NOTE A - DESCRIPTION OF PLAN

The following description of the Retail Investors of Texas, Ltd. ("Company") 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering all employees of the Company who have attained the age of twenty-one, have completed 12 months of service, and who are not covered by a collective bargaining agreement or classified as an independent contractor.

2. Contributions - Voluntary pre-tax contributions ranging from one to sixty percent of gross compensation is withheld each pay period. The maximum catch-up contribution that a participant can contribute is $6,000 for the year ended December 31, 2019.

   The Company contributes a nondiscretionary match in the amount of 50% of the first 5% of base compensation that a participant contributes to the Plan. Employees may begin payroll deductions on the first day of each month subsequent to meeting Plan requirements. The Company may contribute a discretionary contribution each year to all eligible employees. This contribution will be allocated to each employee based on eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Notes Receivable - Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant's note receivable fund. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Subsequent Events
Subsequent events were evaluated through May 29, 2020, which is the date the financial statements were available to be issued. Management is not aware of subsequent events which would require recognition or disclosure in the financial statements.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable - Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2019 financial statement presentation to correspond to the current year's format.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The information in Note D, notes receivable - participants, and the Schedule of Assets Held for Investment Purposes at End of Year was obtained from data that has been prepared and certified as complete and accurate by the trustee, Fidelity Management Trust Company. In addition, the trustee certified the income, expense and other transactions for the year ended December 31, 2019 as complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No plan assets required level 3 inputs for the periods presented.

		Fair Value Measurements at Reporting Date Using:		
	December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	$ 2,674,140	$ -	$ 2,674,140	$ -
Mutual Funds	28,822,819	28,822,819	-	-
Total Investments	$ 31,496,959	$ 28,822,819	$ 2,674,140	$ -

		Fair Value Measurements at Reporting Date Using:		
	December 31, 2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	$ 3,722,664	$ -	$ 3,722,664	$ -
Mutual Funds	23,270,639	23,270,639	-	-
Total Investments	$ 26,993,303	$ 23,270,639	$ 3,722,664	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 into and out of Level 3 as of the date of the event or change in circumstance that caused the transfer. For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE E - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

Participant-directed:	2019	2018
JPMorgan Growth Advantage Fund	$ 3,541,118	$ 2,650,334

Janus Balanced Fund	2,831,644	2,434,202

For the years ended December 31, 2019 and 2018, Plan investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $4,221,223 and ($3,092,229), respectively, as follows:

	2019	2018
Mutual funds	$4,221,223	($ 3,092,229)
Net Change in Fair Value	$ 4,221,223	($ 3,092,229)

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - TAX STATUS

The Plan has adopted the Fidelity Volume Submitter Profit Sharing Plan document. On March 31, 2008, the Volume Submitter Plan received a favorable determination letter from the Internal Revenue Service which stated the Plan, as designed and amended, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files an annual return and records must be retained for at least six years to support the filing.

NOTE H - ADMINISTRATION COSTS

Expenses of administration may be paid out of the Plan unless paid by the Company or others. The Plan may reimburse the Company for any administrative expense incurred. Administrative fees incurred by the Plan for the year ended December 31, 2019 included loan set up fees, overnight delivery fees and an audit fee which were paid by the Plan directly.

NOTE I - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments and/or affiliates (Fidelity). Fidelity is also the trustee. Fees paid by the Plan for administrative services provided by Fidelity amounted to $107,077 and $96,686 for the years ended December 31, 2019 and 2018, respectively, and are included in administrative expenses. Fidelity and/or its subcontractors may also receive fees based on a percentage of Plan assets of approximately .25%.

