Independent Auditors' Report

Plan Administrator of the
Allen Turner Automotive, Inc. 401k Plan
Pensacola, Florida

We were engaged to audit the accompanying financial statements of Allen Turner Automotive, Inc. 401k Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information addressed in Note 10, which was certified by Transamerica Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content of Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ALLEN TURNER AUTOMOTIVE, INC. 401k PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2019 and 2018

(1) Description of Plan:

The following description of the Allen Turner Automotive, Inc. 401k Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of a controlled group (Company) consisting of Allen Turner Automotive, Inc. (the plan sponsor) and Allen Turner Automotive II, Inc. who have six months of qualified service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute a specific dollar amount per pay period or a percentage of their pretax annual compensation as defined in the Plan subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows elective after tax (Roth) deferrals by participants. Additionally, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and the Stable Value Core Account as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate of 1% of eligible compensation. Contributions are automatically invested in a designated asset allocation fund until changed by the participant.

The Company contributes a percentage of participant contributions, determined on a year by year basis, to the Plan. For 2019, the Company contributed 50% of eligible participant's contributions up to 3% of eligible compensation. Participants must have one year of service to receive the matching contribution. The Company can elect to make additional discretionary contributions. No discretionary contribution was made for 2019.

Participant Accounts. Each participant's account is credited with the participant's contribution and the Company's matching contributions and allocations of the Company's discretionary contribution and Plan earnings (losses). Participant accounts are charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued):

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan within a 12-month period. The loans are secured by the balance in the participant's account and bear interest at the Prime Interest Rate. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account. Hardship distributions to participants are permitted up to 100% of the participant's fully vested account balance. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $2,003 and $10,997, respectively. These accounts are used at the discretion of the Company. In 2019, employer contributions were reduced by $17,700 and plan expenses of $15 were paid from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies:

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, for a defined contribution plan attributable to fully benefit-responsive investment contracts, such as the Stable Value Core Account, the contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits since it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts. For the Stable Value Core Account, the contract value of each participant account approximates its fair value.

(2) Summary of Significant Accounting Policies (Continued):

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Refundable Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as accounts payable with a corresponding reduction to contributions. Excess contributions payable as of December 31, 2018 totaled $14,261. The Plan distributed the 2018 excess contributions in May 2019. There were no excess contributions for the year ended December 31, 2019.

Payment of Benefits. Benefits of the Plan are recorded when paid.

Expenses. Under the group annuity contract entered into with Transamerica Life Insurance Company (Transamerica), contract asset charges and fees for fiduciary services are assessed each month based on the actual combined balance of all pooled separate accounts and the Stable Value Core Account. These charges are presented as administrative fees in the statement of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies (Continued):

Certain expenses of maintaining the Plan that are paid directly by the Company and by revenue sharing with Transamerica are excluded from these financial statements. Certain fees charged by Transamerica are paid from forfeited accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

(3) Investment Contract with Insurance Company:

The Plan has entered into an investment contract with Transamerica. Transamerica maintains the Plan's assets as follows:

Pooled Separate Accounts - These accounts hold assets allocated to each separate account. The value of each separate account (24 accounts at December 31, 2019) is determined at the close of each business day based on fair value. These accounts are separate accounts (not part of Transamerica's general account (i.e., segregated)). Income, gains, or losses from the assets in each account are credited to or charged against that account without regard to other income gains, or losses of Transamerica or any other separate account.

Stable Value Core Account – The Stable Value Core Account is backed by the general account of Transamerica or Transamerica Financial Life Insurance Company (TFLIC). While Transamerica or TFLIC declares rates and backs the principal and interest of these investments choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although Plan participants generally may withdraw assets from the Stable Value Core Account without restrictions, Transamerica or TFLIC may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

The terms of the group annuity contract require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits, or restrictions. The occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

(3) Investment Contract with Insurance Company (Continued):

The Stable Value Core Account seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The Stable Value Core Account also has a portfolio investment rate design in which all deposits are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. The guaranteed rate of interest will not change during the six-month period for which it is effective. The average yield of the Stable Value Core Account based on actual earnings and interest credited to participants for the years ended December 31, 2019 and 2018 was .90% and .75%, respectively.

