Report of Independent Auditors

To the Administrator of Versant Health HoldCo, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Versant Health HoldCo, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 - DESCRIPTION OF THE PLAN

The following description of Versant Health HoldCo, Inc. ("Sponsor" or "Plan Administrator") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Sponsor, including subsidiaries of the Sponsor, or other corporate entities that have adopted the Plan. The Plan became effective on January 14, 2002 and was subsequently amended and restated January 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2019, the Plan was amended and restated through adoption of the Fidelity Basic Plan Document No. 17, which is a volume submitter plan. As a result of the restatement:

- the Plan's sponsor was changed from Superior Vision Corp. to Versant Health HoldCo, Inc., and

- the Plan's name was changed from Superior Vision Corp. 401(k) Profit Sharing Plan to Versant Health HoldCo, Inc. 401(k) Plan.

Effective, February 1, 2019, the Davis Vision, Inc. 401(k) Plan merged with and into the Versant Health HoldCo, Inc. 401(k) Plan. The Plan received approximately $35.5 million in assets as a result of this merger.

Eligibility and Contributions

Employees who have reached age 18 are eligible to participate in the Plan after completion of six months of eligible service. Under the terms of the Plan, participants may elect to defer up to 100% of their annual compensation subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Roth deferrals are permitted in the Plan as of January 1, 2010.

Effective January 1, 2019, the Sponsor makes Safe Harbor matching contributions to the Plan equal to 100% of the first 3% and 50% of the next 2% of participants' elective deferrals of compensation on a payroll-by-payroll basis.

Non-elective contributions may be permitted at the discretion of the Plan Sponsor. During the year ended December 31, 2019, the Plan Sponsor did not elect to make such contributions.

Investment Options

Upon enrollment in the Plan, participants may direct the investment in their account into various mutual funds and collective trusts offered by the Plan.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions by means of their pre-tax contributions, Sponsor's Safe Harbor matching contributions and rollover contributions, plus earnings thereon, are 100% vested at all times and accounted for in separate accounts. Non-elective contributions and earnings thereon shall be subject to the following vesting schedule:

Years of Credited Service	Percent Vested
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 and greater than 5	100%

All years of service are credited to determine a participant's vesting service. The method for crediting Vesting Service is based on years of service calculated as the aggregate number of periods beginning with the Employee's Employment Commencement Date and each anniversary thereof that an employee is an Eligible Employee and ending on his subsequent Severance Date. Fractional periods of a year are expressed in terms of days. Upon death or disability, participants become fully vested in their account balances.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum is reduced by the highest outstanding loan balance the participant has under the Plan during the previous 12 month period. Only one loan with an initial term greater than 5 years may be outstanding at any time, and to the extent required by final regulations, no more than one loan within a calendar year may be outstanding. Loan terms may not exceed five years, except for the purchase of a principal residence, in which case a reasonable repayment period not to exceed 30 years is determined at the time of the loan. The loans are secured by the participant's interest in his account balances and such additional collateral as the administrative committee may from time to time consider prudent. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate, as published by The Wall Street Journal on the 14th day of each month, plus 2%. Interest rates range from 4.25% to 6.50% and 4.25% to 6.25% at December 31, 2019 and 2018, respectively. Principal and interest is paid ratably through biweekly payroll deductions. Additionally, the Plan provides for a single lump-sum repayment at any time.

Payment of Benefits

Benefit payments are made in the form of participant directed lump-sum withdrawals upon separation, retirement (age 65), total and permanent disability, or death, as applicable. Benefits may be paid in cash, rolled over to another qualified retirement plan or individual retirement account ("IRA"), or remain in the Plan until the participant chooses to take a distribution. For payment of account balances on termination of employment, vested account balances less than $5,000 and greater than $1,000, benefits may, at the option of the participant, be paid as a cash distribution, or rolled over to another qualified retirement plan or IRA. Vested account balances less than $1,000 can be paid to the participant as a cash distribution at the participant's request.

Hardship distributions to employees are permitted from the participant's elective deferrals and the earnings attributable thereto and vested portion of the participant's employer contribution account, that are not-attributable to qualified matching contributions, qualified non-elective contributions, ADP Test safe harbor contributions, if certain conditions are met.

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age $70^1/_2$ or the calendar year the participant retires. In addition, participants may elect in-service withdrawals of their vested account balances upon attainment of age $59^1/_2$ or normal retirement age. In-service withdrawals can be paid from the participant's elective deferrals, matching and non-elective contributions.

Forfeitures

Forfeitures may be used to reduce employer contributions, or to pay plan expenses. At December 31, 2019 and 2018, the balance of forfeited non-vested accounts was $34,429 and $26,162, respectively. Forfeitures totaling $2,973 were used to pay plan expenses during the year ended December 31, 2019. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2019.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan is responsible for determinations of fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Sponsor, as provided by the Plan document. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (loans and distributions) are charged directly to the participant's account.

