Report on the Financial Statements

We were engaged to audit the accompanying financial statements of H2M Architects + Engineers 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Great-West Trust Company, LLC, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. H2M ARCHITECTS + ENGINEERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the H2M Architects + Engineers 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of H2M Architects, Engineers, Land Surveying and Landscape Architecture, D.P.C. (the "Sponsor"), H2M Associates, Inc., and H2M Architects and Engineers, Inc. (collectively the "Employers") who have attained the age of eighteen and who work a regular schedule of 20 hours a week or more and have completed six months of service. Effective January 1, 2020, the eligibility requirements were amended to six months of service and age 21 for all employee classes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 92% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, 403(b) tax sheltered annuities or an individual retirement account, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 9% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. The Employers shall make a contribution for eligible employees employed by H2M Architects, Engineers, Land Surveying and Landscape Architecture, D.P.C., H2M Associates, Inc. and H2M Architects and Engineers, Inc. The Employers, under safe harbor, must contribute 3% of eligible compensation. The Employers also made a discretionary contribution in the amount of 1.5% for all eligible employees and a matching contribution of 1.5% to all employees contributing 6% or more that were employed at December 31, 2019. Additional profit sharing amounts may be contributed in a nondiscriminatory manner at the option of the Sponsor's Board of Directors. During the year ended December 31, 2019, the Employers made contributions of $2,790,052 to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor's safe harbor and discretionary contributions, as well as allocations of the Sponsor's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

H2M ARCHITECTS + ENGINEERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions and the Sponsor's contribution, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $250 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest rates that range from 4.25% to 9.25%, which are commensurate with the prime interest rate posted in the Wall Street Journal on the first business day of the month the loan is originated plus 1%, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a certain period, as defined in the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Transfers

The Company acquired Wiedersum Associates Architects, PLLC on March 1, 2019 and some of the employees of the Wiedersum Associates Architects, PLLC Retirement Plan transferred assets into the Plan during 2019. The transferred assets are included as transfers in the Statement of Changes in Net Assets Available for Benefits for the Plan year ended December 31, 2019.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, if any, which are reported at contract value). Fair value is the price that would be received to

H2M ARCHITECTS + ENGINEERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Administrative expenses incurred by the Plan include contract administration fees, in excess of revenue sharing amounts, and fees related to the administration of notes receivable from participants and are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest

H2M ARCHITECTS + ENGINEERS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (continued)

priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment funds: Valued at the NAV of the underlying units of the fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full

Note 3 – Fair Value Measurements (continued)

redemption of the collective fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate account: Assets allocated to the separate account can include, but are not limited to, stocks, bonds, non-traditional asset classes and short-term investments as specified in the separate account's investment policy. The issuer owns the underlying investments in the separate account. The value of a separate account is its market value less operating expenses accrued but not deducted, if any. If there is no readily available market, its value is the fair value of the underlying investments held in such separate account as determined by issuer using generally accepted accounting practices and applicable law.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019

Note 3 – Fair Value Measurements (continued)

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan's investment measured at fair value using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Funds	$ 58,424,734	N/A	Daily	N/A

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Funds	$ 47,366,075	N/A	Daily	N/A

Note 4 – Fully Benefit-Responsive Guaranteed Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with Great-West Life and Annuity Insurance Company of New York (Great-West). Great-West maintains the contributions to the guaranteed interest account in a general account. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The guaranteed interest account guarantees the return of principal plus compound interest earned over a defined 5 year term or 10 year term, less any applicable contract or participant level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Amounts are automatically reinvested in a guaranteed account of the same term at the end of the guarantee period, unless participants notify the trustee of a change in investment option.

The traditional investment contracts held in the general account of the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than the guaranteed minimum interest rate as defined in the contract. There is no minimum rate under this investment contract. For each reporting year in which contributions are made to a guaranteed interest account, a new composite interest rate is established at the end of each contract year that applies for the remainder of the guarantee term for the account. The contract cannot be terminated before the scheduled maturity date.

Note 4 – Fully Benefit-Responsive Guaranteed Investment Contract (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the Plan's ability to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue, (b) premature termination of the contract, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, (e) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, (d) a material amendment to the agreements without the consent of the issuer. The average yield earned by the Plan of 1.45% is derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yield earned by the Plan of 1.45% is derived by averaging the Plan's quarterly interest rates.

Note 5 – Related-Party Transactions and Party-in-Interest Transactions

The Plan sponsor participates in the American Council of Engineering Companies ("ACEC") Retirement Trust (the "Trust") which is responsible for the selection of investment options, negotiation of service contracts, evaluation, selection and monitoring of service providers, monitoring the payment of fees and expenses and ensuring such fees and expenses are reasonable and not excessive. Great-West Life & Annuity Insurance Company provides recordkeeping and benefit administration services to the Plan pursuant to an agreement between the Trust, Employers and Great-West Trust Company, LLC, the trustee. Certain Plan investments are managed by Great-West Life Capital Management, LLC, a subsidiary of Great-West Life & Annuity Insurance Company. Great-West Trust Company, LLC is the trustee as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions.

The Trust has established and maintains an ERISA Spending Account to capture revenue sharing amounts received by Great-West Life & Annuity Insurance Company from the Plan's investments in order to offset expenses of the Trust. Trust expenses paid out of the ERISA Spending Account are then allocated to the Plan, and all other plans participating in the Trust, based on an allocation percentage as defined. Under the discretion of the Trust, any amounts remaining after payment of plan expenses may be allocated to participant accounts.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 – Tax Status

The Plan is structured and follows a volume submitter profit sharing plan, pre-approved by the Internal Revenue Service (IRS). The IRS issued an opinion letter dated March 31, 2014, that the volume submitter profit sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Certification

Certain information related to investments and notes receivable from participants held at December 31, 2019 and 2018 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the trustee of the Plan.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Concentrations

At December 31, 2019, two of the investments held by the Plan individually amounted to approximately 10% or more of net assets available for benefits, and approximately $28,435,000 or 28% in the aggregate. At December 31, 2018, three of the investments held by the Plan individually amounted to approximately 10% or more of net assets available for benefits, and approximately $31,304,000 or 40% in the aggregate.

NOTES TO FINANCIAL STATEMENTS

Note 10 – Subsequent Events

The Company evaluated its December 31, 2019 financial statements for subsequent events through the date the financial statements were issued. As a result of the spread of the COVID-19, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

In December 2019, the President of the United States signed into law the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") which calls for reform of the retirement system. The provisions of the SECURE Act require significant changes to Plan administration and recordkeeping and is effective as of January 1, 2020. Some of the most significant changes that will impact the Plan include the following:

- Delay in required minimum distributions (from 70 ½ years of age to 72 years of age);
- Acceleration of post death minimum required distributions;
- New in-service withdrawals for childbirth and adoption expenses;
- Form 5500 changes and increased penalties.