The Stable Value Core Account is considered to be fully benefit responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value for the Stable Value Core Account is the beginning balance plus any deposit and credited interest, less any withdrawals, charges, or expenses, which approximates fair value.

(4) Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No level 1 inputs were available to the Plan and there were no Plan assets requiring the use of level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

(4) Fair Value Measurements (Continued):

Pooled Separate Accounts

According to Transamerica, the pooled separate accounts are invested in investments such as mutual funds, equity securities, and fixed maturity securities. Transamerica owns the underlying investments in the separate accounts. The pooled separate accounts are valued at net asset value (NAV) which is based on underlying investments owned by the fund, minus liabilities, and then divided by the number of shares outstanding.

The redemption frequency of each of the pooled separate accounts is daily, and there are no redemption restrictions. The pooled separate accounts do not contain any unfunded commitments.

Stable Value Core Account

The Stable Value Core Account is valued at contract value and is based on its beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement which approximates fair value and is classified as a level 2 input.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value Measurement at Reporting Date Using:	
December 31, 2019	Level 2	Total
Stable Value Core Account	$ 62,226	$ 62,226
Pooled separate accounts measured at NAV *		2,578,751
Total investments at fair value	$ 62,226	$ 2,640,977

	Fair Value Measurement at Reporting Date Using:	
December 31, 2018	Level 2	Total
Stable Value Core Account	$ 49,017	$ 49,017
Pooled separate accounts measured at NAV *		1,827,454
Total investments at fair value	$ 49,017	$ 1,876,471

*Pooled separate accounts are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the Statements of Net Assets Available for Benefits.

(4) Fair Value Measurements (Continued):

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments.

(5) Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 2,749,623	$ 1,990,275
Refundable excess contributions payable	-	14,261
Net assets available for benefits per Schedule H to the Form 5500	$ 2,749,623	$ 2,004,536

The following is a reconciliation of change in net assets available for benefits per the financial statements to Form 5500:

	2019
Increase in net assets available for benefits per the financial statements	$ 759,348
Refundable excess contributions - 2018	(14,261)
Total income per Schedule H to the Form 5500	$ 745,087

(6) Reconciliation of Financial Statements to Schedule H of Form 5500 (Continued):

Refundable excess contributions which are shown as a liability at December 31, 2018 on the financial statements are shown as corrective distributions on the Form 5500 in the year they are paid which was in 2019.

(7) Tax Status:

Effective January 1, 2015, the Plan was restated when the Company adopted a Defined Contribution Prototype Plan and Trust sponsored by Barnard and Associates. The Internal Revenue Service has determined and informed Barnard and Associates by letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(8) Related-Party Transactions:

At December 31, 2019 and 2018, the Plan held units in various pooled separate accounts and the Stable Value Core Account of Transamerica, the Plan's custodian. Notes receivable from participants qualify as party-in-interest transactions. These transactions qualify as allowable party-in-interest transactions under the provisions of ERISA.

(9) Benefits Due to Terminated Participants:

Net assets available for benefits at December 31, 2019 and 2018 include $197,202 and $114,760 respectively, allocated to the accounts of persons as of or prior to that date who have withdrawn from participating in the operations of the Plan.

(10) Information Prepared and Certified by Custodian:

All investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest income on notes receivable from participants, and investment expenses for the year ended December 31, 2019 were obtained from data that has been prepared and certified to as complete and accurate by the custodian.

(11) Risks and Uncertainties:

The Plan, at the direction of the participants, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent Events:

Subsequent events were evaluated through September 24, 2020, which is the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. As a result of this pandemic, there has been substantial volatility in the global financial markets. As such, the Plan has experienced similar volatility in the fair value of the Plan's investments.

On March 27, 2020, in response to the COVID-19 pandemic, the U.S. Congress enacted the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which among other things, includes provisions that impact retirement plan rules for 2020. These provisions include the waiver of required minimum distributions, allowing qualified individuals who are impacted by the virus to withdraw up to $100,000 from their retirement accounts without penalty regardless of their age, and increasing participant loan limits from $50,000 to $100,000, while also increasing the eligible amount available to be borrowed from 50% to 100% of the participant's vested account balance. Plan management has elected to provide these CARES Act provisions in the Plan.
