Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Flagler System, Inc. Employees' Savings Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the Trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the Trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

Report on Supplemental Information

The supplemental information, Schedule H, line 4a – schedule of delinquent participants' contributions, Schedule H, line 4i – schedule of assets (held at end of year) and Schedule H, line 4j – schedule of reportable transactions, as of and for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FLAGLER SYSTEM, INC. EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Flagler System, Inc. Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on September 1, 1989 as a defined contribution plan available to eligible employees of Flagler System, Inc. and its subsidiaries (collectively, the Company, Employer or Plan Sponsor).

Effective January 1, 2019, eligible employees may enter the Plan upon full time employment with 60 days of service and are age eighteen or older, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 50% of their annual compensation, up to the maximum allowed by law, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2019 and 2018, individual participants' contributions were limited to $19,000 and 18,500 per year, respectively. Participants aged 50 and older could contribute an additional $6,000 in each of those years. The Company's matching contributions for the years ended December 31, 2019 and 2018 were up to a maximum of 5% and 4% of a participant's annual compensation.

Participant accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contributions and allocations of Plan earnings or losses. Allocations of fund net earnings or losses are based on the participants account balances or specific participant transactions, as defined. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions. Each participant is entitled to their vested account balance.

Vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's matching contribution portion, plus any earnings or losses thereon, is based upon the number of years of continuous service. Employer contributions vest at a rate of 20% per year of service and become 100% vested after five years of credited service.

Forfeitures

Nonvested employer contributions forfeited by participants are used to reduce future Employer contributions. Total forfeitures utilized to reduce Employer contributions for the years ended December 31, 2019 and 2018 approximated $111,000 and $212,000, respectively.

Note 1 – Description of Plan, Continued

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of $1,000 and up to the lesser of 50% of the value of the participant's vested interest in his or her account or $50,000. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence which may have terms of up to 15 years. The loans are secured by the balance in a participant's account and bear interest at the prevailing interest rate, as determined by the Plan Administrator. Interest rates range from 4.25% to 6.50%. Principal and interest are collected ratably through payroll deductions.

Payments of benefits

Subject to IRS regulations, upon termination of service for any reason including death, disability, or retirement, a participant may elect one of the following forms of distribution if the total value of the participant's vested account is greater than $5,000 (excluding the balance of the participant's rollover contribution subaccount, if any): (a) an amount equal to the value of the participant's vested interest in his or her account in a single lump-sum payment, (b) installment payments over a period specified by the participant, or (c) roll-over to another qualified plan. If the total value of a participant's vested account is $5,000 or less, the entire vested account balance is distributed to the participant in a single payment. Participants age 59 ½ and older are permitted to take in-service withdrawals. Hardship withdrawals are also permitted under the Plan in limited circumstances.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments valuation and income recognition

Plan management determines the Plan's valuation methodology utilizing information provided by the Plan Trustee. With the exception of fully benefit responsive investment contracts, the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure of that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

In accordance with the policy of stating investments at fair value, unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the gains or losses on Plan investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant notes receivable in default are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Payment of benefits

The Plan records participant benefits when paid.

Plan administration

The Company is the Plan Sponsor and the administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets and records of participant data are maintained by T. Rowe Price Trust Company (the Trustee) as of and for the years ended December 31, 2019 and 2018. The Trustee invests cash received, interest, and dividend income, and makes distributions to participants, subject to the direction of participants.

The Benefits and Compensation Committee of the Board of Directors of the Company oversees the governance of the Plan. The Plan's administration committee, comprised of officers and employees of the Company, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Benefits and Compensation Committee.

Refunds payable for excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability at year-end with a corresponding reduction to contributions for the years. The Plan subsequently refunded the excess contributions to the applicable participants.

Note 3 –Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018; and
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements and Disclosures

Accounting guidance provides a framework for measuring fair value and a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2019. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are required to publish their daily net asset value (NAV) at the close of business on the New York Stock Exchange and to transact at that price. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The mutual funds are deemed to be actively traded and are therefore considered Level 1 investments within the fair value hierarchy.

Common collective trusts (CCTs) – are measured at the NAV of units of the collective trusts. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the trust would sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV and accordingly are considered Level 1 investments within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, Continued

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2019 and 2018:

	As of December 31, 2019	
	Level 1	Total
Mutual funds	$ 118,609,361	$ 118,609,361
Common collective trusts	8,944,889	8,944,889
Investments, at fair value	$ 127,554,250	$ 127,554,250

	As of December 31, 2018	
	Level 1	Total
Mutual funds	$ 74,226,393	$ 74,226,393
Common collective trusts	25,537,911	25,537,911
Investments, at fair value	$ 99,764,304	$ 99,764,304

Note 5 – Fully Benefit Responsive Investment Contracts

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

Investment	2019	2018	Unfunded commitments	Redemption frequency	Redemption notice period
T. Rowe Price Stable Value Common Trust Fund	$ 8,944,889	$ 10,131,296	n/a	Daily	12 months
T. Rowe Price Growth Stock Trust	-	15,406,615	n/a	Daily	12 months
Common collective trusts	$ 8,944,889	$ 25,537,911			

The T. Rowe Price Stable Value Trust Fund is composed primarily of fully benefit-responsive investment contracts and reports its NAV at both fair value and contract value. The T. Rowe Price Stable Value Trust Fund and Growth Stock Trust are presented at fair value in the financial statements. During 2019, the Plan's investment in the T. Rowe Price Growth Stock Trust was liquidated.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Note 7 – Tax Status

The Company has established, and intends to maintain, the Plan as a qualified plan under Section 401 of the Internal Revenue Code (IRC) which provides for exemptions from federal income taxation. The IRS determined by letter dated March 31, 2014, that the prototype standardized volume submitter document adopted by the Plan effective January 1, 2015, was designed in accordance with the applicable sections of the IRC.

Note 7 – Tax Status, Continued

Although the Plan has since been amended, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 8 – Party-In-Interest Transactions

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. The Plan's investments principally consist of interests in CCT's and shares of mutual funds managed by T. Rowe Price, therefore, these transactions qualify as party-in-interest transactions.

T. Rowe Price provides certain administrative services to the Plan pursuant to a Trust Agreement between the Company and T. Rowe Price. T. Rowe Price receives revenue from mutual fund service providers for services T. Rowe Price provides to the funds. This revenue is used to offset certain amounts owed to T. Rowe Price for its administrative services to the Plan.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Note 9 – Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic and the President of the United States of America declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19, is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The Plan elected to implement the coronavirus related distribution, an optional feature within these acts. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Except for the above, the Plan evaluated events occurring subsequent to December 31, 2019 through July 8, 2020, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the notes thereto.
