess contributions payable totaling $9,909 and $10,057 were made in March 2020 and February 2019, respectively, to active participants to return excess deferral contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2019 and 2018.