Recently Issued Accounting Pronouncement and Accounting Changes

In August 2018, the FASB issued ASU No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates, amends and adds disclosure requirements relating to fair value reporting. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 for all entities, with early adoption permitted only for eliminated and modified disclosure requirements. All changes should be prospectively applied to all periods presented. Management has not elected to early adopt ASU 2018-13 during the year ended December 31, 2019.

3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits and notes to the financial statements as of December 31, 2019 and 2018.

- Interest income on notes receivable from participants and investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

  The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information from the trustee statements to the related information included in the financial statements and supplemental schedule.

4 - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborate by, observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of assets or liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Valued based on quoted prices of the fund in active markets and are classified within Level 1 of the fair value hierarchy.

Collective Trust Funds

The Plan's collective trust fund ("CTF") investments are stated at fair value measured as the NAV of units of the collective trusts. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CTFs, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Interests in mutual funds	$ 29,816,109	$ -	$ -	$ 29,816,109
Total investments in the fair value hierarchy	$ 29,816,109	$ -	$ -	$ 29,816,109
Interests in collective trusts (a)	-	-	-	28,243,978
Total investments, at fair value	$ 29,816,109	$ -	$ -	$ 58,060,087

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Interests in mutual funds	$ 13,896,079	$ -	$ -	$ 13,896,079
Total investments in the fair value hierarchy	$ 13,896,079	$ -	$ -	$ 13,896,079
Interest in collective trust (a)	-	-	-	314,436
Total investments, at fair value	$ 13,896,079	$ -	$ -	$ 14,210,515

(a) In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers into or out of levels 1, 2 or 3.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for Plan investments, the fair values of which are estimated using the NAV per share as a practical expedient as of December 31, 2019 and 2018:

	2019 Fair value	2018 Fair value	Redemption frequency (if currently eligible)	Redemption notice period
Stable value	$ 2,356,204	$ 314,436	Daily	Daily
Target date	$ 25,887,774	$ -	Daily	Daily
Interests in collective trusts	$ 28,243,978	$ 314,436		

5 - INVESTMENTS IN COLLECTIVE TRUSTS

The stable value CTF invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. The stable value CTFs, generally, invest up to 75% of its assets in security-backed investment contracts ("SBICs"), including separate account products of insurance companies. They invest at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds (including fixed income funds underlying SBICs) with investment policies and other provisions similar to those of the stable value CTFs, and may invest without limit in these investments.

The target date CTFs adjust asset mixes to become more conservative as the target retirement date approaches. These CTFs share the common goal of first growing and then later preserving principal and may contain a mix of U.S. common stocks, international stocks, Treasury Inflation Protected Securities, U.S. issued bonds and cash.

6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Sponsor contributions and the Plan's assets would be distributed to the participants.

7 – RELATED PARTIES AND PARTIES-IN-INTEREST TRANSACTIONS

The Plan's assets include notes receivable from participants and certain investments managed by Fidelity Management Trust Company. Fidelity Management Trust Company is paid administrative fees from the Plan. These transactions qualify as party-in-interest transactions.

8 - TAX STATUS

Fidelity has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code ("Code"). The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS Fidelity Volume Submitted Profit Sharing Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2016.

9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10 - RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to the Form 5500:

	2019	2018
Net assets available for benefits, per financial statements	$59,605,785	$14,500,189
Notes receivable from participants deemed distributed	(42,805)	(2,954)
Net assets available for benefits, per Form 5500	$59,562,980	$14,497,235

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to the Form 5500:

Net increase in net assets available for benefits, per financial statements	$45,105,596
Change in deemed distributions	(39,851)
Net increase in net assets available for benefits, per Form 5500	$45,065,745

11 - SUBSEQUENT EVENT

The Plan has evaluated subsequent events through August 4, 2020, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events, which would require recognition or disclosure in the financial statements, except as disclosed below.

On December 19, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) was passed. The SECURE Act changes the age for required minimum Distributions from 70 ½ to 72. Effective January 1, 2020, the Plan will be amended for this change.

In December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern". Subsequent to year-end, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by the Federal and State of Maryland governments has caused schools and numerous businesses to close or operate remotely in an effort to prevent COVID-19 from spreading more rapidly. As of the report date, the Plan has experienced an immediate impact from COVID-19 due to the volatility of the financial markets. The future extent of the impact of COVID-19 on the Plan's operations including but not limited to further market decline and future Company contributions to the Plan will depend on future developments, including the duration and spread of the outbreak, which is highly uncertain and cannot be predicted.

On March 27, 2020, Congress passed the CARES Act (Coronavirus Aid, Relief, and Security Act) for President Trump's signature in order to help the US economy and workers in the midst of the Coronavirus Pandemic. The CARES Act includes numerous provisions related to retirement plans. The Plan Administrator will amend the Plan to allow for Coronavirus penalty-free distributions for qualified individuals through December 31, 2020. In addition, the Plan will adopt a loan provision allowing the maximum loan amount to be taken by a qualified individual to be temporarily increased to $100,000 from the date of the Act continuing for 180 days. The Act also delays loan repayments from the date of the Act through December 31, 2020 for qualified individuals.
