Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Frederic W. Cook & Co., Inc. Deferred Profit Sharing (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of November 30, 2019 and 2018, and the related Statement of Changes in Net Assets Available for Benefits for the year ended November 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity as of and for the years ended November 30, 2019 and 2018, that the information provided to the Plan administrator by Fidelity is complete and accurate.

Note 1 Description of Plan

The following description of Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1973, by Frederic W. Cook & Co., Inc. (collectively, the "Company" or "Plan Sponsor") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. Effective August 27, 2014, a new volume submitter Plan document was adopted and became effective, which covers all eligible employees (as defined by the Plan) of the Company. There were no significant changes to Plan provisions as a result of the adoption of the new Plan document. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Plan Administration

Plan investments are held by Fidelity Management Trust Company ("Fidelity"), which executes transactions pursuant to instructions from the Plan administrator.

Plan Contributions

Eligible employees can contribute up to 75% of their eligible compensation as defined by the Plan, subject to certain limitations under the IRC. Eligible employees are permitted to make both pre-tax and after-tax (ROTH) contributions provided the total of such elective contributions does not exceed the limits stated in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows for a discretionary employer contribution. Employer contributions for the year ended November 30, 2019 totaled $2,793,057.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, and Plan earnings and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions, rollover amounts and discretionary non-elective employer contributions plus earnings thereon.

Note 1 Description of Plan (Continued)

Participants' Notes Receivable

A participant may borrow from his or her account up to a maximum equal to the lesser of $50,000 or 50 percent of the vested account balance. The maximum loan term is five years unless the loan is taken to purchase a principal residence. Notes are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent, determined as of the date of the loan origination. Interest rates ranged from 4.25%-6.50% during the year ended November 30, 2019. Notes are repaid through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Additionally, participants may be eligible to take distributions representing hardship withdrawals subject to requirements imposed by the Plan and the IRC.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians (See Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Expenses related to the administration of the Plan are primarily paid by the Company. Investment related expenses, other than those paid directly by the Plan, are integrated with investment performance.

Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition or disclosure through the date of the auditors' report, which is the date the financial statements were available to be issued. See Note 9.

Note 3 Fair Value Measurements

Generally accepted accounting principles ("GAAP") establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan did not hold any level 2 or level 3 investments at November 30, 2019 and 2018.

At November 30, 2019, the Plan held Level 1 investments, as described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2019 and 2018.

Note 3 Fair Value Measurements (Continued)

Registered Investment Companies
Registered investment companies consist of mutual funds and exchange traded funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks
Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of November 30, 2019 and 2018:

Investments at fair value:

	November 30,	
	2019	2018
Level 1 - Registered Investment companies	$ 70,507,319	$ 63,672,187
Level 1 - Cash and Cash equivalents	3,380,094	2,172,857
Level 1 - Common stocks	5,862,036	3,414,229
Total	$ 79,749,449	$ 69,259,273

The above information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared by and certified to as complete and accurate by Fidelity. See also Notes 7 and 9.

Note 4 Related Party and Party-In-Interest Transactions

Certain Plan investments are registered investment companies, managed by Fidelity Investments Institutional Operations Company, Inc., a subsidiary of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the year ended November 30, 2019 totaled $6,849.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants are fully vested, and net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

Note 6 Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan will be open for examination for three years.

Note 7 Risk and Uncertainties

All highly liquid financial instruments with a maturity date of 90 days or less when purchased are considered to be cash equivalents.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant account balances. See Note 9.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

At November 30, 2019, one investment option accounted for more than 10% of the Plan's total net assets:

Vanguard Primecap Admiral Overview	$20,903,173	26%

Note 8 Certified Investments

The information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at November 30, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended November 30, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the custodian of the Plan).

Note 9 Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. No other subsequent events were identified through the date these financial statements were issued.

To the Plan Administrator and Trustees of

Frederic W. Cook & Co., Inc.

We have conducted a DOL limited-scope audit of the financial statements of Frederic W. Cook & Co., Inc. (the "Plan") for the year ended November 30, 2019 and have issued our report thereon dated July 30, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 22, 2020.

Professional standards require that we provide you with certain information related to our audit. Part I details new auditing standards and law changes. Part II of this letter relays this required information. Part III details our comments and recommendations, all of which have been discussed with appropriate members of management, that are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss this letter as well as the comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. We will review the status of these comments during our next audit engagement.

This letter does not affect our report on the above referenced financial statements of the Plan.

PART I NEW AUDITING STANDARDS AND LAW CHANGES FOR YOUR INFORMATION

A. New Statement on Auditing Standards, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA

The AICPA Auditing Standards Board (ASB) voted in July 2019 to approve Statement on Auditing Standards, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA (EBP SAS), as a final standard. The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), and changes the form and content of the related auditor's report.

Effective Date and Adoption

The EBP SAS is effective for audits of financial statements for periods ending on or after December 15, 2021. Early adoption is permitted.

