To the Trustees
Fishnet Security 401(k)
and Profit Sharing Plan
Kansas City, Missouri

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Fishnet Security 401(k) and Profit Sharing Plan for the year ended December 31, 2009, and have issued our report thereon dated October 4, 2010. As permitted by 29 CR2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 3 to those financial statements. Because of the significance of the information we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated May 6, 2010, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to management on April 26, 2010.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Fishnet Security 401(k) and Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted other than the newly required disclosures under *FASB Accounting Standards Codification*™ (ASC) 855 *Subsequent Events* and ASC 740 *Income Taxes*. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates affecting the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of investment risk.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatement detected as a result of audit procedures was corrected by management:

An audit adjustment of $52,312 was made to record corrective distributions payable. This entry has been recorded by management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 4, 2010.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees, management, and others within Fishnet Security 401(k) and Profit Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Sfft +Co. PA

NOTE 1 - DESCRIPTION OF PLAN

The following description of Fishnet Security 401(k) and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description*, which is available from the Plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Fishnet Security, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees must have completed three months of service and be at least twenty-one years old to participate in the salary reduction portion of the Plan. The Company may contribute a discretionary amount at the end of the Plan year. Eligibility for the discretionary amount requires working a minimum of 501 hours and being employed by Company on the last day of the Plan year.

Contributions

Each year, participants may contribute up to 90% of pre-tax base compensation plus up to 100% of any bonus compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary pretax matching contribution as determined by the Board of Directors. For the years ended December 31, 2009 and 2008, the Company matched 50% of employee contributions up to 3% of base compensation. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Company contributions, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Vesting in Company matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule for Company contributions is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or the participant's beneficiary is entitled to receive an amount equal to the value of the vested interest in the participant's account in either a lump-sum amount or installment payments equal to the value of the vested interest in the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant is also entitled to receive a lump-sum distribution of his or her pre-tax employee contribution account after attaining age 59½ without termination of employment.

The Plan also allows for hardship withdrawals by qualified participants.

NOTE 1 - DESCRIPTION OF PLAN - Continued

Forfeited Accounts

Forfeited accounts may be used to reduce future employer contributions or fund plan expenses. Nonvested forfeited accounts totaled $28,336 and $77,715 as of December 31, 2009 and 2008, respectively. During the years ended December 31, 2009 and 2008, $77,488 and $1,011, respectively, of forfeited nonvested accounts were used to reduce employer contributions and pay plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared using the accrual method of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. Corrective distributions payable generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules.

Income Tax Status

The Plan adopted a standardized form of a prototype plan. The prototype plan has received a determination letter dated October 9, 2003 from the Internal Revenue Service indicating that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Tax Status - Continued

The Plan adopted the provisions of *FASB Accounting Standards Codification*™ (ASC) 740, *Income Taxes*, on January 1, 2009. ASC 740 requires that the Plan recognize the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant taxing authority.

The Plan is subject to income tax regulations in the U.S. federal jurisdiction and certain state jurisdictions. Tax regulations within each jurisdiction are subject to the interpretation of the related tax laws and regulations and require significant judgment to apply. With few exceptions, the Plan is no longer subject to income tax examinations by the applicable tax authorities for the years before 2006. If any were to be incurred, the Plan's policy is to record penalties and interest assessed by income taxing authorities as operating expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through October 4, 2010, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments are held by and all investment transactions are executed by the trustee, Fidelity Management Trust Company. All investments in the accompanying statements of net assets available for benefits and investment income amounts included in the accompanying statements of changes in net assets available for benefits are based on information provided and certified by the trustee and have not been audited by independent accountants in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the Plan's investments. Investments that represent 5% or more of net assets available for benefits in either year are separately identified.

During the years ended December 31, 2009 and 2008, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated (depreciated) in value by $1,551,253 and $(2,256,622), respectively. Additionally, interest and dividends earned on the Plan's investments for 2009 and 2008 were $79,163 and $12,637, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

- Interest Bearing-Cash Instruments. Valued at the closing price reported on the active market on which the individual securities are traded.
- Mutual Funds. Valued at the net asset value of shares held by the Plan at year-end.
- Common Collective Trusts. Shares held in common collective trusts are valued based on the unit prices quoted by the fund sponsor, representing the fair value of the underlying investments.
- Participant loans. Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS - Continued

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2009 and 2008.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully invested in their accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain accounting and administrative functions were performed by the administrator of the Plan. Certain administrative expenses relating to the Plan were paid directly by the Company.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTE 8 - PLAN SPONSOR

On March 17, 2008, there was a change in control of the Plan Sponsor. As a result, all participants became fully vested in their accounts. Additionally, Secure Passage, LLC ceased to be a "Related Employer" of the Plan Sponsor. Pursuant to the basic Plan document, Secure Passage, LLC continued its participation in the Plan as a "Participating Employer" through August 1, 2008, during which period the Plan was a multiple employer plan. On August 1, 2008, the Secure Passage participant assets were transferred out of the Plan to a different plan.