NOTE J - DISTRIBUTIONS PENDING

As of December 31, 2019 and 2018, account balances of terminated persons amounted to $5,232,585 and $5,626,584, respectively.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE L - RECONCILIATION TO TAX RETURN

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 32,180,535	$ 27,651,729
Corrective distributions payable	60,219	69,547
Net assets available for benefits per Schedule H of the Form 5500	$ 32,240,754	$ 27,721,276

The following is a reconciliation of expenses per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	2019	2018
Expenses per the financial statements	$ 2,981,974	$ 2,754,101
Prior Year corrective distributions	69,547	58,344
Corrective distributions payable	(60,219)	(69,547)
Expenses per Schedule H of the Form 5500	$ 2,991,302	$ 2,742,898

Schedule H of Form 5500 is prepared on the modified cash basis of accounting; whereas, the financial statements are prepared on the accrual basis of accounting. A corrective distribution payable gave rise to the reconciling difference at December 31, 2019. Additionally, the Form 5500 classifies loans to participants as an investment. They are classified as note receivables in the financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Subsequent events were evaluated through May 29, 2020, which is the date the financial statements were available to be issued. Management is not aware of subsequent events which would require recognition or disclosure in the financial statements.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable - Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2019 financial statement presentation to correspond to the current year's format.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The information in Note D, notes receivable - participants, and the Schedule of Assets Held for Investment Purposes at End of Year was obtained from data that has been prepared and certified as complete and accurate by the trustee, Fidelity Management Trust Company. In addition, the trustee certified the income, expense and other transactions for the year ended December 31, 2019 as complete and accurate.

NOTE D - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No plan assets required level 3 inputs for the periods presented.

		Fair Value Measurements at Reporting Date Using:		
	December 31, 2019	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	$ 2,674,140	$ -	$ 2,674,140	$ -
Mutual Funds	28,822,819	28,822,819	-	-
Total Investments	$ 31,496,959	$ 28,822,819	$ 2,674,140	$ -

		Fair Value Measurements at Reporting Date Using:		
	December 31, 2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:				
Money Market Funds	$ 3,722,664	$ -	$ 3,722,664	$ -
Mutual Funds	23,270,639	23,270,639	-	-
Total Investments	$ 26,993,303	$ 23,270,639	$ 3,722,664	$ -

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation in fair value of investments. The Plan's policy is to recognize transfers between Levels 1 and 2 into and out of Level 3 as of the date of the event or change in circumstance that caused the transfer. For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - TAX STATUS

The Plan has adopted the Fidelity Volume Submitter Profit Sharing Plan document. On March 31, 2008, the Volume Submitter Plan received a favorable determination letter from the Internal Revenue Service which stated the Plan, as designed and amended, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan files an annual return and records must be retained for at least six years to support the filing.

NOTE H - ADMINISTRATION COSTS

Expenses of administration may be paid out of the Plan unless paid by the Company or others. The Plan may reimburse the Company for any administrative expense incurred. Administrative fees incurred by the Plan for the year ended December 31, 2019 included loan set up fees, overnight delivery fees and an audit fee which were paid by the Plan directly.

NOTE I - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments and/or affiliates (Fidelity). Fidelity is also the trustee. Fees paid by the Plan for administrative services provided by Fidelity amounted to $107,077 and $96,686 for the years ended December 31, 2019 and 2018, respectively, and are included in administrative expenses. Fidelity and/or its subcontractors may also receive fees based on a percentage of Plan assets of approximately .25%.

NOTE J - DISTRIBUTIONS PENDING

As of December 31, 2019 and 2018, account balances of terminated persons amounted to $5,232,585 and $5,626,584, respectively.

NOTE K - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE L - RECONCILIATION TO TAX RETURN

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	2019	2018

Net assets available for benefits per Schedule H of the Form 5500	$ 32,240,754	$ 27,721,276

The following is a reconciliation of expenses per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	2019	2018

Expenses per Schedule H of the Form 5500	$ 2,991,302	$ 2,742,898

Schedule H of Form 5500 is prepared on the modified cash basis of accounting; whereas, the financial statements are prepared on the accrual basis of accounting. A corrective distribution payable gave rise to the reconciling difference at December 31, 2019. Additionally, the Form 5500 classifies loans to participants as an investment. They are classified as note receivables in the financial statements.