Form and Content of Auditor's Report

The most significant changes resulting from the EBP SAS are to the form and content of the auditor's report on the plan financial statements and ERISA-required supplemental schedules.

"Limited Scope Audit" Replaced with Term "ERISA section 103(a)(3)(C) audit"
An audit performed pursuant to ERISA section 103(a)(3)(C) will no longer be referred to as a "limited scope audit" but rather going forward referred to as an "ERISA section 103(a)(3)(C) audit."

Modified Opinions No Longer Issued Due to Information Certified by a Qualified Institution
An ERISA section 103(a)(3)(C) audit is unique to employee benefit plans and is not considered a scope limitation, therefore a modified opinion (typically a disclaimer of opinion) will no longer be issued due to information that is certified by a qualified institution. Instead, the report will provide a two-pronged opinion that is based on the audit and on the procedures performed relating to the certified investment information. It will provide an opinion on whether the information not covered by certification is presented fairly, and an opinion on whether the certified investment information in the financial statements agrees to or is derived from the certification.

Form and Content of Engagement Letter and Representation Letter

As part of the auditor’s acceptance of the audit engagement the auditor will request plan management (sponsor/administrator) to acknowledge in the engagement letter management's responsibilities for maintaining a current plan instrument, administering the plan, and providing the auditor with a draft Form 5500 prior to the dating of the auditor's report. In addition, the new standard requires that the auditor obtain certain written management representations at the conclusion of the engagement regarding those responsibilities. It also includes new acknowledgements related to management's responsibilities with respect to the investment certification when management elects to have an ERISA Section 103(a)(3)(C) audit (previously called a “limited scope” audit as noted above).

B. New Statement on Auditing Standards, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA (Continued)

Form and Content of Engagement Letter and Representation Letter (Continued)

In addition, your auditor may request additional information from you in order to perform the plan audit, which may require you to spend more time preparing for the audit.

Please contact your WilkinGuttenplan advisor if you would like to discuss the EBP SAS further.

C. Changes to Hardship Distribution Rules

The Bipartisan Budget Act of 2018, which is effective for hardship distributions made in 2019, enacted three changes to the Hardship Distribution rules, specifically:

- repealing the previously-required 6-month suspension of elective deferrals after a participant received a hardship distribution
- permitting amounts previously contributed as qualified non-elective or qualified matching contributions (QNECs/QMACs) to be available as a hardship distribution.
- removing the requirement to take available plan loans prior to requesting a hardship.

Regulations are also proposed which would further:

- revise the applicable standards governing when a distribution can be made on account of hardship
- permit hardship distributions to participants seeking to repair a primary residence, even if that repair would not otherwise qualify for a casualty loss deduction

Recommended next steps for plan sponsors and recordkeepers are as follows:

- review hardship distribution procedures and forms to assess impact of final regulations
- adopt amendments prior to the amendment deadline to reflect the required changes and any optional changes that were or will be implemented in operations,
- check with your plan provider to see what action steps are needed if using a pre-approved plan document, including any default provisions the plan provider may be implementing,
- if your plan is a safe harbor plan, confirm that the safe harbor notice has been updated to reflect the hardship changes, and if not, provide an updated notice and provide participants time to change their elections.

PART II COMMUNICATION OF INFORMATION AS REQUIRED BY PROFESSIONAL STANDARDS

A. Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended November 30, 2019. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. All such estimates have been disclosed in the financial statements and/or in the notes to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

B. Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

C. Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements, and none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. In addition, the effects of uncorrected misstatements, if any, are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

D. Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

E. Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 30, 2020.

F. Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

G. Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

H. Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

PART III COMMENTS AND RECOMMENDATIONS

A. Employees Opting out of Plan Participation

We recommend that the Plan obtain and retain an opt-out waiver from eligible employees who elect not to participate in the Plan. This waiver provides substantiation that the Plan has offered participation to eligible employees in the event of a Department of Labor or Internal Revenue Service audit.

B. Cyber Attacks and Responding to Breaches

Plan fiduciaries have a responsibility to protect Plan information from cyber-attacks and respond to breaches promptly. According to the Department of Labor (DOL), Plan Sponsors should have a plan in place to address a breach.

We recommend an approach such as the following:

- Establishing procedures for how the Plan Sponsor and service providers will communicate with participants in the event of a breach and how they can protect their data.
- Creating a process for determining how a breach will be remedied.
- Documenting a process for how cybersecurity breaches are responded to and the steps that are taken to correct an actual breach, to demonstrate prompt action.
- Evaluate service providers and negotiate contract provisions to lower or mitigate the costs of correcting a possible cyberattack.
- Review and understand the business insurance coverage limitations and consider cyber insurance to address any coverage gaps.
- Additionally, Plan administrators and fiduciaries should consult with their ERISA counsel.

Developing a plan will ensure that Plan Fiduciaries are ready to respond to a breach in a timely and effective manner.

