Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Trustees,
Central Florida Investments, Inc.
401(k) Savings and Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Central Florida Investments, Inc. 401(k) Savings and Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018 and the related statement of changes in net assets available for benefits for the year ended December 31, 2019 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of (1) delinquent participant contributions for the year ended December 31, 2019 and (2) assets (held at end of year) as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the Central Florida Investments, Inc. 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution, participant-directed plan covering substantially all full-time employees of the participating employers Westgate Resorts, Inc., CFI Resorts Management, Inc. and Westgate Marketing, LLC (collectively the "Plan Sponsor" or the "Employer") who are age 21 or older. Employees are eligible to participate on the first day of the month coinciding with or following the completion date of 90 days of service. Upon the eligibility date, the participant is automatically enrolled into the Plan with a deferral percentage of 3% with annual increases of 1% until percentage reaches 6% of compensation but no more than 10%, unless the participant elect a different deferral percentage or decline to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participant

Each year, participants may contribute a percentage of their pre-tax or post-tax annual compensation, as defined in the Plan, not to exceed the maximum amount permitted by the Internal Revenue Code ("IRC"). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans prior to meeting the eligibility requirements for the Plan. The Plan also allows for Roth elective deferral contributions.

Employer

The Employer will contribute a safe harbor match of 100% of participant deferral contributions up to 4% of the participant's compensation, plus 50% of participant deferral contributions up to the next 2% of the participant's compensation, as defined in the Plan. Additionally, the Employer may make discretionary matching contributions and discretionary nonelective contributions at the discretion of the Employer's Board of Directors. Allocations of discretionary nonelective contributions are made to individual participants' accounts based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants for that year. Catch-up contributions will be matched based on these matching contribution formulas. No discretionary contributions were made during the year ended December 31, 2019.

All participant and employer contributions are subject to the limitations specified by the Plan and the IRC and regulations.

Participant Accounts

Individual accounts are established for each participant. Each participant's account is credited with his/her elective contributions, the Employer's matching contributions, an allocation of Plan earnings or losses, and an allocation of administrative expenses. Allocations of participant contributions and the Employer's matching and discretionary contributions are based on eligible compensation. Allocations of Plan earnings or losses and administrative expenses are generally based on the direct investment options chosen by the participants and on their relative account balances, as defined in the Plan. The participant's account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting
Participants are 100% vested in their elective, catch-up, Roth elective deferrals, rollover contributions and their employer nonelective and safe harbor contributions, plus actual earnings thereon. Participant's account becomes fully vested in the event of retirement or death. Upon termination for any other reason, participants are entitled to a portion of their employer discretionary matching contributions in accordance with the following vesting schedule:

Years of Service (as Defined)	Vested Percentage
Less than 2	0%
2 or more	100%

Notes Receivable from Participants
Participants may obtain loans based upon their vested account balances. Participants are allowed three outstanding loans at a given time. The minimum loan permitted is $1,000 and the maximum is the lesser of 50% of the participant's vested account balance or $50,000. The rate of interest will be a fixed rate equal to the prime rate of interest plus 1%. Loan payments consisting of principal and interest are made through payroll deductions over a maximum term of five years or up to 30 years for the purchase or construction of a primary residence.

At December 31, 2019, the loans earned interest at rates ranging from 4.25% to 9.50%, and maturities ranged from 2020 to 2049. Loan balances are collateralized by the borrowers' vested account balances in the Plan.

Payment of Benefits
Upon termination of service, retirement, disability, or death, participants or their beneficiaries may elect to receive either a lump-sum, installment payments, or direct rollover to an eligible retirement plan in an amount equal to the value of the participants' vested interest in their accounts. The Plan permits normal withdrawals of the participant's vested account balance beginning at age 59½ under certain circumstances specified in the Plan. In the event that the participant's vested accrued benefit is less than $1,000, the Plan administrator may make a distribution without the election or request of a terminated participant. Additionally, certain benefits may be payable in cases of financial hardship, as specified by the Plan.

Investment Options
Upon enrollment in the Plan, a participant may direct participant deferral contributions, participant rollover contributions, and employer matching contributions to any of the Plan's investment options offered by the Plan. Participants may change their contribution allocations among investment options periodically and may transfer amounts between funds daily.

Forfeited Accounts
The Plan allocates nonvested or forfeited amounts first to restore participants' forfeitures, next to pay Plan expenses, and then to reduce employer contributions or to offset Plan expenses otherwise made for the Plan year following the year in which the forfeitures occur. During the year ended December 31, 2019, there were forfeitures of $337,546. At December 31, 2019 and 2018, there were $51,654 and $11,377, respectively, of forfeited nonvested accounts and $277,727 and $19,763, respectively was used to reduce employer contributions and pay Plan expenses during the year ended December 31, 2019.