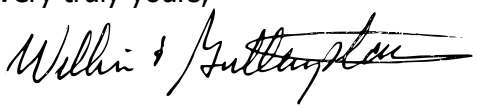
C. Maintain Minutes of Meetings Regarding the Plan

Meeting minutes were not maintained during the current year. Management and the profit sharing committee have a fiduciary responsibility to the participants to record minutes of all meetings. We recommend that the committee record minutes which documents items relating to the Plan that were discussed, positions taken and decisions made. These minutes should be maintained in a central location. These minutes provide permanent evidence that the committee is carrying out its fiduciary duties and serve as a record, should questions arise at a later date, about matters discussed or decisions reached.

This information is intended solely for the use of the Trustees and management of the Plan and is not intended to be and should not be used by anyone other than those specified parties.

We would like to thank all management and Plan officials for the cooperation and courtesy extended to us during our audit.

Very truly yours,



Wilkin & Guttenplan, P.C.

Independent Auditors' Report

To the Plan Administrator and Participants of the
Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Frederic W. Cook & Co., Inc. Deferred Profit Sharing (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of November 30, 2019 and 2018, and the related Statement of Changes in Net Assets Available for Benefits for the year ended November 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity as of and for the years ended November 30, 2019 and 2018, that the information provided to the Plan administrator by Fidelity is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule of Assets Held as of November 30, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 Description of Plan

The following description of Frederic W. Cook & Co., Inc. Deferred Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1973, by Frederic W. Cook & Co., Inc. (collectively, the "Company" or "Plan Sponsor") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company. Effective August 27, 2014, a new volume submitter Plan document was adopted and became effective, which covers all eligible employees (as defined by the Plan) of the Company. There were no significant changes to Plan provisions as a result of the adoption of the new Plan document. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Plan Administration

Plan investments are held by Fidelity Management Trust Company ("Fidelity"), which executes transactions pursuant to instructions from the Plan administrator.

Plan Contributions

Eligible employees can contribute up to 75% of their eligible compensation as defined by the Plan, subject to certain limitations under the IRC. Eligible employees are permitted to make both pre-tax and after-tax (ROTH) contributions provided the total of such elective contributions does not exceed the limits stated in the Plan. Participants who have obtained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows for a discretionary employer contribution. Employer contributions for the year ended November 30, 2019 totaled $2,793,057.

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, and Plan earnings and are charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions, rollover amounts and discretionary non-elective employer contributions plus earnings thereon.

Note 1 Description of Plan (Continued)

Participants' Notes Receivable

A participant may borrow from his or her account up to a maximum equal to the lesser of $50,000 or 50 percent of the vested account balance. The maximum loan term is five years unless the loan is taken to purchase a principal residence. Notes are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent, determined as of the date of the loan origination. Interest rates ranged from 4.25%-6.50% during the year ended November 30, 2019. Notes are repaid through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Additionally, participants may be eligible to take distributions representing hardship withdrawals subject to requirements imposed by the Plan and the IRC.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodians (See Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of November 30, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Expenses related to the administration of the Plan are primarily paid by the Company. Investment related expenses, other than those paid directly by the Plan, are integrated with investment performance.

Subsequent Events

Management has evaluated subsequent events and transactions for potential recognition or disclosure through the date of the auditors' report, which is the date the financial statements were available to be issued. See Note 9.

Note 3 Fair Value Measurements

Generally accepted accounting principles ("GAAP") establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan did not hold any level 2 or level 3 investments at November 30, 2019 and 2018.

At November 30, 2019, the Plan held Level 1 investments, as described below:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2019 and 2018.

Note 3 Fair Value Measurements (Continued)

Registered Investment Companies
Registered investment companies consist of mutual funds and exchange traded funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks
Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of November 30, 2019 and 2018:

Investments at fair value:

	November 30,	
	2019	2018
Level 1 - Registered Investment companies	$ 70,507,319	$ 63,672,187
Level 1 - Cash and Cash equivalents	3,380,094	2,172,857
Level 1 - Common stocks	5,862,036	3,414,229
Total	$ 79,749,449	$ 69,259,273

The above information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared by and certified to as complete and accurate by Fidelity. See also Notes 7 and 9.

Note 4 Related Party and Party-In-Interest Transactions

Certain Plan investments are registered investment companies, managed by Fidelity Investments Institutional Operations Company, Inc., a subsidiary of Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the year ended November 30, 2019 totaled $6,849.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants are fully vested, and net assets will be distributed to participants and beneficiaries in proportion to their respective account balances.

Note 6 Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan will be open for examination for three years.

Note 7 Risk and Uncertainties

All highly liquid financial instruments with a maturity date of 90 days or less when purchased are considered to be cash equivalents.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and participant account balances. See Note 9.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

At November 30, 2019, one investment option accounted for more than 10% of the Plan's total net assets:

Vanguard Primecap Admiral Overview	$20,903,173	26%

Note 8 Certified Investments

The information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at November 30, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended November 30, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the custodian of the Plan).

Note 9 Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. No other subsequent events were identified through the date these financial statements were issued.