Revenue Sharing Agreement and Expense Budget Account
The Plan Sponsor has a revenue sharing agreement with Transamerica Retirement Solutions Corporation Pension Services ("TRSC"). The agreement provides for compensation to TRSC for providing recordkeeping and other Plan administration services. TRSC expects to receive indirect compensation or revenue from various third parties based on the investment options available within the Plan. The revenue is credited to each participant's account.

Quarterly, TRSC deducts from each participant's account an amount equal to one quarter of the revenue which has been credited to participants' accounts. If the amount in a participant's account is insufficient to cover the payment due to TRSC, TRSC will bill the Plan Sponsor for any shortfall. The Plan Sponsor may authorize TRSC to apply the shortfall to the remaining participants' accounts, pay the shortfall from the Plan's forfeiture account, or pay TRSC directly for the shortfall. During the plan year ended December 31, 2019, there was no such shortfall.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by TRSC. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions at the time the participant's or beneficiary's benefits become distributable based upon the terms of the Plan agreement.

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses

The Plan is responsible for management fees relating to investments and fees relating to loan processing and distributions, recordkeeping, and other Plan administrative costs. The Plan has a revenue sharing arrangement with TRSC which provides for revenues to help offset these costs. Revenue credited to participants' accounts, as part of the agreement, provides for funding of an Expense Budget Account ("EBA"). The EBA is a Plan level unallocated account. These amounts can be used to pay Plan-related expenses or can be allocated to Plan participants at the end of the year (or as soon as administratively feasible following the end of the year), at the direction of the Plan Sponsor. The Plan Sponsor may also direct TRSC to reimburse the Employer from the EBA, or at the Plan Sponsor's direction remit payment to a third party, for necessary and reasonable Plan-related expenses.

Plan expenses paid to State Street Bank and Trust Company and TRSC (both parties-in-interest) totaled approximately $724,000 for the year ended December 31, 2019. Further, during the year ended December 31, 2019, $87,251 was provided in revenue to the EBA account and $117,606 was paid from the EBA account for Plan related expenses. The EBA account is included in the non-interest bearing cash on the statements of net assets available for benefits and amounted to $46,251 and $76,826 as of December 31, 2019 and 2018.

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which includes amendments intended to improve the effectiveness of disclosure requirements for recurring and nonrecurring fair value measurements. The standard removes, modifies and adds certain disclosure requirements and affects companies that are required to include fair value measurement disclosures. The amendments in this update are effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. Early adoption for amendments that remove or modify disclosure are permitted and the Plan has early adopted these amendments.

Subsequent Events

Plan management has evaluated subsequent events through September 21, 2020, the date which the financial statements were available to be issued. Based upon this evaluation, other than the matter described below, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.

Effective March 27, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020 and suspend minimum distribution during 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following are descriptions of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust ("CCT"): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value of the CCT is measured using the NAV practical expedient, and in accordance with ASU 2015-07, it is not required to be categorized within the fair value hierarchy.

The following tables set forth investment assets measured at fair value at December 31, 2019 and 2018:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 96,158,681	$ -	$ -	$ 96,158,681
Total assets in the fair value hierarchy				$ 96,158,681
Common collective trust measured at net asset value (a)				5,683,562
Investments at fair value				$ 101,842,243

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 70,222,338	$ -	$ -	$ 70,222,338
Total assets in the fair value hierarchy				$ 70,222,338
Common collective trust measured at net asset value (a)				3,074,018
Investments at fair value				$ 73,296,356

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2019	**2018**	**Commitment**	**Frequency**	**Notice Period**
Common collective trust	$ 5,683,562	$ 3,074,018	N/A	Daily	None

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivable from participants were held by the Plan's trustee, State Street Bank and Trust Company ("State Street"). All transactions involving the trustee are considered to be transactions with a party-in-interest. In addition, there are transaction fees charged by the trustee that are absorbed in investment income that are not readily determinable.

5. PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. INCOME TAX STATUS

The Employer adopted the Transamerica Retirement Solutions Corporation Volume Submitter 401(k) Profit Sharing Plan. The Internal Revenue Service ("IRS") determined and informed TRSC by advisory letter dated March 31, 2014, that the volume submitter plan is acceptable under applicable sections of the IRC. The Employer relies on the advisory letter, and the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the advisory letter, the Employer and trustee believe the Plan is currently operating in compliance with applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

7. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, as permitted under such election, State Street, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related interest income in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the statement of changes in net assets available for benefits for the year ended December 31, 2019, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019. No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. DELAYED DEPOSITS OF PARTICIPANT CONTRIBUTIONS

During the years ended December 31, 2016 and 2015, the Employer failed to remit to State Street certain employee contributions totaling $9,483 and $207,032, respectively, within the period prescribed by Department of Labor regulations. The Employer took corrective actions for the late deposits related to 2015 and 2016, and the corrections were made in February 2018.
